Does a Lobsterman Wear Pants? Barbara Delinsky, 2005-01-01 While researching background on the lives of Maine lobster fishermen's families for her recent novel *The Summer I Dared*, best-selling novelist Barbara Delinsky was captivated by all the interesting, amusing, and surprising information she turned up. She collected much of it in this little book, arranged in an entertaining question and answer format. Lobstering Off Cape Ann Peter K. Prybot, 2006 Whether you personally choose one out of a tank at an upscale restaurant or break his claws with a hammer at a seafood dive, the American lobster remains the Northeast's most commercially valuable animal. Tragically, both overfishing and environmental concerns threaten one of the most enduring and endearing of Northeastern professions--lobstering. In his latest work, Peter K. Prybot, a Gloucester lobsterman himself for forty-six years, writes boldly and passionately about his calling. With an insider's grasp of the details, he spins for landlubbers a fascinating narrative about the lobster industry, introducing its pioneers, its development and even some of today's salt-crustured lobstermen. Personally concerned with the future of his profession, Prybot writes with hope for the future, but he keeps a keen eye on the dangers that threaten this great American heritage. Witty, funny and at times heart-wrenching, Prybot's tale of the intertwined lives of the American lobster and the men who chase it is a testament to Gloucester's deeply-rooted ties to the ocean and its marine life.

The Life of a Maine Lobsterman Andrew Gove, 2020-12-07

The Lobsterman's Daughter Michael Lieberman, 2014-05-08 The Lobsterman's Daughter is a tale of murder and deceit in five generations of a Maine family, the Markhams. The story's narrator, Henrietta Markham, is a recent Harvard graduate, who submits an early version as her honors thesis and claims her work is an actual history of her family. She tells the story in her own voice and the conjured voices of her relatives, both living and dead. After graduation, in Barcelona she faces her own deceit in omitting her sins from the chronicle and adds a journal that documents her bizarre attempts at expiation and atonement. Markham sends the new version back to her advisor and asks that it be published as her final word on her family's history. In an epilogue Lieberman's author struggles unsuccessfully to regain control of a narrator who is at once incorrigible and essential. Ultimately the novel asks us to consider our capacity for evil, what it means to atone, and where forgiveness and grace reside.

The Lobsterman and the UFO Neal Parker, 2014-07-17 Ralf Winslow, lobsterman, was a man of few words. . . and lately what he did have to say wasn't particularly nice. Fishing and life in general had not been going well for Ralf. Then, one quiet morning, the lone lobsterman was startled by a mystifying streak of light swooping across the dawn sky. The

fiery white band closed with the surface of the water, tearing along the line of Ralf's traps and buoys. Before he could appreciate what was taking place, a steaming saucer the size of a merry-go-round and just as colorful came to rest not twenty from his lobsterboat, the beloved Betsy Ann Jolene. From that moment on Ralf and the universe were changed forever.

The Lobstermen of Penobscot Bay Gerald H. Lufkin, 2008-03-27 Pull up that slack! Jeremy yells, trying to be heard over the howling wind. Snug it up! Snug it up! he continues excitedly (as he is) trying to control the boat in the wild seas. Here she comes! his son replies as a three foot lobster trap comes flying over the gunwale. Never mind them now! Jeremy orders, Pull out the slack in that trawl line before it snags the propeller. We've got one more trap on this trawl! Just then a wave crest breaks over the boat and then sucks the stern back over the trap line. 'Crack! Snap!' the line breaks sending Charley hurtling into the cabin bulkhead. He struggles to grab a handhold while the deck is awash with sea water. The lobsterman and his son are twelve miles off the mainland in outer Penobscot Bay. They are working furiously against the wind and icy cold ocean spray. Twelve foot ocean swells lift his 40 foot work boat up like an express elevator onto the wind driven wave crests and then the boat drops over the other side like a rock. (The) engine strains to keep headway and steerage against the swells---insulated rubber gloves and numb hands make it impossible to take up the slack in the lobster trap line strung out three hundred feet in the freezing water This story is about these stout hearted men, their relationships among each other and the heart rendering fear suffered by their families. Most of all it is about their day-to-day danger, excitement and emotional encounters set in the midst of the most beautiful environment that anyone could want to live in.

Nature Charles W. Garnache,2008-10-28 The Northwest Atlantic is more dangerous to life and vessels than even the Bering Sea. This is a story of great heroism and discipline and the overpowering drive that Nature imposes on all of us to survive. This is an attempt to emphasize the power of Nature and particularly the truth that we are all bound to obey her dictates. Violating the laws of Nature results in immediate negative consequences. It demonstrates that of all the creatures on earth, only humans have the ability to violate Nature! Truth can be found in all things by seeing life through the eyes of Nature. The lobster survives within Nature's Laws. Humans prosper as they obey the dictatorship of Nature. Note: God and Nature are capitalized for the same reason. They are one and the same. (Deist)

Lobster Man Donald Fairburn,2020-10-12 This is a fictional short story about a lobsterman working out of Booth Bay Harbor, along the southeast coast of Maine. He is recently widowed, rather old to be doing the strenuous work needed to make a living from the sea, and has trouble making payments on his lobster boat which is his sole means of support. He has little use for people who don't pull their own weight and has few but very likable friends. And understandably, they are about as well off as he is. His loyalty to his friends is his most enduring quality. But it takes a stranger in town to fully understand and express this. She is a visitor to Maine, in town for a summer vacation. And yet, it is her perspective that provides the clearest understanding of his true nature.
