The World of Shannara Terry Brooks,Teresa Patterson,2011-02-09 The beloved Shannara series by #1 New York Times bestselling author Terry Brooks is universally acclaimed as a towering achievement, an unquestioned masterpiece in fantasy literature. Now, for the first time, all the wonders of Shannara have been gathered into one single, indispensable volume in which Terry Brooks shares candid views on his creation. Lavishly illustrated with full-color paintings and black-and-white drawings, this comprehensive guide ventures behind the scenes to explore the history, the people, the places, the major events, and of course the magic, of one of the world's greatest fantasy epics. What sets Terry Brooks apart? Is it a knack for creating complex, unforgettable characters like Allanon the Druid, Shea Ohmsford, and Amberle the elven-maid-men and women, gnomes and wizards, who come alive on the page and in our hearts? Is it the haunting and utterly believable evil of his darker creations: the foul Dagda Mor, the insanely murderous Jachyra, the enigmatic Ilse Witch? Or is it the way his adventures effortlessly partake of the timeless quality of myth? Whatever the secret of Brooks's storytelling magic, generations of readers have fallen under its spell, returning again and again to the pages of beloved classics like *The Elfstones of Shannara* and *The Druid of Shannara*, and relishing his newest novels in the *Voyage of the Jerle Shannara* saga. The Enduring Revolution Major Garrett,2005-02-01 To most observers—including many conservatives—the so-called Republican Revolution of 1994 was anything but revolutionary, and the Contract with America that propelled the GOP into power was just a gimmick. But in *The Enduring Revolution*, Fox News national reporter Major Garrett turns this conventional wisdom on its head, revealing how the Contract with America and the Republican Revolution have changed our lives in startling ways. The Republicans have fundamentally altered our approach to taxes, national defense, terrorism, welfare, entitlements, health care, education, abortion, gun control, and crime, among other issues. Quite simply, America is a vastly different place after the Contract than it was before it. If you think the 2004 elections reflected a political realignment in this country, think again. That realignment occurred a decade earlier; the Republicans' victory in 1994 made George W. Bush's election and reelection possible. Based on exclusive interviews with more than fifty key players from both sides of the aisle, and complete with more than thirty pages of crucial, previously unpublished confidential documents, *The Enduring Revolution* offers the dramatic behind-the-scenes story of how the Contract with America came into being and how this one document has defined American politics for a decade. Garrett's exhaustive research and remarkable access enable him to tell a story that will surprise even the most seasoned political observers. In *The Enduring Revolution*, you'll learn: •How George W. Bush and John Kerry built much of their 2004 presidential campaigns around the Contract with America •How conservatives angered by the recent growth of the federal government have overlooked critical Republican victories on spending •How Bill Clinton's supposed great achievements, welfare reform and a balanced budget, resulted directly from the Contract with America—and actually reflected his weakness as a leader •How the Republican majority made the 2003 Iraq invasion possible years before our military campaign began •How our intelligence community's problems in the War on Terror would have been much worse had there been no Republican Revolution Undeniably, Republican leaders from Newt Gingrich to Dennis Hastert have made critical mistakes—and Garrett provides the inside story on how and why those failures occurred. But he also reveals how the usual focus on setbacks ignores the jaw-dropping changes the Contract with America has produced. *The Enduring Revolution* is a stunning reassessment of a crucial but misunderstood episode in our political history.

The Gypsy Morph Terry Brooks,2008-08-26 BONUS: This edition contains an excerpt from Terry Brooks's *The Measure of the Magic*. Terry Brooks won instant acclaim with his phenomenal New York Times bestseller *The Sword of Shannara*. Its sequels earned Brooks legendary status. Then his darkly enthralling *The Word and the Void* trilogy revealed new depths and vistas to his mastery of epic fantasy. *Armageddon's Children* and *The Elves of Cintra* took Brooks's remarkable mythos to a breathtaking new

level by delving deep into the history of Shannara. And now, The Gypsy Morph rounds out—with an adventure of unforgettably imaginative scope—the first phase of a new chapter in this classic series. Eighty years into the future, the United States is a no-man’s-land: its landscape blighted by chemical warfare, pollution, and plague; its government collapsed; its citizens adrift, desperate, fighting to stay alive. In fortified compounds, survivors hold the line against wandering predators, rogue militias, and hideous mutations spawned from the toxic environment, while against them all stands an enemy neither mortal nor merciful: demons and their minions bent on slaughtering and subjugating the last of humankind. But from around the country, allies of good unite to challenge the rampaging evil. Logan Tom, wielding the magic staff of a Knight of the Word, has a promise to keep—protecting the world’s only hope of salvation—and a score to settle with the demon that massacred his family. Angel Perez, Logan’s fellow Knight, has risked her life to aid the elvish race, whose peaceful, hidden realm is marked for extermination by the forces of the Void. Kirisin Belloruus, a young elf entrusted with an ancient magic, must deliver his entire civilization from a monstrous army. And Hawk, the rootless boy who is nothing less than destiny’s instrument, must lead the last of humanity to a latter-day promised land before the final darkness falls. The Gypsy Morph is an epic saga of a world in flux as the mortal realm yields to a magical one; as the champions of the Word and the Void clash for the last time to decide what will be and what must cease; and as, from the remnants of a doomed age, something altogether extraordinary rises.
