The Big Door Prize M. O. Walsh,2021-08-31 DON'T MISS THE SERIES STREAMING ON APPLE TV+ STARTING MARCH 29th! The New York Times bestselling author of *My Sunshine* Away returns with a gripping and heartfelt novel about a mysterious machine that upends a small Louisiana town, asking us all to wonder if who we truly are is who we truly could be. What would you do if you knew your life's potential? That's the question facing the residents of Deerfield, Louisiana, when the DNAMIX machine appears in their local grocery store. It's nothing to look at, really—it resembles a plain photo booth. But its promise is amazing: With just a quick swab of your cheek and two dollars, the device claims to use the science of DNA to tell you your life's potential. With enough credibility to make the townspeople curious, soon the former teachers, nurses, and shopkeepers of Deerfield are abruptly changing course to

pursue their destinies as magicians, cowboys, and athletes—including the novel's main characters, Douglas Hubbard and his wife, Cherilyn, who both believed they were perfectly happy until they realized they could dream for more.... Written with linguistic grace and a sense of wonder, *The Big Door Prize* sparkles with keen observations about what it might mean to stay true to oneself while honoring the bonds of marriage, friendship, and community, and how the glimmer of possibility can pull these bonds apart, bring them back together, and make second chances possible, even under the strangest of circumstances.

Narratives in Silius Italicus' Punica Pieter Van Den Broek,2023-11-13 This study investigates the role of embedded narratives in Silius Italicus' *Punica*, an epic from the late first century AD on the Second Punic War (218–202 BC). At first sight, these narratives seem to be loosely 'embedded' in the epic, having their own plot and being situated in a different time or place than the main narrative. A closer look reveals, however, that they foreshadow or recall elements that are found elsewhere in the epic. In this way, they serve as 'mirrors' of the main narrative. The larger part of this book consists of four detailed case studies.
