Legendary Rome Jennifer A. Rea, 2013-11-20 *Legendary Rome* is the first book to offer a comparative treatment of the reinvention of Rome's origins in the poetry of Vergil, Tibullus and Propertius. It also examines the impact that the changing topography of Rome, as orchestrated by the emperor Augustus, had on those poets' renditions of Rome's legendary past. When the poets explore the significance of Augustus' reconstruction of the Palatine and Capitoline hills, they create new meaning and memories for the story of Rome's legendary foundations. As the tradition of Rome's mythic and legendary origins evolves through each poetic revision, the past transforms and is reinvented anew. The exploration of what constitutes a civilised landscape for each poet leads to significant conclusions about the dynamic and evolving nature of shared public memories. Written when Rome was in the process of defining a new, post-war identity, the poems studied here capture the growing tension between community and individual development, the restoration of peace versus expansion through military means, and stability and change within the city.

Legendary Hawai'i and the Politics of Place Cristina Bacchilega, 2011-06-03 Hawaiian legends figure greatly in the image of tropical paradise that has come to represent Hawai'i in popular imagination. But what are we buying into when we read these stories as texts in English-language translations? Cristina Bacchilega poses this question in her examination of the way these stories have been adapted to produce a legendary Hawai'i primarily for non-Hawaiian readers or other audiences. With an understanding of tradition that foregrounds history and change, Bacchilega examines how, following the 1898 annexation of Hawai'i by the United States, the publication of Hawaiian legends in English delegitimized indigenous narratives and traditions and at the same time constructed them as representative of Hawaiian culture. Hawaiian mo'olelo were translated in popular and scholarly English-language publications to market a new cultural product: a space constructed primarily for Euro-Americans as something simultaneously exotic and primitive and beautiful and welcoming. To analyze this representation of Hawaiian traditions, place, and genre, Bacchilega focuses on translation across languages, cultures, and media; on photography, as the technology that contributed to the visual formation of a westernized image of Hawai'i; and on tourism as determining postannexation economic and ideological machinery. In a book with interdisciplinary appeal, Bacchilega demonstrates both how the myth of legendary Hawai'i emerged and how this vision can be unmade and reimaged.

Legendary Locals of Princeton Richard D. Smith, 2014-01-06 Princeton grew along a Leni Lenape Indian trail that was widened in the 1700s and eventually became part of the King's Highway through New Jersey. Right from its beginning, Princeton's history has been truly American. So have its inhabitants, both great and humble. George Washington won a crucial victory here and returned when Princeton was briefly de facto capital of the fledgling United States. George Gallup pioneered modern opinion polling here. Albert Einstein and other European refugees transformed the region scientifically and intellectually. Internationally famous actors and musicians, including Paul Robeson, Bebe Neuwirth, Mary Chapin Carpenter, and Ethan Hawke, have called Princeton home. Resident writers have ranged from Sinclair Lewis to Peter Benchley. Locally beloved were small business persons such as country store owner Mary Watts and public servants like mayor and unabashed cancer battler Barbara Boggs Sigmund. And among the good and great have been a few real rogues. They are all part of Princeton's colorful saga.
