Libra Caro Tuts, 2019-08-14 Libra is a fantasy love story about reincarnation and making choices in a time of war. It's set in an alternative universe. In short, Libra is about a girl named Meia who is the centre of a war between two clans; the Ravens and the Foxes. The Ravens rule the city Meia lives in and the Foxes are rebels who do everything in their power to destroy their centuries-old enemy and take the city. This book contains an artbook with a variety of illustrations and sketches surrounding Libra. On top of that it also contains a prelude that will

guide you through the origins of the main story. In the prelude, Meia is a princess living in the capital city. Teru, who is set to marry her, serves as head of the military department of the city as a high ranking member of the Raven clan. Wit and the rest of the Fox clan are plotting to take over the city and overthrow the Raven clan.

Os Encantos Dos Aquários! Maria Helena

Guedes, 2016-11-23 Depende das espécies de plantas que se mantém no aquário. Em geral utiliza-se a estimativa de cerca de 60 lm/l (lúmens por litro) luz fluorescente e temperatura acima de 6500k. Existem plantas que exigem uma maior intensidade de luz, outras o contrário.

Cuando me enamoro (Los imperiales 3) Karla Doll, 2022-07-14 ¿Qué hacer cuando se te cumple un deseo tan anhelado que creías imposible? Ella es una mujer de éxito en su trabajo, graciosa y extrovertida, aunque todas esas sonrisas que luce y esas bromas que suelta al por mayor, esconden un interior minado de algunas inseguridades y de una autoestima que ha sido pisoteada hace varios años por un hombre que le ha hecho mucho daño en sus emociones, y que la ha tenido cautiva en su propia mente. Su entorno más íntimo ignora dicha situación; todos, salvo su mejor amiga, que es su gran confidente. Por lo que, en su caso, se aplica aquel refrán de «caras vemos, corazones no sabemos». ¿Creer o no creer? Eso es lo que se pregunta cuando aquel al que ha deseado durante tanto tiempo parece empezar a dar vueltas en su dirección. O no. Tal vez todo sea producto de su creciente imaginación o de su torpe intuición, que ya le ha jugado muy mal en el pasado. No se

considera asertiva en materia de hombres ni en el amor, por eso, como no los entiende, como sí lo hace con los ordenadore, prefiere no arriesgarse con ninguno y menos con los guapos, a los que considera peligrosos y poco confiables. ¿Qué pasa cuando lo que sucede es mucho más de lo que imaginaste? Descúbrelo en esta apasionante historia que es el tercer y último libro de la trilogía Los Imperiales.

Red Colored Elegy Seiichi Hayashi, 2018-02-20 An influential and experimental work, in an all-new paperback edition! Ichiro and Sachiko are young artists, temperamental and discouraged about what life has to offer them. They fall in and out of love, jealous of each other's interests and unchallenged by their careers. Red Colored Elegy charts their heartache, passions, and bickering with equal tenderness, creating a revelatory portrait of a stormy love affair. A cornerstone of the Japanese underground scene of the 1960s, Seiichi Hayashi wrote Red Colored Elegy between 1970 and 1971, in the aftermath of a politically turbulent and culturally vibrant decade that promised but failed to deliver new possibilities. Sparse line work and visual codes borrowed from animation and film beautifully capture the quiet lives of a young couple struggling to make ends meet. Ichiro and Sachiko hope for something better, but they're no revolutionaries; their spare time is spent drinking, smoking, daydreaming, and sleeping together and at times with others. Red Colored Elegy is informed as much

by underground Japanese comics of the time as it is by the French New Wave. Its influence in Japan was so large that Morio Agata, a prominent Japanese folk musician and singer/songwriter, debuted with a love song written and named after it. This new paperback edition features an essay on Red Colored Elegy and Hayashi's contributions to contemporary Japanese comics from the art historian Ryan Holmberg.

Buddhism in America Richard Hughes Seager, 2012-07-03 Over the past half century in America, Buddhism has grown from a transplanted philosophy to a full-fledged religious movement, rich in its own practices, leaders, adherents, and institutions. Long favored as an essential guide to this history, *Buddhism in America* covers the

three major groups that shape the tradition—an emerging Asian immigrant population, native-born converts, and old-line Asian American Buddhists—and their distinct, yet spiritually connected efforts to remake Buddhism in a Western context. This edition updates existing text and adds three new essays on contemporary developments in American Buddhism, particularly the aging of the baby boom population and its effect on American Buddhism's modern character. New material includes revised information on the full range of communities profiled in the first edition; an added study of a second generation of young, Euro-American leaders and teachers; an accessible look at the increasing importance of meditation and neurobiological research; and a provocative consideration of the mindfulness movement in American culture. The volume maintains its detailed account of South and East Asian influences on American Buddhist practices, as well as instances of interreligious dialogue, socially activist Buddhism, and complex gender roles within the community. Introductory chapters describe Buddhism's arrival in America with the nineteenth-century transcendentalists and rapid spread with the Beat poets of the 1950s. The volume now concludes with a frank assessment of the challenges and prospects of American Buddhism in the twenty-first century.
