Little Tail's Rhyming Roots Loriccia White,2012-03-01 How playful and silly the wind can be with things that are joyous and free! Leaves flipped, and cartwheeled, along the path past the window. They seemed to be racing, and every once in a while one, or more, would spin and crash, and then rush off again! Back and forth they teased, spinning high they flew! On that day the wind brought many things, including a discarded old shoe! The little mouse wanted to be outside very much! And K'nicks did too! But it seemed that they had, what Mother Mouse called, the Jerboa Jumping Flu! The germ was very clever how it made their noses red, and with one sneeze could soar ten feet, or so the book had said! Loriccia White shares the second set of silly stories of Little Tail's days by the stream with Father Mouse, Friends, Aunts, and Uncles! Life is a riddle, which doesn't have to rhyme, and giggles, carried far, through roots of time!

Evolutionary Biology and Conservation of Titis, Sakis and Uacaris Liza M. Veiga, Adrian A. Barnett, Stephen F. Ferrari, Marilyn A. Norconk, 2013-04-11 The neotropical primate family Pitheciidae consists of four genera *Cacajao* (uacaris), *Callicebus* (titis), *Chiropotes* (bearded sakis) and *Pithecia* (sakis), whose 40+ species display a range of sizes, social organisations, ecologies and habitats. Few are well known and the future survival of many is threatened, yet pitheciines have been little studied. This book is the first to review the biology of this fascinating and diverse group in full. It includes fossil history, reviews of the biology of each genus and, among others, specific treatments of vocalisations and foraging ecology. These studies are integrated into considerations of current status and future conservation requirements on a country-by-country basis for each species. A state-of-the-art summary of current knowledge, *Evolutionary Biology and Conservation of Titis, Sakis and Uacaris* is a collective effort from all the major researchers currently working on these remarkable animals.
