American Warrior Gary O'Neal,David Fisher,2013-05-14 The epic story of one of America's greatest soldiers, Ranger Hall of Fame member Gary O'Neal, who served his country for forty years Chief Warrant Officer Gary O'Neal is no ordinary soldier. For nearly forty years, he has fought America's enemies, becoming one of the greatest Warriors this nation has ever known. Part Native American, O'Neal was trained in both military combat and the ways of his native people, combining his commitment to freedom with his respect for the enemy, his technical fighting skills with his fierce warrior spirit. From his first tour in Vietnam at seventeen to fighting in both Gulf wars, O'Neal was nothing less than a super soldier. A minefield of aggression bordering on a justice-seeking vigilante, O'Neal kept fighting even when wounded, refusing to surrender in the face of nine serious injuries and being left more than once. O'Neal earned countless military honors as a member of the elite Army Rangers corps, a founding member of the legendary first Department of Defense antiterrorist team, a member of the Golden Knights Parachuting Team, and more, devoting his life to training the next generation of soldiers. His unbelievable true stories are both shocking and moving, a reminder of what it means to be a true American hero. In O'Neal's own words, he wasn't born a warrior—life made him one. American Warrior will serve as inspiration for American men and women in uniform today, as well as appeal to the countless veterans who served their country alongside O'Neal.

The Legend of Zelda. The History of a Legendary Saga Vol. 2 Valérie Précigout,2019-02-19 Continue the discovery of the famous game The Legend of Zelda! Featuring in the pantheon of video games, the Breath of the Wild episode of the mythical Zelda saga is fully covered in this new book. Following the first Chronicle volume of a legendary saga, this second part focuses exclusively on the episode Breath of the Wild, decrypting its references, its game system and the inspiration of its developers! EXTRACT Starting production on a title that sought to radically redefine the core elements of a franchise as iconic as The Legend of Zelda involved a certain amount of risk for Nintendo. To fully understand the situation, we feel it is essential to start by determining what was really at stake in this challenging effort by looking at the many promises that The Legend of Zelda: Breath of the Wild carried with it from the earliest announcement of its development until the moment it was released. With this perspective in mind, we will first step back in time to examine any clues potentially found in other recent installments of the franchise as to the creators’ desire to rethink the game’s most basic conventions. We will then consider what fans were expecting from this attempt to go back to basics and revive the ambitions of the original Legend of Zelda. We will also look at Nintendo’s communications strategy by way of the trailers and other official presentations that were used to introduce the game, and consider the credibility of Breath of the Wild’s claim to innovation in its approach to the open world genre. Of course, we will also focus considerable attention on director Hidemaro Fujibayashi’s history with the series, and listen to the development team’s thoughts as we attempt to better understand the origins of this latest Zelda game. We then close the chapter with a look at initial reactions from fans and video game journalists when the game was first released on March 3, 2017. ABOUT THE AUTHOR Better known by her pseudonym Romendil, Valérie Précigout spent 15 years as a journalist for Jeuxvideo.com, Europe’s largest video game website. A fan of Japanese RPGs, she managed to establish herself as an online critic when the Internet was still struggling to keep up with print media. She loves manga culture and Japanese leisure activities and shares her impressions about video-gaming news at Extralife.fr. She is also the author of Dragon Ball: The Tribute, from the Force label at Third Éditions, and contributes articles to the Level Up book series from the same publisher.

Grant Morrison's 18 Days Vol. 2 Grant Morrison,Sharad Devarajan,Gotham Chopra,Samit Basu,Ashwin Pande,2016-06-01 From legendary creator Grant Morrison (All Star Superman, Batman & Robin, The Invisibles) comes the second volume in his epic creation, as the battle between two armies of super warriors plays out on the battlefield as we flashback to see the events that brought people to the war. 18 Days is the story of three generations of super-warriors, meeting for the final battle of their age, a climactic war that concludes the age of the gods and begins the age of man. Collecting the first story arc from the series. This is not a Lord of the Rings or a Star Wars where the good guys win because they are right. The good guys in 18 Days are forced to cheat and lie and break rules to win. Although it has fantastic, mythic trappings, this is a very modern story of realpolitik and the failure of ideals in the face of harsh truth. - Grant Morrison
