The Quantum Spy: A Thriller David Ignatius,2017-11-07 “The Quantum Spy takes us to a whole new level of intrigue and espionage. It’s also unbelievably timely. In short: David Ignatius knows his stuff.” —Wolf Blitzer A hyper-fast quantum computer is the digital equivalent of a nuclear bomb; whoever possesses one will be able to shred any encryption and break any code in existence. The question is: who will build one first, the U.S. or China? In this gripping thriller, U.S. quantum research labs are compromised by a suspected Chinese informant, inciting a mole hunt of history-altering proportions. CIA officer Harris Chang leads the charge, pursuing his target from Singapore to Mexico and beyond. Do the leaks expose real secrets, or are they false trails meant to deceive the Chinese? The answer forces Chang to question everything he thought he knew about loyalty, morality, and the primacy of truth.

The Golden Screen Jeff Yang,2023-10-24 From a New York Times bestselling author, this groundbreaking book celebrates and examines the history of Asian Americans on the big screen, exploring how iconic films have shaped Hollywood, representation, and American culture. In 2018, the critical and financial success of Crazy Rich Asians ignited new fires in Hollywood to create and back Asian-centric stories. Since then, the number of movies featuring Asian Americans, either in front or behind the camera, has boomed and ushered in a new era of filmmaking. But many films, like The Joy Luck Club in 1993, paved the way for Asian American-led films before Crazy Rich Asians and to today. The Golden Screen is an in-depth look at those films, and the factors that played into their success. The Golden Screen includes commentary and conversations from Hollywood's most visible faces, such as Simu Liu, Lulu Wang, Daniel Dae Kim, Janet Yang, Ronny Chieng, Alice Wu, and Ken Jeong. See the movies that inspired today's modern stars to enter moviemaking, and how they're paying it forward to the next wave of creators. Featuring beautiful, original artwork from nine esteemed Asian illustrators, including: Toma Nguyen, barbarian flower, Jun Cen, Cryssy Cheung, Cliff Chiang, Yu-Ming Huang, JiYeun Kang, Ashraf Omar, and Zi Xu. A beautiful keepsake and collection of over 100 photographs and original art, The Golden Screen is perfect for movie and history fans alike, and reaffirms the importance of the Asian American film canon, and all the people involved, in an increasingly diverse Hollywood.

Aces of the Republic of China Air Force Raymond Cheung,2015-05-20 The ace pilots of the Republic of China Air Force have long been shrouded in mystery and obscurity, as their retreat to Taiwan in 1949 and blanket martial law made records of the RoCAF all but impossible to access. Now, for the first time, the colourful story of these aces can finally be told. Using the latest research based on released archival information and full-colour illustrations, this book charts the history of the top scoring pilots of the RoCAF from the beginning of the gruelling, eight-year Sino-Japanese War to the conclusion of the Civil War against the Chinese Communists. Beginning as a ragged and very disparate group of planes and pilots drawn from various provincial air forces, the RoCAF gradually became standardised and was brought under American tutelage. Altogether it produced 17 aces who scored kills whilst flying a startling variety of aircraft, from biplanes to F-86 Sabres.

The Cervanrean Heritage J. A. Garrido Ardila,2017-12-02 Many critics regard Cervantes's Don Quixote as the most influential literary book on British literature. Indeed the impact on British authors was immense, as can be seen from 17th-century plays by Fletcher, Massinger and Beaumont, through the great 18th-century novels of Fielding, Smollett, Sterne, and Lennox, and on into more modern and contemporary novelists. 20th-century critics, fascinated by Cervantes, were moved to write what we now see as the classical works of Cervantes scholarship. Through their previous publications, the eminent contributors to this volume have helped to determine the reception of Cervantes in Britain. Together they now offer a comprehensive and innovative picture of this topic, discussing the English translations of Cervantes's works, the literary genres which developed under his shadow, and the best-known authors who consciously emulated him. Cervantes's influence upon British literature emerges as decidedly the deepest of any writer outside of English and, very possibly, of any writer since the Renaissance.

Guerrilla TV Ian Lewis,2000-02-09 The world of digital television means hundreds of channels, all trying to be different, all looking for product. But the overall international production spend has scarcely increased. Guerrilla TV shows how to make high quality programs at budget levels which were previously thought impossible, and how to make a living doing it. This book is about empowerment; about making things happen. It is packed full of ideas, inspiration and help. The author, an experienced director/producer/writer, provides an insight into the 'real world' of television program making today. He uses many examples of how different low budget programs have been handled successfully with very professional results. Guerrilla TV assumes that you are starting with little more than a desk and a telephone, in a world where everything has to be paid for. The mantra running throughout this book is: 'think before you spend'. Do not use money (of which you have very little) as a substitute for thought (which is free). And the other mantra: 'in the end, you don't save money by scrimping!' Read this book - take the advice offered and watch your career take off!
