

Leviathan

Paul Auster

Leviathan Thomas Hobbes,2002-04-17 Hobbes' classic work has set the tone for the course of political philosophy through to our own day. This new Broadview edition includes the full text of the 1651 edition, together with a wide variety of background documents that help set the work in context. Also included are an introduction, explanatory notes, and a chronology.

Leviathan Thomas Hobbes,2009-06-01 Thomas Hobbes' *Leviathan*, from 1651, is one of the first and most influential arguments towards social contract. Written in the midst of the English Civil War, it concerns the structure of government and society and argues for strong central governance and the rule of an absolute sovereign as the way to avoid civil war and chaos.

Leviathan Eric Jay Dolin,2007 This absorbing history demonstrates that few things capture the sheer danger and desperation of men on the deep sea as dramatically as whaling. Dolin provides rich and often fantastic accounts of the men themselves. 32 pages of illustrations.

The Book of Leviathan Peter Blegvad,2008-06-24 *Leviathan* is an infant with a blank face who lives in the surreal world of babies along with his stuffed rabbit and pet cat.

Leviathan Scott Westerfeld,2009-10-06 The first novel in a masterful trilogy by #1 New York Times bestselling author Scott Westerfeld that *School Library Journal* hailed is sure to become a classic. It is the cusp of World War I. The Austro-Hungarians and Germans have their Clankers, steam-driven iron machines loaded with guns and ammunition. The British Darwinists employ genetically fabricated animals as their weaponry. Their *Leviathan* is a whale airship, and the most masterful beast in the British fleet. Aleksandar Ferdinand, a Clanker, and Deryn Sharp, a Darwinist, are on opposite sides of the war. But their paths cross in the most unexpected way, taking them both aboard the *Leviathan* on a fantastical, around-the-world adventure....One that will change both their lives forever.

Leviathan James Byron Huggins,2019-07-10 With the creation of an unholy beast comes the end of the world in this diabolical thriller from the international bestselling author of *Crux* and *Hunter*. On an Icelandic Island, an illegal experiment intended to create the perfect biological weapon has transformed a once-innocent creature into the biblical *Leviathan* that once terrorized the world. Able to shatter steel and granite as easily as it can melt the strongest containment shields, *Leviathan* escapes from its pen and is loose in a vast underground chamber harboring soldiers and scientists. The installation cannot allow *Leviathan* to reach the surface. For if *Leviathan* reaches the world, it could well be the end of the Earth. They must hold the line, here, and destroy it . . . even if they must detonate a last-chance nuclear failsafe built into the chamber itself. But, first, they must fight with every weapon at their disposal to discover if the beast can be killed at all. It is a battle many will not survive. As soldiers and scientists are vaporized by *Leviathan*'s hellish flame, or ripped apart by the dragon's claws and fangs, a lone electrical engineer is forced to join the fight. And in the midst of what might well be the last battle for Mankind, Connor must find a way—any way—to save his family and kill this powerful, bloodthirsty Beast of Legend that has never been killed before. Before it feasts upon the world. Praise for James Byron Huggins "Huggins writes like a man possessed."—Steve Jackson, New York Times bestselling author "May be the thriller of the year."—BookPage on *Cain* "Pure entertainment."—Publishers Weekly on *Hunter*

Piercing Leviathan Eric Ortlund,2021-09-21 Biblical Foundations Book Awards Finalist One of the most challenging passages in the Old Testament book of Job comes in the Lord's second speech (40-41). The characters and the reader have waited a long time for the Lord to speak—only to read what is traditionally interpreted as a long description of a hippopotamus and crocodile (*Behemoth* and *Leviathan*). The stakes are very high: is God right to run the world in such a way that allows such terrible suffering for one of his most loyal servants? Is Job right to keep trusting God in the midst of much criticism? But it is difficult for modern readers to avoid a sense of frustrating anticlimax as the book ends. Eric Ortlund argues that *Behemoth* and *Leviathan* are better understood as symbols of cosmic chaos and evil—that a supernatural interpretation fits better exegetically within the book of Job and within Job's ancient Middle Eastern context. It also helps modern readers to appreciate the satisfying climax the narrator intended for the book: in describing *Behemoth* and *Leviathan*, God is

directly engaging with Job's complaint about divine justice, implying to Job that he understands the evil at loose in his creation better than Job does, is in control of it, and will one day destroy it. In this New Studies in Biblical Theology volume, Ortlund considers different interpretations of the Lord's second speech and their potential exegetical and pastoral weaknesses. He shows how a supernatural interpretation of Behemoth and Leviathan puts modern readers in a position to appreciate the reward of Job's faith (and ours) as we endure in trusting God while living in an unredeemed creation. Addressing key issues in biblical theology, the works comprising New Studies in Biblical Theology are creative attempts to help Christians better understand their Bibles. The NSBT series is edited by D. A. Carson, aiming to simultaneously instruct and to edify, to interact with current scholarship and to point the way ahead.

Leviathan, Or, The Whale Philip Hoare, 2009 All his life, Philip Hoare has been obsessed by whales, from the gigantic skeletons in London's Natural History Museum to adult encounters with the wild animals themselves. Whales have a mythical quality - they seem to elide with dark fantasies of sea-serpents and antediluvian monsters that swim in our collective unconscious. This book is an investigation into what we know little about -- dark, shadowy creatures who swim below the depths, only to surface in a spray of spume. More than the story of the whale, it is also the story of our own obsessions.

Leviathan David L. Golemon, 2009-08-04 The ships of the world are under attack, attacks so sudden and vicious that many ships are lost without a single distress call. The navies of the world start a frenzied search, but even these ships disappear without a trace. Enter the Event Group, the most secret organization in U.S. history. Armed with proof that history is repeating itself, the Group finds themselves in the grasp of an insane genius straight out of the pages of Jules Verne. They are up against the descendent of the man who was the inspiration for the captain of a vessel known to the world as Nautilus. Legend comes to life in the form of Leviathan, the most advanced undersea vessel in history. She will stop at nothing to save the seas and to render justice to humankind for a world that has long been dying, a world Leviathan plans to alter forever, unless the Event Group can stop her!

Leviathan Paul Auster, 1993-09-01 A "compelling" (Los Angeles Times) tale of friendship, betrayal, estrangement, and the unpredictable intrusions of violence in the everyday - from the author of the forthcoming 4 3 2 1: A Novel Six days ago, a man blew himself up by the side of a road in northern Wisconsin. . . . So begins the story by Peter Aaron about his best friend, Benjamin Sachs. Sachs had a marriage Aaron envied, an intelligence he admired, a world he shared. And then suddenly, after a near-fatal fall that might or might not have been intentional, Sachs disappeared. Now Aaron must piece together the life that led to Sach's death. His sole aim is to tell the truth and preserve it, before those who are investigating the case invent an account of their own.

Birth of the Leviathan Thomas Ertman, 1997-01-13 Ertman presents a new theory to explain the variation in political regimes and state infrastructures in pre-French Revolution Europe.

History of the U.S.S. Leviathan, cruiser and transport forces, United States Atlantic fleet U.S.S. Leviathan History Committee, 2019-11-27 History of the U.S.S. Leviathan is a work by the History Committee. It housed the Cruiser and Transport Forces of the United States Atlantic Fleet during WWI.

Hobbes: Leviathan Thomas Hobbes, 1996 Leviathan is an argument for obedience to authority grounded in an analysis of human nature. This revised edition of the work includes an amplified and expanded introduction, an extensive guide to further reading, a note on textual matters, and a chronology of important events.

Worldship Files: Leviathan Erik Schubach, 2019-08-18 When the Earth is threatened by a slowly expanding sun, mankind embarks upon a mission to send a mammoth Worldship to settle a new planet across the stars. The preternatural races step out of hiding to work with the humans to save what they can from their dying world. With the aid of the Fae, shape shifters, Vampires, and other creatures of supernatural lore, the Worldship, Leviathan, is complete one thousand years later. Lotteries are held and only twelve million souls are selected to make the ten thousand year journey to

the new world aboard the multi-generational starship. The Worldship Files follow the cases of Knith Shade, a human law enforcement officer of the Enforcers Brigade aboard the Leviathan, five thousand years into her journey. Knith must investigate a series of grisly murders, where the victims organs are harvested in the back halls of the bulkhead decks of the massive habitation rings of the Leviathan. Where others have failed, she has discovered leads that lead her to the unthinkable, when all signs point to a Fae Lady, and not just any lady, but the daughter of Queen Mab herself. Driven to solve the murders and bring the perpetrator to justice, even though she knows that merely even suggesting a Fae could have anything to do with the crimes would cause retaliation against Knith's habitation ring, as the magic of the Fae is what is keeping everyone alive on the Worldship. It could be more than simply career suicide. Enforcer Shade finds herself almost irresistible drawn to her main suspect, the Winter Maiden, Princess Aurora herself. Secrets are revealed and treachery uncovered, while even more mysteries and questions are unearthed.

Leviathan Wakes James S. A. Corey,2011-06-15 From a New York Times bestselling and Hugo award-winning author comes a modern masterwork of science fiction, introducing a captain, his crew, and a detective as they unravel a horrifying solar system wide conspiracy that begins with a single missing girl. Now a Prime Original series. Humanity has colonized the solar system—Mars, the Moon, the Asteroid Belt and beyond—but the stars are still out of our reach. Jim Holden is XO of an ice miner making runs from the rings of Saturn to the mining stations of the Belt. When he and his crew stumble upon a derelict ship, the Scopuli, they find themselves in possession of a secret they never wanted. A secret that someone is willing to kill for—and kill on a scale unfathomable to Jim and his crew. War is brewing in the system unless he can find out who left the ship and why. Detective Miller is looking for a girl. One girl in a system of billions, but her parents have money and money talks. When the trail leads him to the Scopuli and rebel sympathizer Holden, he realizes that this girl may be the key to everything. Holden and Miller must thread the needle between the Earth government, the Outer Planet revolutionaries, and secretive corporations—and the odds are against them. But out in the Belt, the rules are different, and one small ship can change the fate of the universe. Interplanetary adventure the way it ought to be written. —George R. R. Leviathan Scott Westerfeld,2010-09-22 It is the cusp of World War 1, and all the European powers are arming up. The Austro-Hungarians and Germans have their Clankers, steam-driven iron machines loaded with guns and ammunition. The British Darwinists employ fabricated animals as their weaponry. The Leviathan is a living airship, the most formidable airbeast in the skies of Europe. Aleksandar Ferdinand, prince of the Austro-Hungarian Empire, is on the run. His own people have turned against him. All he has is a small, loyal crew of men. Deryn Sharp is a commoner, a girl disguised as a boy in the British Air Services. She's a brilliant airman. But her secret is in constant danger of being discovered. With the Great War brewing, Alek and Deryn's paths cross in the most unexpected way...

Battleship Leviathan Craig Martelle,2021-09-30 A derelict warship, ancient but still alive. A small team of humans fighting for all humanity. Built for a time when the races were just finding their way to the stars, finding that they could dominate others. The galactic conquests created the arms race and the ancients, the Progenitors had to protect their own. They built a ship to drive the others away. It worked. And it didn't. The Progenitors abandoned the galaxy to the newcomers, leaving relics behind as monuments to their failure. Humanity spread to the stars and ran headlong into the established races. A new war begins, and no one conducts war better than humanity except for the Blaze Collective. The two go head-to-head while humanity frantically searches for something to give them an advantage. Ancient technology. The derelicts scattered across the galaxy. Gutted and

useless. Except for one, hidden in plain sight, close to Earth. Major Declan Payne takes his team aboard to find that the ship is no derelict, and it needs him as much as humanity needs it. Battleship: Leviathan. A Doomsday Weapon whose only goal is peace. Experience the start of a Military Sci-Fi Series from Amazon Bestselling author Craig Martelle. It's perfect for fans of Rick Partlow, Jay Allan, and Joshua Dalzelle.

Black Leviathan Bernd Perplies, 2020-02-25 Melville's Moby Dick unfolds in a world of dragon hunters in Black Leviathan, an epic revenge fantasy from German award-winning author Bernd Perplies. Beware! A shadow will cover you, larger than that cast by any other dragon of this world. Black as the lightless chasm from whence it was born at the beginning of time. In the coastal city Skargakar, residents make a living from hunting dragons and use them for everything from clothing to food, while airborne ships hunt them in the white expanse of a cloud sea, the Cloudmere. Lian does his part carving the kyrillian crystals that power the ships through the Cloudmere, but when he makes an enemy of a dangerous man, Lian ships out on the next vessel available as a drachenjager, or dragon hunter. He chooses the wrong ship. A fanatic captain, hunts more than just any dragon. His goal is the Firstborn Gargantuan—and Adaron is prepared to sacrifice everything for revenge.
