Under a War-Torn Sky L.M. Elliot, 2015-04-01 Shot down on a mission, 19-year-old bomber pilot Henry is alone in a treacherous land. Desperate to get back to his family and the girl he loves, he is forced to rely on the kindness of strangers and the cunning of the French Resistance. But in his battle to survive the deadly journey across Nazi-occupied Europe, he must face a terrible choice: can he take someone's life to save his own?

The IS-LM Model Michel de Vroey, Kevin D. Hoover, 2004 For some twenty-five years after the end of the Second World War, the IS-LM model dominated macroeconomics. Inspired by the work of John Maynard Keynes, this model demonstrates the relationship among savings, income, investments, and interest rates, showing the point at which the interaction of these elements produces equilibrium in an economy. With the advent of the new classical macroeconomics in the early 1970s, the dominance of the IS-LM model was effectively challenged. While no longer central to the graduate training of most macroeconomists or to cutting-edge macroeconomic research, the IS-LM model continues to be a mainstay of undergraduate textbooks, to find wide use in applied macroeconomics, and to lie at the conceptual core of most government and commercial macroeconomic models. This volume, the annual supplement to *History of Political Economy*, explores the rise, the fall, and the persistence of the IS-LM model. In addition to presenting papers from the *History of Political Economy* conference held at Duke University in April 2003, the volume includes the text of an address delivered at the conference by Nobel laureate Robert E. Lucas Jr., one of the central players in the intellectual movement that dethroned the IS-LM model. Contributors. Roger E. Backhouse, Mauro Boianovsky, Michael Bordo,

Walls L.M. Elliott,2021-07-27 Can two cousins on opposite sides of the Cold War and a divided city come together when so much stands between them? Drew is an army brat in West Berlin, where soldiers like his dad hold an outpost of democracy against communist Russia. Drew's cousin Matthias, an East Berliner, has grown up in the wreckage of Allied war bombing, on streets ruled by the secret police. From enemy sides of this Cold War standoff, the boys become wary friends, arguing over the space race, politics, even civil rights, but bonding over music. If informants catch Matthias with rock 'n' roll records or books Drew has given him, he could be sent to a work camp. If Drew gets too close to an East Berliner, others on the army post may question his family's loyalty. As the political conflict around them grows dire, Drew and Matthias are tested in ways that will change their lives forever. Set in the tumultuous year leading up to the surprise overnight raising of the Berlin Wall in August 1961, and illustrated with dozens of real-life photographs of the time, *Walls* brings to vivid life a heroic and tragic episode of the Cold War.

The Road to Yesterday L. M. Montgomery,1993-01-01 For Anne and Gilbert Blythe, life in a small village is never dull because of all the entertaining gossip, and what strange and funny tales they hear: about the mischievous twins whose dearest wish comes true when they meet up with a bored and haunted millionaire; or clever Penelope Craig, who

considers herself an expert on children -- until she adopts a boy of her own; or Timothy Randebush, a man so eager to keep his brother out of the clutches of a dangerous woman that he spirits her away -- only to fall prey to her charms himself. Filled with unexpected surprises, laughter, and tears, here are fourteen of the Blythes' favorite tales.

Advanced Macroeconomics Derek Leslie, 1993-01-01 This text, which is intended for use at third year undergraduate and introductory graduate level, takes the student beyond the IS/LM model. Advanced Macroeconomics starts from the assumption that an economic variable is driven by past events, current happenings and what is believed might happen in the future - that is a dynamic understanding of economics - a theme that is emphasized throughout. Within this context, rational expectations, for which a thorough and accessible grounding in solution methods is given, are central to the text as well as other methods of forecasting. Some of Sargent's ideals are also reviewed.

IS-LM and Modern Macroeconomics Warren Young, Ben-Zion Zilberfarb, 2012-12-06
IS-LM is perhaps the prime example of 'cognitive dissonance' in economics, and is problematic to many economists. On the one hand, the IS-LM model is still taught by many academic economists or they use it to derive the AD-AS approach. On the other hand, the

same economists realize the limitations of the basic IS-LM model and would not now use it for policy analysis, as they did in the past. The distinction between pedagogical and analytical efficacy is made by all the authors in this volume regarding the IS-LM model. Indeed, even those who would reject using the model for modern policy analysis still see the basic model as useful for teaching purposes. Moreover, in an augmented form, some of the authors in this volume would even see fit to use IS-LM for modern policy analysis. As will be seen, therefore, the IS-LM model is 'not yet dead'. Rather, the model's 'plasticity' has enabled it to undergo a metamorphosis into augmented form, enabling its continuing utilization in economics accordingly.

Anne of Avonlea L. M. Montgomery, 2023-03-16 Anne Shirley, now 16, is moving from childhood into adulthood. As she begins teaching at Avonlea school she is determined to treat the children as she wishes she had been treated, and has many theories as to how that should be accomplished. She also enters the grown-up world of Avonlea in typical Anne fashion by working to beautify the landscape, and helping to form the Avonlea Village Improvement Society. Old friends are joined by new ones, including an outspoken neighbor with a rude parrot and a young-at-heart spinster who proves to be a true kindred spirit. Anne of Avonlea, originally published in 1909, is the sequel to Anne of Green Gables, and follows Anne Shirley through her next two years. While it has received less critical acclaim than its predecessor, it has enjoyed enduring popularity and has been adapted into television, movie, and theater.

Across Enemy Seas L.M. Elliot, 2015-04-01 As evacuees from Blitz-stricken London, Charles and his little brother Wes have survived a deadly journey across the Atlantic to reach the safety of America. Yet Charles is overcome by guilt that, back home, his friends and family are fighting on without him, while Wes is haunted by terrifying nightmares. Anne of the Island - L. M. Montgomery L.M. Montgomery, 2021-06-30 New adventures lie ahead as Anne Shirley packs her bags, waves good-bye to childhood, and heads for Redmond College. With her old friend Prissy Grant waiting in the bustling city of Kingsport and her frivolous new friend Philippa Gordon at her side, Anne tucks her memories of rural Avonlea away and discovers life on her own terms, filled with surprises . . . including a marriage proposal from the worst fellow imaginable, the sale of her very first story, and a tragedy that teaches her a painful lesson. But tears turn to laughter when Anne and her friends move into an old cottage and an ornery black cat steals her heart. Little does Anne know that handsome Gilbert Blythe wants to win her heart, too. Suddenly Anne must decide whether she's ready for love.

The Communist Manifesto Friedrich Engels, Karl Marx, 2004-08-30 L.M. Findlay's elegant new translation is a work of textual and historical scholarship. Few books have had as much of an impact on modern history as *The Communist Manifesto*. Since it was first published in 1848, it has become the rallying cry for revolutionary movements around the world. This new Broadview edition draws on the 1888 Samuel Moore translation supervised by Engels—the standard English version in Marxist discourse—and on the original Helen Macfarlane translation into English of 1850. Throughout, Findlay draws on a variety of

disciplines and maintains a broad-ranging perspective. Among the appendices are Engels' "Draft of a Communist Confession of Faith," correspondence and journalism of Marx and Engels, ten illustrations, and eight additional influential political manifestos from the eighteenth and nineteenth centuries.
