Death Troopers: Star Wars Legends Joe Schreiber, 2011-06-28 The chilling tale of the undead in a galaxy far, far away. "This is the Star Wars of every horror fan's dreams—gory, funny, and brimming with a blood-spattered cast of swashbucklers and space-zombies."—Seth Grahame-Smith, author of *Pride and Prejudice and Zombies* When the Imperial prison barge *Purge*—temporary home to five hundred of the galaxy's most ruthless killers, Rebels, scoundrels, and thieves—breaks down in a distant part of space, its only hope appears to lie with a *Star Destroyer* found drifting and seemingly abandoned. But when a boarding party from the *Purge* is sent to scavenge for parts, only half of them come back—bringing with them a horrific disease so lethal that within hours, nearly all aboard the *Purge* die in ways too hideous to imagine. And death is only the beginning. The *Purge*'s half-dozen survivors will do whatever it takes to stay alive. But nothing can prepare them for what lies waiting aboard the *Star Destroyer*. For the dead are rising: soulless, unstoppable, and unspeakably hungry.

Wrath and Retribution R.G. Taark, 2013-09-02 A lone man who carries the name of the Empire's ultimate shame and anonymity, 'John Smith.' Stripped of everything from his past, cast out and stumbling through the world he sees everything he grew up believing with new eyes. The harsh realities of his world nip at his flanks and heels every day of his new life, while memories and painful traumas of his old life plague his days and even

nights. ~~~~~ Excerpt ~~~~~ Samson opened his eyes with a splitting headache and dry mouth, feeling slightly disoriented from the flooding rush of his life's memories over two decades prior. The series of dreams had assaulted him like the days they had happened all tumbled together. The first was pleasant, but the second left him feeling like he was still experiencing it. It took him several breaths to realize that he was indeed older and these injuries were fresh, not inflicted by the dream. The confusion between the threshold of waking and jarring dreams was disorienting, made worse by the fog of painkillers. He was stiff and sore like he had spent all day lifting weights, not stretched after and then had laid stationary for hours. The glare from the lighting was oppressive, like it was being shined directly into his brain straight through his closed lids. With an irritated groan he turned his head to the left. The stabs of pain, and protesting muscles in his neck and back made him wish he hadn't. Cracking his eyes, knowing he wasn't going to be able to sleep anymore, the three human shaped shadows solidified into Persephone, and her mother and father. Samson's painful irritation at waking up in such miserable conditions quickly turned to confusion as he looked around the unfamiliar room, washed out in glaring light, turning his eyes only. Since everything else hurt to move, including his grumpy waking up face, he decided not to push his luck. Why everyone was looking at him was disconcerting. Why he was in a strange bed was puzzling. How he arrived here was confusing. And why Lady Celine was in a similarly uncomfortable bed next to him was baffling. Persephone leaned forward and shoved something cold between his lips. Her only instruction was, Open. Curiosity giving way to trust, Samson realized it was an ice chip. The sweet explosion of cold and wet water in his mouth tasted better than any meal he had ever had. The prone Lady Celine was the first to sarcastically assault him, So Mister 'First Gladiator of the Empire', what has been running through your head the last three quarters of an hour? Baffled by the question, a different question of his own arrived in his mind. All he could croak through his dried tongue and lips was, Time? Lady Celine looked sunken and pale, in her bed. The fluid tubes running into her from every direction indicated 'hospital' of some kind as his brain started coming up to speed. Phyllip grumbled, Almost time for dinner, and time for you to answer the question.

Oblivion's Cloak Dylan McFadyen, 2022-12-03 First Lieutenant Shaara was dead this morning. Her captain is furious at her. She wasted company resources getting herself killed, and it's coming out of her paycheck. Now, she's sitting across from the first other human being she's seen in six years. His name is Adnan. He claims to come from Earth—but that's impossible. Earth died a long time ago. If Adnan's telling the truth, he and the decaying ship the captain pulled him off are nearly a thousand years old. Wherever he's from, he's Shaara's responsibility now. Which is the last thing she needs. But it's either that, or the captain sells Adnan into slavery. Shaara knows what that would mean. Most humans do. And something inside her won't let her abandon Adnan to it: revenant memories, stabbed awake by the look in his eyes. Facing those memories won't be easy. It'd be far easier to ignore the feeling driving her forward. Far easier to let it all go to hell, and drift back to sleep. Until a shadowy new faction starts stoking the fires of war. They're looking for Adnan; Earth's last survivor holds the key to unleash a terrible, indiscriminate vengeance on the galaxy that wronged them. Who they are is a mystery—to everyone but Shaara. Hard as she's tried to forget, she knows them all too well. Which means she's the only one who can stop them. The question is: does she want to? Maybe the galaxy's earned a little vengeance.

The Complete Aliens Omnibus: Volume One (Earth Hive, Nightmare Asylum, The Female War) Steve Perry, Stephani Perry, 2016-01-19 Classic original fiction set in the Alien world, featuring *Earth Hive* by Steve Perry, *Nightmare Asylum* by Steve Perry and *The Female War* by Steve Perry and Stephani Perry. *Earth Hive*: Wilks was a space marine with a near-fatal flaw: he had a heart. Billie was a child, the only survivor of a far-flung colony outpost. Thrown together in the last hellish night of an alien invasion, Billie and Wilks helped each other get out alive. Thirteen years later Wilks is in prison, and Billie lives in a mental institution, the nightmare memories of the massacre at Rim seared into her mind. Now the government has tapped Wilks to lead an expedition to the aliens' home planet to bring back a live alien. But the competition on Earth to develop the aliens as a new weapons system is brutal. When Wilks's team departs on their mission, a trained assassin trails them. And what follows is no less than guerrilla warfare on the aliens' planet--and alien conquest on Earth! *Nightmare Asylum*: Wilks, Billie, and Bueller were the last survivors of a devastating assault on the aliens' home planet. But once their return to the solar system made them refugees once more, fleeing Earth and its alien infestation in a desperate attempt to stay alive. Now, in an otherwise unmanned military transport, they hurtle through space. Destination: unknown. Little do they know that the cargo they carry with them is a legacy of death that they will ultimately have to face. Nor do they know that they head toward a remote colony and military outpost. This pocket of humanity at the very edges of space is at the mercy of a general names Spears with an agenda all his own. Now Billie, Wilks,

and Bueller face a new nightmare, and it is nothing they could ever have imagined: a gift of madness from an alien world, unbalanced mind, and the experiences of a mysterious pilot named Lieutenant Ellen Ripley. The Female War: Lieutenant Ellen Ripley awoke from her long journey in space with a hole in her memory and an overwhelming drive to survive. When she meets Wilks and Billie, two battered veterans in the war against the aliens she realizes she's found two comrades in arms--and she's ready to take up the fight. Only then does she discover the devastating secret that lurks behind her long sleep. When she, Wilks, and Billie prepare to meet the aliens head-on to turn a powerful alien queen against her spawn in a battle intended to save Earth, that secret becomes her greatest weapon--and her greatest liability. As the fate of Earth hangs in the balance, Ripley and Billie must come to terms with what it means to be an alien . . . and what it means to be human.

Armor John Steakley, 1984-12-04 The military sci-fi classic of courage on a dangerous alien planet The planet is called Banshee. The air is unbreathable, the water is poisonous. It is home to the most implacable enemies that humanity, in all its interstellar expansion, has ever encountered. Body armor has been devised for the commando forces that are to be dropped on Banshee—the culmination of ten thousand years of the armorers' craft. A trooper in this armor is a one-man, atomic powered battle fortress. But he will have to fight a nearly endless horde of berserk, hard-shelled monsters—the fighting arm of a species which uses biological technology to design perfect, mindless war minions. Felix is a scout in A-team Two. Highly competent, he is the sole survivor of mission after mission. Yet he is a man consumed by fear and hatred. And he is protected, not only by his custom-fitted body armor, but by an odd being which seems to live within him, a cold killing machine he calls "The Engine." This is Felix's story—a story of the horror, the courage, and the aftermath of combat, and the story, too, of how strength of spirit can be the greatest armor of all.
