Lancia 037 Peter Collins, 2008-03-15 The world of rallying was changed forever on January 1st 1982 with the introduction of the new Group B rules. These virtually gave manufacturers carte blanche to design the fastest car they could for world rally special stages, so long as they built at least 200 identical examples. This is the story of Lancia's mid-engined and supercharged rally. The reader is taken from initial thinking about the car and conception, through development to the full history of its rallying lifetime with the help of the car designer and chief engineer, Ing Sergio Limone. Featuring many of Limone's own photographs during development, and interviews with team members. Illustrated with 250 stunning and rare rally action photos.

Dream Wheels Chris Rees, 2000 From the sensational Chevrolet Corvette to the stream-lined Toyota Celica, here is the ultimate history of classic cars manufactured since 1975, plus those dream and futuristic cars that were marvels of car design but never made it into production. This comprehensive visual reference shows every important marque from A-Z, highlighting some of the most significant and beautiful cars of the century. Detailed descriptions, history and technical information accompany every entry, making this the most authoritative and comprehensive guide to the contemporary classic car. This book also highlights the world's dream cars that were built as showcases but were never actually mass-produced. From major design houses such as Bertone and Ghia, these cars are at the very cutting edge of car design: futuristic models that were deemed too daring, too brash or too expensive to make commercial sense, but which pay tribute to the imagination and drive of car designers today. With over 800 stunning images, this title is the definitive gallery of classic and dream cars and the decisive reference book for every enthusiast and lover of the automobile.

BMW E30 - 3 Series Restoration Bible Brendan Purcell, 2023-02-28 It is amazing to think that time has passed by and that the second BMW 3 Series has achieved such status that it warrants this special book on its 21st anniversary. Maybe it is due to the sheer longevity of its design, its ability to satisfy the keen driver or its iconic status - but, whatever it is, there is no doubt that the E30 is one car from the past that will stay with us into the future. It is a pending classic and prices for well kept models have started to escalate; furthermore, there is a core of well cared for cars out there requiring basic attention by their dedicated owners. As a result, there has never been a better time for a book of this sort. By focusing on the common faults which crop up repeatedly and by giving detailed, simple instructions regarding repairs, this book will be uniquely invaluable for owners who wish to try their hand at their own maintenance, especially those who may previously have been prevented from doing so by a lack of technical know-how or specific knowledge.

The Long Ride from Singapore Dr. Philip Iau, 2017-08-15 A compellingly-narrated, thrillingly-portrayed account account of an epic motorcycle journey taken in 2014 from Singapore to Sweden over 100 days. Philip's aim to increase breast cancer awareness makes it more than the run-of-the-

mill adventure holiday, but a ride with a cause. Written as an internal monologue, much in keeping with long motorcycle rides where hours are spent alone in a helmet with one's thoughts, this chronicle runs through 17 countries and the entire sweep of the Silk Road. The motorcycles give the author an immediate access to different peoples and cultures, with a unique chance to meet breast cancer patients across different Asian countries. Time pressures in order to meet collaborators leads to mental collapse and near failure. As he falters from a mental breakdown and perseveres, it makes this journey more about cancer survival than ever intended.

This book celebrates that important milestone and paints an exhaustively detailed picture of the people and personalities who have shaped this great sport. The Complete Book of the World Rally Champions provides a biographical account of the 65 men who have won at least one World Championship Rally since 1973. The biographies are compiled by the sport's leading writers and historians and complemented by stunning photography. The book includes a detailed and accurate statistical career record of each driver, plus highlights of all the significant cars.

Round the Bend Jeremy Clarkson, 2011-10-13 Jeremy Clarkson gets really riled in Round the Bend What's it like to drive a car that's actively trying to kill you? This and many other burning questions trouble Jeremy Clarkson as he sets out to explore the world from the safety of four wheels. Avoiding the legions of power-crazed traffic wombles attempting to block highway and byway, he: • Shows how the world of performance cars may be likened to Battersea Dogs' Home • Reveals why St Moritz may be the most bonkers town in all of the world • Reminds us that Switzerland is so afraid of snow that any flakes falling on the road are immediately arrested • Argues that washing a car is a waste of time Funny, globe-trotting, irreverent and sometimes downright rude, Round the Bend is packed with curious and fascinating but otherwise hopelessly useless stories and facts about everything under the sun (and just occasionally cars). It's Jeremy Clarkson at his brilliant best. Round the Bend is a collection of Jeremy's motoring journalism from his column in the Sunday Times. Praise for Jeremy Clarkson: 'Brilliant . . . laugh-out-loud' Daily Telegraph 'Outrageously funny . . . will have you in stitches' Time Out Number-one bestseller Jeremy Clarkson writes on cars, current affairs and anything else that annoys him in his sharp and funny collections. Born To Be Riled, Clarkson On Cars, Don't Stop Me Now, Driven To Distraction, Motorworld, and I Know You Got Soul are also available as Penguin paperbacks; the Penguin App iClarkson: The Book of Cars can be downloaded on the App Store. Jeremy Clarkson because his writing career on the Rotherham Advertiser. Since then he has written for the Sun and the Sunday Times. Today he is the tallest person working in British television, and is the presenter of the hugely popular Top Gear.
