**The Paranoid Style in American Politics** Richard Hofstadter,2008-06-10 This timely reissue of Richard Hofstadter's classic work on the fringe groups that influence American electoral politics offers an invaluable perspective on contemporary domestic affairs.In The Paranoid Style in American Politics, acclaimed historian Richard Hofstadter examines the competing forces in American political discourse and how fringe groups can influence — and derail — the larger agendas of a political party. He investigates the politics of the irrational, shedding light on how the behavior of individuals

can seem out of proportion with actual political issues, and how such behavior impacts larger groups. With such other classic essays as “Free Silver and the Mind of 'Coin' Harvey” and “What Happened to the Antitrust Movement?”, “The Paranoid Style in American Politics” remains both a seminal text of political history and a vital analysis of the ways in which political groups function in the United States.

**Masculinities in the US Hangout Sitcom** Greg Wolfman, 2023-08-25 *Masculinities in the US Hangout Sitcom* examines how four sitcoms – *Friends*, *How I Met Your Mother*, *The Big Bang Theory*, and *New Girl* – mediate the tense relationship between neoliberalism and masculinities. Why is Ross in *Friends* so worried about everything? This book argues that the men in *Friends* and similar shows that follow young, straight, mostly white twentysomethings in major US cities are beset by a range of social and economic concerns about their place in society. Using multiple methods of analysis to examine these shows – including conjunctural analysis, historiographical method, and critical discourse analysis – a range of topics in these shows are examined, from sexuality through to homosociality, from race through to nationality. This book makes an insightful contribution to work on the television sitcom and on neoliberalism in culture and society. It will be an ideal resource for upper-level undergraduates, post-graduates, and researchers in a range of disciplines including television and screen studies, critical studies on men and masculinities and humor studies.
