

**T-34** Wolfgang Fleischer, Anthony Tucker-Jones, 2020-11-23 "A wide-ranging and detailed account of the design and development of what was arguably the best tank of World War II." —Miniature Armoured Fighting Vehicles Association Although the Red Army suffered continual heavy tank losses, the rugged and reliable T-34 was an immense success story and was ultimately instrumental in turning the tide of the war. This photographic history follows the story of this exceptional armored vehicle from its disastrous first action during Operation Barbarossa to its miraculous defense of Moscow, its envelopment of the Axis forces at Stalingrad and victory at Kursk, and finally, the advance to the gates of Warsaw then on to Berlin. Packed with a wealth of images, including rare archive photographs and photographs of surviving examples, this is an extraordinary record of both the tank and its personnel. The accompanying text features an in-depth technical evaluation outlining the differences in the myriad of models, including detailed plans of each type, alongside a gripping breakdown of the tank's entire operational history. "I totally recommend this book for all who love Russian armor or what was one of the hardest and biggest tank battles during World War 2 at Kursk, superb book." —Armorama "A thoroughly definitive study of one of the world's historic engines of war." —The Army Rumour Service (ARRSE) "This is about as comprehensive as anybody could want in tracing the development, production, operational deployment and technical elements of the T-34 and its derivatives. Whatever you might want to know about the tank is here. Supplemented by drawings, copious images and tables it is a go-to reference book." —Michael McCarthy, battlefield guide

**Q 12:33-34** Steven R. Johnson, 2007 This eighth volume in the Documenta Q series is concerned with the reconstruction of the Q text behind Luke 12:33-34 par. Matt 6:19-21. Storing up Treasures in Heaven takes up important wisdom themes such as the proper disposition of wealth, the importance of prioritizing one's thoughts and concerns, and the means to gaining eternal - not temporal - rewards. Parallels are found in literature as early and diverse as the Gospels of Mark, John, and Thomas, the Epistle of James, and Justin's Apology. The International Q Project's presentation of the critical text of Q 12:33-34, together with the exhaustive history of research on which it is based, will considerably enhance research in the Sayings Gospel Q, the historical Jesus, and the ethical concerns of early Jesus movements.

*Chicago's 1933-34 World's Fair* Samantha Gleisten, 2002 You will enter A Century of Progress for the first time perhaps like an explorer-curious and eager-penetrating an amazingly rumored domain in search of treasure. -Official Guide Book to the Fair, 1933 One century after Chicago's incorporation, the city hosted the 1933 World's Fair, which was so successful it was held over for 1934. Aptly named A Century of Progress, the fair confirmed Chicago's emergence as a major American city. Like the phoenix from the ashes, Chicago emerged from its devastating fire of 1871 as one of the most architecturally significant and aesthetically inviting cities in the world. On 424 lakeside acres located on Chicago's near south side, the Fair brought together innovators and inventors from around the world. Chicagoans hosted visitors from all corners of the globe, commemorating human progress, despite the Great Depression that was devastating the nation's economy.

**Themelios, Volume 34, Issue 2** D. A. Carson, 2015-01-27 Themelios is an international, evangelical, peer-reviewed theological journal that expounds and defends the historic Christian faith. Themelios is published three times a year online at The Gospel Coalition (<http://thegospelcoalition.org/themelios/>) and in print by Wipf and Stock. Its primary audience is theological students and pastors, though scholars read it as well. Themelios began in 1975 and was operated by RTSF/UCCF in the UK, and it became a digital journal operated by The Gospel Coalition in

2008. The editorial team draws participants from across the globe as editors, essayists, and reviewers. General Editor: D. A. Carson, Trinity Evangelical Divinity School Managing Editor: Brian Tabb, Bethlehem College and Seminary Consulting Editor: Michael J. *Thiazole and Its Derivatives* Jacques V. Metzger, 2009-09-15 The Chemistry of Heterocyclic Compounds, since its inception, has been recognized as a cornerstone of heterocyclic chemistry. Each volume attempts to discuss all aspects – properties, synthesis, reactions, physiological and industrial significance – of a specific ring system. To keep the series up-to-date, supplementary volumes covering the recent literature on each individual ring system have been published. Many ring systems (such as pyridines and oxazoles) are treated in distinct books, each consisting of separate volumes or parts dealing with different individual topics. With all authors are recognized authorities, the Chemistry of Heterocyclic Chemistry is considered worldwide as the indispensable resource for organic, bioorganic, and medicinal chemists.

World of Archie Double Digest #34 Archie Superstars, 2013-11-20 Christmas time is here... and Santa's reindeer are on strike?!! *Recent Advances in Surgery 34* Irving Taylor, Colin D Johnson, 2011-07 Recent Advances in Surgery is designed to provide an up-to-date and comprehensive review of important and topical issues both in surgery in general, as well as in the major subspecialties of general surgery. Recent Advances in Surgery 34 is no exception. The general topics covered include the management of the diabetic surgical patient, the issue of patient consent and how guidelines determine surgical practice. The

upper gastrointestinal topics covered are gastric outlet obstruction, the relationship between volume and outcome for upper gastrointestinal malignancy, techniques in laparoscopic and open liver resection, and the management of advanced gallbladder cancer. Lower gastrointestinal surgery includes rectal and pelvic prolapse, and the management of an intestinal fistula and the modern management of haemorrhoids. There is an overview on recent changes in vascular surgery and the management of retroperitoneal sarcoma. Breast surgery topics include the management of the axilla and the role of radiotherapy in breast cancer. As always, we include a comprehensive review of recent randomised trials in surgery. We hope that each of these important and relevant topics will provide a valuable resource for both surgeons-in-training undertaking professional examinations, and consultant surgeons wishing to keep up-to-date.
