Craft We Chose Richard L. Holm, 2011-08-01 Many books, fiction and nonfiction alike, purport to probe the inner workings of the U.S. Central Intelligence Agency. Many attempt to create spine-tingling suspense or allege that America's civilian spy operation has run

amok and been infested with rogues and criminals. Not that *The Craft We Chose* lacks suspense, harrowing encounters, or its own share of villains, but this book is different; it is a straightforward, honest, surprisingly captivating memoir by one of the CIA's most well-known and honored career officers. For more than three decades, Richard L. Holm worked in the agency's Directorate of Operations now the National Clandestine Service the component directly responsible for collecting human intelligence. His assignments took him to seven countries on three continents, and his travels added many more destinations. At almost every turn Holm encountered his share of dangerous characters and situations, including one that nearly ended his life before he turned 30. *The Craft We Chose* is more than a chronicle of those episodes. It also reveals Holm's private life, his roots and family, his courtship and marriage, and his four daughters, whom he affectionately calls his platoon.

Infamous Lady Kimberly L. Craft, 2014-10-11 This new and expanded second edition explores the life of the 16th-century Blood Countess of Hungary, Erzsébet Bathory. Reputed to be both a vampire and the world's worst female serial killer, she allegedly bathed in the blood of her 650 victims. Based on newly-found source material, translated into English for the first time, this book explores the actual life and trial of Countess Bathory, through letters, documents, and trial transcripts.

The Craft of the Warrior Robert L. Spencer, 2005-12-23 A big house, fancy cars, and money in the bank seldom lead to a fulfilling life, a life true to one's potential and essential nature. Ordinary life can be a prison, but it doesn't have to be that way. In this updated edition of *The Craft of the Warrior*, author Robert Spencer asserts that a new myth is emerging—one that guides people to a life of conscious living, where they escape the rat race and forge a new destiny based on real choice. The warrior's way leads from compulsion to freedom, from boredom to adventure, and from darkness to awareness. Synthesizing the works of Carlos Castaneda, Dan Millman, G.I. Gurdjieff, and Chogyam Trungpa, and combining personal growth processes including the Feldenkrais Method and Neuro-Linguistic Programming, Spencer opens the gate to anyone with enough spunk to enter this way of life. The amount of free will we have is directly proportional to the degree of freedom we have from our compulsions, writes Spencer. Getting that freedom is the task of the warrior's life.
