Twice a year, it funds dozens of just-founded startups and provides three months of guidance from Paul Graham, YC's impresario, and his partners. Receiving an offer from YC creates the opportunity of a lifetime. Acclaimed journalist Randall Stross was granted unprecedented access to Y Combinator, enabling a unique inside tour of the world of software startups. The Asperkid's Launch Pad is a visually-led guide to preparing a home environment that supports the development of children with Asperger syndrome. Award-winning author Jennifer O'Toole gives readers a walk-through tour of the home, showing, room by room, how physical surroundings affect Asperkids and highlighting the learning opportunities in every space and object. Beautifully presented with color photographs throughout, this functional and fun book will win a place in the homes and hearts of all parents of children with Asperger syndrome.

Launch Pad UK Jim Wilson,2009-04-20 For most British people the weekend of 27/28 October 1962 could so very easily have been their last weekend on earth, yet astonishingly the fact that Britain's nuclear deterrent forces went to an unprecedented level of readiness was kept secret from the public. Thor nuclear-tipped ballistic missiles stood on a round-the-clock wartime state of alert ready to be fired, these were the 'other' missiles of the Cuban Missile Crisis, which made Britain, in effect, America's launch pad. During the height of the crisis both RAF Bomber Command and the US Strategic Air Command were poised at the highest states of readiness. Both were ordered to a level of war readiness unparalleled throughout the whole of the forty years of Cold War. There is evidence to suggest that had the US needed to launch an air strike against Russian missiles in Cuba, President Kennedy might have been willing to absorb a Soviet nuclear assault on a NATO ally without retaliation, if it would have avoided escalation to World War Three. It is sobering to those who lived through that period that, the British Ambassador to Cuba commented: 'If it was a nuclear war we were headed for, Cuba was perhaps a better place to be than Britain!'
