**Great Lakes Lighthouse Tenders** Paul Mason, 2014-08-22 The ships and crews of the U.S. Lighthouse Tender Service were the unsung heroes of Great Lakes transportation for more than a century. Yet despite the critical role they played in maritime operations, little information is available about these hard-working men and the ships they called home. Author Paul J. Mason provides an illustrated history of lighthouse tenders that served on The Lakes, complete with rare photos and fascinating back stories. Great Lakes history buffs will enjoy learning about these forgotten ships and crews, and their place in maritime's golden age. California Lighthouse Life in the 1920s and 1930s Wayne C. Wheeler,2000 Like giant sentinels standing guard, California's lighthouses keep silent vigils over the turbulent waters of the Pacific. In 1850, Congress appropriated funds to build eight lighthouses on the West Coast, and three years later, construction began on the project. The first lighthouse to become operational on the West Coast was that on Alcatraz Island on June 1, 1854. While the other seven were being completed, Congress authorized funds to construct a second set of eight lighthouses, and by 1930, California boasted 40 light stations. This new photographic history contains over 200 rare and beautiful images featuring lighthouses of the South Coast, San Francisco Bay, and the North Coast, as well as lightships and support facilities.

**Wind Point Lighthouse** Barb Wardius,Ken Wardius,2007 Several lighthouses have called Racine home, but none is more synonymous with the nautical heritage of the Belle City than Wind Point. Always a beehive of activity, the Wind Point Lighthouse is one of the larger lighthouse complexes on the Great Lakes, and a hardworking keeper, two assistants, and their families made their livelihood here. For over 125 years, the tall stately tower has faithfully stood guard, shining its bright beam out over Lake Michigan nightly. Countless mariners relied on the Wind Point Lighthouse, along with a booming trademark foghorn for safe passage. Today the Wind Point Lighthouse is the most well-known symbol of Racine and is a success story among Great Lakes lights. A devoted friends group, in partnership with the Village of Wind Point, sees that the legacy and history of the Wind Point Lighthouse is preserved for future generations.

**Umbrella Guide to Washington Lighthouses** Sharlene P. Nelson,Ted W. Nelson,1998 Since the first edition of this book, much has changed at the Washington State lighthouses. Many are now being leased by the U.S. Coast Guard to public or private groups, and at some sites, visitors can stay in a century-old keeper's dwelling. These changes are updated in this new addition, illustrated with maps and photos, both current and historic. 30 photos.

**Lighthouses and Keepers** Dennis L Noble,2014-01-15 From the East Coast to the West Coast, the Great Lakes to the Gulf of Mexico and Hawaiian Islands, this handsome book helps explain the lure of lighthouses in the United States. Among the most recognized structures of the maritime world, these lonely sentinels by the sea have long been the subject of paintings and photographs. Today they continue to capture public imagination as Americans flock to their sites for visits and volunteer to help preserve these endangered structures. This book covers all aspects of the subject, not only lighthouses and lightships but buoys, buoy tenders, fog signals, and their keepers. The work is as rich in historical information as it is in rarely seen photographs, and fourteen maps guide readers to the exact locations of the lighthouses. Readers are also treated to stories of shipwrecks and rescues, including the extraordinary story of Ida Lewis, head keeper of the light at Lime Rock, Rhode Island, who rescued eighteen people from the sea.

Sport Pamela Cameron,2019-04-16 In 1914 crew members of the lighthouse tender Hyacinth

rescued a stray puppy from the Milwaukee River and named him Sport. For the next twelve years, this charming Newfoundland-retriever mix lived the life of a ship dog, helping the Hyacinth crew as they carried supplies to lighthouses and maintained the buoys and other safety features around Lake Michigan. Sport quickly became a valued companion to his crew and a recognizable mascot of the lake—making friends in every port. In this beautifully illustrated children’s book based on historical documents and photographs, readers share in Sport’s adventures while discovering the various ways lighthouse tender ships helped keep the lake safe for others. Helpful diagrams, a map, and a historical note supplement this engaging story for young readers.
