The Buntline Special Mike Resnick, 2010-12-10 Welcome to a West like you've never seen before, where electric lights shine down on the streets of Tombstone, while horseless stagecoaches carry passengers to and fro, and where death is no obstacle to The Thing That Was Once Johnny Ringo. Think you know the story of the O.K. Corral? Think again, as five-time Hugo winner Mike Resnick takes on his first steampunk western tale, and the West will never be the same.

Oh My Gods Philip Freeman, 2012-01-03 The author, a professor of classics and visiting scholar at the Harvard Divinity school presents modern interpretations of traditional Greek and Roman myths that render classic themes accessible to a new generation of readers. Here he retells some of the most popular myths and tales of errant gods, fantastic creatures, and human heroes, including powerful Zeus, his wife Hera, Apollo, beautiful Aphrodite, fierce Athena, the dauntless heroes Theseus and Hercules, the doomed lovers Orpheus and Eurydice, as well as the tales of the Argonauts, and the narrative of the Battle of Troy. These Greek and Roman myths are as relevant today

as ever in their sharp observations about human nature; they still inspire awe, give us courage, and break our hearts. They have inspired plays, operas, and paintings, and live on today in movies and video games. -- From back cover.

Welcome to the birth of American paleontology, spearheaded by two brilliant men, Edward Drinker Cope and Othniel Charles Marsh, two men whose genius is only exceeded by their hatred for each other's guts. With its military and intelligence agencies spread thin, the United States constantly calls upon the services of these organizations-- and Strategic Solutions, Inc. is among the best. After a few bloody and unprofitable contracts, SSI is faced with a financial crisis. Forced to take contracts from less than reputable clients, the upper management and field agents find themselves in a labor dispute. When the Israeli government offers SSI an opportunity to help Druze militias in southern Lebanon fend off encroachment by Hezbollah, they know it's a fragile situation. If the truth were known, the international outcry against Israel would be deafening. Forced to work with a government whose ultimate motives are unclear, SSI takes the job and descends into a shadowy

no-man's-land of tangled alliances and hostilities. Meanwhile, Hezbollah elements are planning their most audacious strike yet, assembling teams to detonate suitcase nukes in contested areas of Lebanon, hoping to destabilize the entire country. Caught between two elements of an age-old conflict, the battles the SSI fights may be a diversion... The Sacred & the Digital F.G. (Frank)
Bosman, 2019-04-18 Video game studies are a relative young but flourishing academic discipline. But within game studies, however, the perspective of religion and spirituality is rather neglected, both by game scholars and religion scholars. While religion can take different shapes in digital games, ranging from material and referential to reflexive and ritual, it is not necessarily true that game developers depict their in-game religions in a positive, confirming way, but ever so often games approach the topic critically and

disavowingly. The religion criticisms found in video games can be categorized as follows: religion as (1) fraud, aimed to manipulate the uneducated, as (2) blind obedience towards an invisible but ultimately non-existing deity/ies, as (3) violence against those who do not share the same set of religious rules, as (4) madness, a deranged alternative for logical reasoning, and as (5) suppression in the hands of the powerful elite to dominate and subdue the masses into submission and obedience. The critical depictions of religion in video games by their developers is the focus of this special issue.

How Are We to Live? Peter Singer, 2010-03-19 Many people have an uneasy feeling that they may be missing out on something basic that would give their lives a significance it currently lacks. But how should we live? What is there to stop us behaving selfishly? In this account, which makes reference to a wide variety of sources and everyday issues, Peter Singer suggests that the conventional pursuit of self-interest is individually and collectively self-defeating. Taking into consideration the beliefs of Jesus, Kant, Rousseau, and Adam Smith amongst others, he looks at a number of different cultures, including America, Japan, and the Aborigines to assess whether or not selfishness is in our genes and how we may find greater satisfaction in an ethical lifestyle.

Red Tithe Robbie MacNiven, 2017-07-25 The most brutal of Space Marines, the Carcharodons Astra, battle the Night Lords for control of the prison world of Zartak. On the prison world of Zartak, darkness has fallen on arbitrators and inmates alike. The Night Lords have come, and with them the shadow of fear and pain. But they are not the only ones with an interest in Zartak. From the void, running on silent, another fleet emerges. Its warriors are grey-clad and white-faced, and their eyes are as black as the Outer Dark – the savage Carcharodon Astra. As these two packs of ancient, merciless predators stalk the shadows of the prison colony, both seeking a single young inmate with unnatural talents, the corridors run red with blood, and both factions will have to fight tooth and claw to leave Zartak alive.

Empire in Black and Gold Adrian Tchaikovsky, 2010-06-28 The city states of the Lowlands have lived in peace for decades, bastions of civilization, prosperity and sophistication, protected by treaties, trade and a belief in the reasonable nature of their neighbors. But meanwhile, in far-off corners, the Wasp Empire has been devouring city after city with its highly trained armies, its machines, it killing Art . . . And now its hunger for conquest and war has become insatiable. Only the aging Stenwold Maker, spymaster, artificer and statesman, can see that the long days of peace are over. It falls upon his shoulders to open the eyes of his people, before a black-and-gold tide sweeps down over the Lowlands and burns away everything in its path. But first he must stop himself from becoming the Empire's latest victim.

The Master of Mankind Aaron Dembski-

Bowden,2018-06-26 As war splits the galaxy, the Emperor toils in the vaults beneath the Imperial Palace. But his great work is in peril, and the forces of Chaos are closing in...

While Horus' rebellion burns across the galaxy, a very different kind of war rages beneath the Imperial Palace. The 'Ten Thousand' Custodian Guard, along with the Sisters of Silence and the Mechanicum forces of Fabricator General Kane, fight to control the nexus points of the ancient eldar webway that lie closest to Terra, infested by daemoniac entities after Magnus the Red's intrusion. But with traitor legionaries and corrupted Battle Titans now counted among the forces of Chaos, the noose around the Throneworld is tightening, and none but the Emperor Himself can hope to prevail.

Legion of the Damned Rob Sanders,2012-03-27 The Excoriators seem powerless to protect the small cemetery world of Certus Minor from the berserk World Eaters, but their salvation soon comes from a wholly unexpected quarter... Following the trajectory of a blood-red comet, the berserk World Eaters blaze a path of destruction across the galaxy in its wake. The small cemetery world of Certus Minor appeals to the Space Marines of the Excoriators Chapter for protection, but the force dispatched to deal with this grim threat is far too small and their losses against the renegades are high. Just as all seems lost, salvation is borne out of legend itself as sinister spectral warriors descend

upon this planet of the dead, and the enemies of the Imperium come face to face with those who have already travelled beyond the realm of the living...
