Linking K-2 Literacy and the Common Core Connie Campbell Dierking,2014-06-01 The skills and strategies students practice to become proficient writers also nudge them closer to becoming proficient readers, so how can K-2 teachers connect reading and writing instruction in meaningful ways that allow students to go deeper in their thinking? This revised second edition provides tips, tools, and mini-lessons for integrating reading, writing, and speaking and listening. Each operational, print awareness, craft,

and foundational writing mini-lesson identifies the connecting point to reading and speaking and listening with Target Skills” that can and should be revisited and reinforced during your reading block and any content area. By design, these books are not printable from a reading device. To request a PDF of the reproducible pages, please contact customer service at 1-888-262-6135.

2 Timothy and Titus Aida Besancon Spencer, 2014-05-16 A thorough and insightful commentary on Paul's letter to his coworker Timothy, which the apostle wrote before and during Nero's persecution. Spencer carefully examines each part of the letter and relates it to the overall flow of the argument and in light of the larger biblical, historical, social, and cultural contexts. How Paul's writing related to the ancient communities is highlighted in the light of original data gleaned from her explorations on location in Crete, Ephesus, and Rome. In addition, Paul's rhetorical and ministry strategies, especially as they relate to women and their role in the church, are explored. Throughout, Spencer presents an in-depth exegesis in a readable format enhanced by forty years of ministry.

Personal Memoirs of U. S. Grant Volume 1 of 2 Ulysses S.

Grant, 1998-05 Born in 1822, Grant was the son of an Ohio tanner. He went to West Point reluctantly and graduated in the middle of his class. At the outbreak of the Civil War, Grant was appointed by the governor to command an unruly volunteer regiment, quickly rising to the rank of brigadier general of volunteers. In February 1862, he took Fort Henry and attacked Fort Donelson. When the Confederate commander asked for terms, Grant replied, 'No terms except an unconditional and immediate surrender can be accepted.' The Confederates surrendered, and President Lincoln promoted Grant to major general of volunteers. At Shiloh in April, Grant fought one of the bloodiest battles in the West and came out less well. Lincoln fended off demands for his removal by saying, 'I can't spare this man; he fights.' For his next major objective, Grant then maneuvered and fought skillfully to win Vicksburg, the key city

on the Mississippi, cutting the Confederacy in two. Then he broke the Confederate hold on Chattanooga. Lincoln appointed him General-in-Chief in March 1864. Grant directed Sherman to drive through the South while he himself, with the Army of the Potomac, pinned down General Robert E. Lee's Army of Northern Virginia. Finally, on April 9, 1865, at Appomattox Court House, Lee surrendered. Grant wrote out magnanimous terms of surrender that would prevent treason trials. As President, Grant presided over the Government much as he had run the Army. Indeed he brought part of his Army staff to the White House. After retiring from the Presidency, Grant became a partner in a financial firm, which went bankrupt. About that time he learned that he had cancer of the throat. He started writing his recollections to pay off his debts and provide for his family, racing against death to produce these Memoirs. Soon after completing the last page, in 1885, he died.

is a series of six guide books (Primary 1 to Primary 6) designed to help students understand basic primary mathematical concepts. This series of books covers every topic in each level. Examples are carefully selected based on the latest syllabus and solutions are explained in detail using simple English that can be easily understood by students. This series of books also provides some useful tips or ‘short-cuts’ that help students solve mathematical sums with speed and accuracy. Students can therefore refer to this book to learn simple and practical ways of solving mathematical problems, enabling them to become effective and efficient problem solvers.

Classroom Connections, Grade 2 Thinking Kids, Carson-Dellosa Publishing, 2015-05-04 Classroom Connections brings math, language arts, and science together around a common skill. This book for second graders covers nouns, verbs, adjectives, vowel sounds, context clues, commas, place value, addition, subtraction, skip counting, money, and measurement. --The Classroom Connections series provides math, language arts, and science practice for children in kindergarten to grade 3. Each page ties three subject areas together around a common skill, giving children a fresh way to look at important concepts. Children are also

provided with extension activities, tips, and hints related to each skill to encourage additional learning and real-world application.

Daily Learning Drills, Grade 2 Brighter Child,2014-02-03 Daily Learning Drills provides complete daily practice for essential second grade skills. Topics include plurals, punctuation, fact and opinion, place value, measurement, temperature, geography, and many more. Daily Learning Drills provides complete daily practice for essential school skills. Learning activities support the Common Core State Standards and cover English language arts and reading, math, science, and social studies. A review section reinforces skills for each subject area. With Daily Learning Drills, students will find the skills and practice they need for school success.

Literature 1976, Part 2 S. Böhme,Ute Esser,Professor Dr. Walter Fricke,U. Güntzel-Lingner,I. Heinrich,D. Krahn,Dr. Lutz D. Schmadel,G. Zech,2013-04-18 Astronomy and Astrophysics Abstracts, which has appeared in semi-annual volumes since 1969, is devoted to the recording, summarizing and indexing of astronomical publications throughout the world. It is prepared under the auspices of the International Astronomical Union (according to a resolution adopted at the 14th General Assembly in 1970).

Astronomy and Astrophysics Abstracts aims to present a comprehensive documentation of literature in all fields of astronomy and astrophysics. Every effort will be made to ensure that the average time interval between the date of receipt of the original literature and publication of the abstracts will not exceed eight months. This time interval is near to that achieved by monthly abstracting journals, compared to which our system of accumulating abstracts for about six months offers the advantage of greater convenience for the user. Volume 18 contains literature published in 1976 and received before March 1, 1977; some older literature which was received late and which is not recorded in earlier volumes is also included.
