Linder Linder Sterling, 2006 Essays by Philip Hoare, Morrissey, Jon Savage, Andrew Renton and Lynne Tillman.

The Death of Ben Linder Joan Kruckewitt, 2011-01-04 In 1987, the death of Ben Linder, the first American killed by President Reagan's freedom fighters -- the U.S.-backed Nicaraguan Contras -- ignited a firestorm of protest and debate. In this landmark first biography of Linder, investigative journalist Joan Kruckewitt tells his story. In the summer of 1983, a 23-year-old American named Ben Linder arrived in Managua with a unicycle and a newly earned degree in engineering. In 1986, Linder moved from Managua to El Cuá, a village in the Nicaraguan war zone, where he helped form a team to build a hydroplant to bring electricity to the town. He was ambushed and killed by the Contras the following year while surveying a stream for a possible hydroplant. In 1993, Kruckewitt traveled to the Nicaraguan mountains to investigate Linder's death. In July 1995, she finally located and interviewed one of the men who killed Ben Linder, a story that became the basis for a New Yorker feature on Linder's death. Linder's story is a portrait of one idealist who died for his beliefs, as well as a picture of a failed foreign policy, vividly exposing the true dimensions of a war that forever marked the lives of both Nicaraguans and Americans.

The Family Gene Joselin Linder, 2017-03-14 A riveting medical mystery about a young woman's quest to uncover the truth about her likely fatal genetic disorder that opens a window onto the exploding field of genomic medicine When Joselin Linder was in her twenties her legs suddenly started to swell. After years of misdiagnoses, doctors discovered a deadly blockage in her liver. Struggling to find an explanation for her unusual condition, Joselin compared the medical chart of her father—who had died from a mysterious disease, ten years prior—with that of an uncle who had died under similarly strange circumstances. Delving further into the past, she discovered that her great-grandmother had displayed symptoms similar to hers before her death. Clearly, this was more than a fluke. Setting out to build a more complete picture of the illness that haunted her family, Joselin approached Dr. Christine Seidman, the head of a group of world-class genetic researchers at Harvard Medical School, for help. Dr. Seidman had been working on her family's case for twenty years and had finally confirmed that fourteen of Joselin's relatives carried something called a private mutation—meaning that they were the first known people to experience the baffling symptoms of a brand new genetic mutation. Here, Joselin tells the story of their gene: the lives it claimed and the future of genomic medicine with the potential to save those that remain. Digging into family records and medical history, conducting interviews with relatives and friends, and reflecting on her own experiences with the Harvard doctor, Joselin pieces together the lineage of this deadly gene to write a gripping and unforgettable exploration of family, history, and love. A compelling chronicle of survival and perseverance, *The Family Gene* is an important story of a young woman reckoning with her father's death, her own mortality, and her ethical obligations to herself and those closest to her.

Max Linder: Father of Film Comedy Snorre Smári Mathiesen, French comedian, actor, director, screenwriter, and producer Max Linder (1883-1925) appeared in hundreds of films, and he was as important a silent movie figure as Charlie Chaplin, Mary Pickford, Buster Keaton, or Harold Lloyd. He predated all of them with his screen debut in 1905, and he became a worldwide favorite, thanks to his top-hatted dandy character, Max. By 1912, he was the highest-paid film star in the world. Follow his astounding path from anonymous bit-player onstage to his greatest triumphs. The fine line between comedy and tragedy blended into shades of gray, when Max's fame nearly extinguished due to World War One war injuries, but he recovered, returned, and regained his status only to face one of the most terrible tragedies in human existence that shocked the entire world. His hilarious films and heartrending personal tale unfold fully in this richly researched and annotated

biography and filmography. Illustrated with dozens of personal and professional photographs. About the author: Snorre Smári Mathiesen is a Norwegian cartoonist. He went to Granum Vocational School in Art 2010-2012. A silent film aficionado since childhood, he has researched Max Linder's life for the past ten years. He worked as assistant and translator on sociologist Thomas Mathiesen's autobiography, *Cadenza* (European Group Press, 2017). He lives in Oslo, Norway.

The Big Book of Details Rozlyn Linder, 2016 The writing lessons in this book are organized to quickly unpack the detail move, explain when and why the strategy works well, share how I have taught it to my students, and offer ways to make it your own. -Rozlyn Linder Have you ever told a writer to add more details, only to see their writing get longer not better? That's why Roz Linder wrote *The Big Book of Details*. To help our students use details and elaborate effectively, she writes, we need to find out what they want their writing to do, and then show them explicit moves to make it happen. Roz breaks elaboration into 5 categories and shares 46 lessons based on the moves that professional writers use. With if-then charts that connect student needs to just-right strategies, you'll help writers master details that: Describe: for people, places, and things Dance: for showing action and sequencing events Convince: for questions, persuasion, and arguments Inform: for defining, comparing, and clarifying Speak: for conversation and speech. *The Big Book of Details* supports planning and on-the-go teaching for one-on-one conferences, whole-class instruction, or commercial writing programs. Its lessons are organized to help kids understand each move quickly. Roz's strategy lessons include: examples from real-world writers the reason writers use the strategy advice for introducing it to writers ideas for guided practice with writers examples of one of Roz's famous classroom charts This is what I want for my students, writes Roz Linder, to use details in their writing in a meaningful way that conveys their ideas and their purpose. If you want that too, then make her *Big Book of Details* part of your teaching toolkit.

Out of the Ashes Came Hope Monsignor William J. Linder, 2016-10-05 The 1960s in Newark, New Jersey, were a crucible of racial tensions. While the civil rights movement slowly planted the seeds of hope and resilience across the rest of the nation, the movement in Newark faced intense challenges from an entrenched and racist political power structure culminating in the 67 Newark riots. But while these riots reduced the Central Ward to rubble, one place was spared from the destruction and would become a hub for social change Queen of Angels Church. *Out of the Ashes Came Hope* is an inspiring and timely memoir that illuminates the life work of Father William J. Linder, a newly ordained white priest whose radical transformation takes place once he is assigned to the all-black parish at Queen of Angels in Newark, New Jersey, in 1963. Father Linder imbues hope into a dread of hopelessness that plagued the lives of many black residents many of whom had grown accustomed to living in squalid conditions and dilapidated public housing. As a messenger of God's love, Father Linder's journey to Newark activates and galvanizes the community to believe that change is possible, and together they embark on a task of epic proportion to rebuild Newark's Central Ward. His journey hand in hand with his community speaks to a life dedicated to working with the most vulnerable and downtrodden people in society. He is a servant of God who is always bound to hope the most spontaneous prayer that exists.

Small Cries in the Night Carl Linder, 2006 Carl Linder's heartfelt novel begins in the present, with a disillusioned man feeling out of place in the sometimes cruel world in which he lives. Seeking solace in his past, he begins to write a nostalgic account of his youth, and the miraculous events of his thirteenth year. Traveling back in time, we are introduced to Chad Bradley, who lives with his parents and two younger sisters on the poorer side of town. Chad harbors great dreams of future popularity; dreams which are to be severely tested when he befriends Jesse Thomas, a lonely boy, who with his mother and handicapped sister, are desperately trying to make it on their own. An unlikely friendship develops between the two boys; a friendship which eventually leads to a touching relationship between their respective families, who help each other with unselfish abandon. Then

unforeseen tragedy strikes Chad's family, paralyzing them all with grief and disillusionment, and just when all hope seems lost, a special magic is unleashed, as help comes from a most unexpected source. A story of love, sacrifice and the endearing innocence of childhood; *Small Cries in the Night* speaks to each one of us, and challenges even the most hardened of individuals, to stop, look back, and remember. If there were but one sentence to describe the basic nature and personality of debut author Carl Linder, it would have to be that of: a humble man, who is not afraid to dream big dreams. A native of Western North Carolina, Linder holds a Bachelor's Degree, and taught school for a time; until he quite literally stumbled on his true calling, with pen and page. A devoted husband and father, Linder writes from his own lifetime of experiences, and gleans unbelievable inspiration from his devoted wife and his three little gifts from God.

Condemned Without Judgment Bert Linder, 1995 An inspiring adventure of a man who, despite bearing witness to evil and carnage beyond comprehension, remains steadfast in his belief in the ultimate good side of humanity. Linder's moving autobiography is, in the author's words, the story of a victor rather than a victim.

Sexual Violence on Campus Chris Linder, 2018-05-21 In this important book, Linder advances a power-conscious lens to challenge student activists, administrators, educators, and policy makers to develop more nuanced approaches to sexual violence awareness, response, and prevention on college campuses.

Hand Spinning Cotton Olive Linder, Harry Linder, 2014-01-01 The art of cotton spinning has become more sophisticated since Harry and Olive Linder first set out to disprove the myth that cotton was more difficult to spin than any other fiber. When the Linders first self-published *Handspinning Cotton* in 1977, there were very few spinners spinning cotton; it was an almost forgotten art. *Handspinning Cotton* has been out-of-print since 1995 and has been sorely missed. Currently, there is no single spinning book devoted solely to cotton fiber and the unique techniques for spinning it. The rights to the Linder's self-published book has remained in their family's hands since Harry and Olive's passing. As two of the Linder's first protégés, their daughters have asked us to update and republish this treasured book. It is our honor and privilege to try to do justice to the spirit of these cotton gurus who started a cotton-spinning revolution. While cotton spinning has grown up in the past 40 years, and there are many changes in how to approach cotton spinning, we have striven, in updating this book, to keep to the original spirit of Harry and Olive Linder's teaching. Their book is still a treasure and should stay intact for all future generations of cotton spinners.

The Rise & Fall of Max Linder (hardback) Lisa Stein Haven, 2021-04-19 Linder's story is both a comedy and a tragedy.

The Idea of North Doug Linder, 2022-08-01 The poetry of Doug Linder is characterized by plain speech, empathy, wit, and a penchant for taking readers to surprising places. *The Idea of North* brings together more than fifty poems set in the North Country ("Is it a place or is it an idea?"). Linder's poetic imaginings wander the North from the polar-bear-prowled streets of Churchill to hot springs under Montana's big sky, but he returns most often to the place he knows best, Minnesota's distinctive "North Shore," the wild lands north of Lake Superior. Many of these playful poems consider wildlife (you'll find poems about lynx, moose, wolves and woodpeckers) and the natural world (lichens, dragonflies, northern lights), but the collection also includes poems about such diverse subjects as curling, maple syrup, taconite plants, second homes, and a gas station designed by Frank Lloyd Wright. Deftly mixing deep insights and play, this is a poetry book even for people who thought they didn't like poetry. Book Review: Doug Linder has a most definite idea about the North, especially the area Midwesterners refer to as "The North Shore." It's an idea that comes from

years of roaming the shores of Lake Superior, getting to know its people, towns, wildlife, and traditions—an idea rooted in sheer love for a place out “In the Middle of Nowhere.” What is the best way to preserve something amazing and beautiful? What is the best way to share it? Linder finds making poetry suitable for both; in one of his “spot of time” poems, he tells his twenty-three-year-old self to “memorize” a meeting with a lone wolf: “Remember his amber eyes, / and his leisurely lope across the snow-covered tundra.” Forty years later, he remembers how the moment pierced him, “setting [him] on fire.” Such transfers of experience fill the collection as the narrator looks for ways to pass his “sense of place” down to the next generation (and the next). “We want them to love what we love,” he admits, and happily for us, the poems in *The Idea of North* bring us a long way there. -- Joyce Sutphen, poet laureate of Minnesota (2011-2021) and author of *Carrying Water to the Field* and *This Long Winter*
