Law Enforcement is a major part of any special patrolman and Darlene Lewis was a great asset to gaining compliance in the Parks when needed. The joy of nature is the theme of this book and the many daily jobs made life as a park enforcement officer far from routine. Danger, beauty, activities, peace...this is the life of a ranger.

Railroads of the Pike's Peak Region, 1900-1930 Allan C. Lewis, 2006 By 1900, the scenic beauty of the Pike's Peak region had become well known, making it a popular destination with visitors from across the nation. This influx of tourism along with the apex of the Cripple Creek mining boom saw El Paso and Teller Counties become a hub of freight and passenger activity. Over the next 30 years and through challenging economic times, the area would be served by 11 different railroads and an interurban line. The Midland Terminal and the Colorado Springs and Cripple Creek District Railways relied heavily on the revenue gleaned from Cripple Creek ore production, but as the output of these mines declined, so too did the coffers of the railroads that supported them. Larger railroads like the Santa Fe and the Colorado & Southern increased their regional presence through joint agreements and the expansion of local facilities. Still other roads had a more local flair, including the Manitou & Pike's Peak whose unique cog railway introduced America's Mountain to thousands of tourists. Mass transit also came to the region as the Colorado Springs & Interurban Railway became part of a legacy left by millionaire Winfield Scott Stratton to the people of Colorado Springs.

Gloversville Lewis G. Decker, 1998-09 Fulton County historian Lewis G. Decker brings to life the history of Gloversville, New York, in this unprecedented pictorial collection. The first book to be published about the city since 1853, Gloversville traces the people and places of this unique community from the beginnings of photography. Take a trip down memory lane to discover an earlier time in our nation's history. Named for its prominent industry, Gloversville's glove factories never shut down, even during the Depression. In the past, it was advertised that a young man could readily find an industrious wife in Gloversville; ladies were usually sought after to sew in the factories. Among the notable residents of old Gloversville is Samuel Goldfish, an immigrant

who came to work in the leather industry before moving west; he changed his name to Goldwyn and formed Metro-Goldwyn-Mayer (MGM) Studios. Another former resident, Lucius Littauer, graduated from Harvard, was elected to Congress, and later served as an advisor to Teddy Roosevelt. Discover the many others who shaped the town's history in this fascinating and engaging pictorial collection.

Get Carter Ted Lewis,2014-09-09 Famously adapted into the iconic film starring Michael Caine, *Get Carter*—originally published as *Jack's Return Home*—ranks among the most canonical of crime novels. With a special Foreword by Mike Hodges, director of *Get Carter* It's a rainy night in the mill town of Scunthorpe when a London fixer named Jack Carter steps off a northbound train. He's left the neon lights and mod lifestyle of Soho behind to come north to his hometown for a funeral—his brother Frank's. Frank was very drunk when he drove his car off a cliff and that doesn't sit well with Jack. Mild-mannered Frank never touched the stuff. Jack and Frank didn't exactly like one another. They hadn't spoken in years and Jack is far from the sentimental type. So it takes more than a few people by surprise when Jack starts plying his trade in order to get to the bottom of his brother's death. Then again, Frank's last name was Carter, and that's Jack's name too. Sometimes that's enough. Set in the late 1960s amidst the smokestacks and hardcases of the industrial north of England, *Get Carter* redefined British crime fiction and cinema alike. Along with the other two novels in the Jack Carter Trilogy, it is one of the most important crime novels of all time.
