He did so unbothered, for all the times he had come. Before that night. He pulled out an old locket and looked at it sadly and opened it, looking at the pictures inside it. They were his daughter and her husband. The father pulled a red rose from his inside coat pocket and lay the rose on the wet road. As the father knelt laying the rose there was a noise nearby on the road like a splash in the puddle, he looked up and saw a man with a gun trained on him.

The Assassin J Lance Erikson, 2020-12-14 A serial killer is terrorizing the San Francisco Peninsula. Each of his victims is male, in his late teens or early twenties, strong and muscular. Despite each victim's obvious size and

strength, none is apparently able to mount any defense to the vicious killings which leave each one with a crushed skull and a foreign object stuck into his right eye socket. Unable to apprehend the killer, or even to find an evidence trail to follow, the authorities engage the services of Doctor Barbara Dean, a psychologist and noted profiler, to help them define and focus their search. Because of the age of the victims and the fact that three were university students, Doctor Dean believes the killer is also a student attending one of the Bay Area colleges or universities. After a series of what appear to be random, opportunistic killings, Doctor Dean believes the killer is now focused on a particular target, most likely a fellow student. Seven young men are dead, viciously murdered. Can the serial killer be stopped before he kills the target he has now identified?

He also just so happens to be a dwarf. Mongo's friend and sensei, Veil Kendry, is pretty magnificent himself. A devoted martial arts instructor and extremely successful abstract artist, Veil single-handedly transformed his shady neighborhood in New York City's Lower East Side into a safe haven from crime and corruption. Determined to find his friend, Mongo attempts to rule out any enemies from Veil's past—details of which Veil has never shared with him. But as he uncovers the shocking truth of Veil's time in the Vietnam War—participating in dangerous CIA missions under the call sign “Archangel”—Mongo soon finds enemies aplenty, ones that will do anything to make sure the past remains a secret . . . In addition to creating “the most engaging detective in decades,” author George C. Chesbro introduces the character of Veil Kendry, who would go on to have his own series (Library Journal).
