A Ripple Effect Lisa Y. Bullard, 2011-12 A Ripple Effect is an inspirational novel that may challenge your strength to trust or love and test your courage to forgive. Life is full of surprises when two friends plan to have a spa day. Something goes wrong. Erika, in the emergency room, has memories of her painful past. Everett knows better than to fall for his patient. Especially when his wife is a patient in the critical care unit. Sharae is confused as she wakes up in the recovery room. Her last memory was driving with her friend Erika. Michael wants to find the right woman. He worries if a woman will understand his commitment to raise a son who is not his child. These people are trying to move beyond their mistakes. Does a hurtful life experience justify the choice to go after what or who they want despite the consequences? The mind may be willing to do the right thing, for a moment, yet the flesh is weak. Life is even more complicated when a truth is revealed that may turn their world upside down.

What Don't Kill Me Lisa Butler, 2014-10-03 "...Babe, your mother made me a little nervous." she said with a straight face. I rubbed her arms, "Why? I thought everybody was happy. What's wrong? I'm here. You can always talk to me. We said we would stay honest and open with each other a long time ago, right?" She nodded, "But she told me to tell you that you need to tell me everything. What was she talking about?" I exhaled as a million thoughts ran through my mind. Where do I start? Let me think... Derek Greene finally had the woman of his dreams, Ciara. Now all he has to do is pray that he's strong enough to prove that she can move on from being "Damaged Goods," all while letting her into his life and what ultimately lead him back to her. They say, "What don't kill you, makes you stronger," but how strong can one person's heart be?

Every Note Played Lisa Genova, 2018-03-20 "Unsparing in her depiction of the disease's harrowing effects, neuroscientist Genova also celebrates humanity." –People "Sometimes it's easier to tell truth in fiction...And she tells it with heart and hope." –NPR "Her juxtaposition of scientific detail with compassionate, heartfelt storytelling is unparalleled." –Bookreporter "Every Note Played will grip and gut you." –The Boston Globe From neuroscientist and New York Times bestselling author of *Still Alice* comes a powerful exploration of regret, forgiveness, freedom, and what it means to be alive. An accomplished concert pianist, Richard received standing ovations from audiences all over the world in awe of his rare combination of emotional resonance and flawless technique. Every finger of his hands was a finely calibrated instrument, dancing across the keys and striking each note with exacting precision. That was eight months ago. Richard now has ALS, and his entire right arm is paralyzed. His fingers are impotent, still, devoid of possibility. The loss of his hand feels like a death, a loss of true love, a

divorce—his divorce. He knows his left arm will go next. Three years ago, Karina removed their framed wedding picture from the living room wall and hung a mirror there instead. But she still hasn't moved on. Karina is paralyzed by excuses and fear, stuck in an unfulfilling life as a piano teacher, afraid to pursue the path she abandoned as a young woman, blaming Richard and their failed marriage for all of it. When Richard becomes increasingly paralyzed and is no longer able to live on his own, Karina becomes his reluctant caretaker. As Richard's muscles, voice, and breath fade, both he and Karina try to reconcile their past before it's too late. Poignant and powerful, *Every Note Played* is a masterful exploration of redemption and what it means to find peace inside of forgiveness.

The Promised World Lisa Tucker, 2011-08-04 Since childhood, Lila has been closer to her twin brother Billy than anyone in the world. They even took a vacation together when Lila and her husband Patrick got tenure. To Patrick, his wife's relationship with her twin has always been something of a mystery. He knows Lila and Billy's parents died when they were teenagers, but he doesn't understand why Lila never talks about her parents. He also doesn't understand why books have always been so crucially important to the twins. A math teacher, Patrick is particularly mystified by Lila's obsession with stories. Then one afternoon, Billy points a rifle out the window of a hotel across from an elementary school. Billy is shot, suicide by police, Lila is told. Billy's death devastates her, but it is his reason for wanting to die that both stuns and horrifies her: he'd been charged with child abuse, of endangering the life of his middle child and namesake, eight-year-old William. In the aftermath of her twin's death, Lila falls apart. Soon her job, her marriage, her carefully constructed past—and even her sanity—are put at risk, as she tries to make sense of her life with Billy and the long-buried secrets of their childhood. While Patrick attempts unsuccessfully to save his wife, Lila's slowly comes face to face with who her brother really was—only to realise that there may be another person in danger now. Billy's favourite child, her nephew William, may be about to re-enact the same story Billy taught her to believe in so many years ago: a story of betrayal and lost innocence that must be redeemed by a violent act that could destroy them all.

Starting Out Kaiya Kokoro, 2015-01-25 Your complete anime persona takes account of your unique personality and appearance, and develops and accentuates those traits which have a natural place in an anime life. Your individual characteristics, aside from being developed in alignment with your ideal anime life, are also contrasted with a group of friends, each also committed to developing an anime lifestyle and persona. Together, individual similarities and differences help create a dynamic and fun group environment. And since no anime lifestyle is complete without some exciting plot-line, the group is put into action going on adventures, working on projects, and achieving goals together. In chapter 1, you will take several quizzes to help you determine what anime personality traits you have. This will help you find your niche among the friends who will take the anime dream to the next level, providing a context for your individual character to be fully realized. In chapter 2, you will learn how you can bring the anime dream to its ultimate manifestation by structuring your group around a Group Focus. The Group Focus serves as a kind of plot-line within which talents will be realized and adventures will be had. In chapter 3, you'll learn how to plan exciting adventures. From fun afternoons to overnight trips - adventures of all sorts are discussed in detail, as well as how to make them affordable and safe. Chapter 4 discusses ways to add anime magic to holidays. In addition to

traditional Western holidays that are also celebrated in Japan, common Japanese holidays, celebrated in Japan and in anime, will be discussed. We will review ways to incorporate those holidays in your life through small celebrations with your friends. Chapter 5 discusses group projects - activities that you and your friends can work on together such as making a group photo book, sewing costumes, and making anime style accessories. There is even a how-to guide for creating anime-like photos.

All of a sudden, the wonderful reality hits me as fast as the speed of light! Back in May, it was decided that, due to the fact that my show wrapped up filming on July 1st, and that my next show would begin filming in July 2022, that I would move back home for the year to be with my parents, best friends, plethora of good friends, and everyone that I loved for my senior year of high school! Even though I would be home-schooled, it didn't matter! I would still be with everyone that I loved! However, my parents are the only ones who know I am home!

All Out of Love Lisa Metallo,2023-04-28 At 27 years old, Laura's life is going exactly as planned. She has a great job, a loving family, and is engaged to her true love....until everything changes. Suddenly Laura is forced to recreate her reality and embark on unknown adventures in love and friendships. Rather than a romantic honeymoon, Laura heads off to Europe with her sister Sophia. They enjoy cheese and baguettes by the Eiffel Tower, tapas in Barcelona, and Aperol Spritz in Italy. They practice their Italian, meet New Yorkers that seem like distant cousins, Australians that remind them not to take life too seriously, and most importantly, they discover themselves. Laura begins to see that even though she is missing the love she once had, the love of friends and family is invaluable. Being open to new situations, Laura accepts a job on a cruise ship where she becomes part of an entirely different world. She meets new friends from England, Croatia, Australia, South Africa, and all around the world. She gets to explore countries she never thought to visit. She begins to find happiness as a single woman. She eventually moves into her own condo and celebrates her independence. She becomes open to the online dating world, only to realize that she's rarely interested in going on a second date with the guys she meets. When she does enter a relationship, she often discovers that unlike her, most men have not moved away from their past or forgiven their exes. Some men, regardless of their age, can tell a lie so well that they've fully embraced it as reality. Eventually, lies are revealed, and Laura moves on to find herself once again. She's adamant to not settle for the sake of being in a relationship. So she returns to her love - travel. Although romances are sometimes short-lived, it brings Laura happiness and reminds her that she doesn't need anyone. She is enough. Until she meets Connor. From their love of music, concerts, and art, the two are inseparable. She felt chemistry from the moment they met, and their passionate nature made even the mundane of days exciting. But just as

she finally lets go of the pain of her past, things drastically take another turn and Laura is no longer safe in her own home. Realizing her independence and happiness are in jeopardy, Laura must find a way to escape and start over once again. She must learn to accept that no matter how much she plans, nothing is ever truly in her control.
