Myrtle the Loggerhead Turtle Bill Borg, 2021-10-15 Myrtle the turtle is about a real life turtle that has come to Hilton Head Island for over 60 years. Learn important facts about helping sea turtles survive. The book interjects fantasy and was written for ages 4-10 years old. The illustrations are magical, done by Mira Scott. A portion of every book's proceeds will go to the Hilton Head Sea

Lefty the Loggerhead Turtle Hale W. Bremer, 2004-09 Go Lefty, Go Lefty! Lee County Florida students chant as they participate in a story play of the children's book *Lefty the Loggerhead Turtle*. They have witnessed Lefty's life from a small hatchling seeking the moonlight to a mature turtle forced to cope with the loss of a front flipper. What is it the physically challenged Canadian suggests as a solution that has many shaking their heads in disbelief? Can a prosthesis-yes, a prosthesis, return the crippled sea turtle to the life he once knew? Sounds incredible, but adults will join their children and cheer! Everyone wishes the loveable sea creature will meet his own life's challenges and return to his ocean paradise at Bahia Honda State Park in the Florida Keys. This compelling children's book will easily become the hands-on favorite for those who know a winner and cheer for his success.

Twice Round the Loggerhead Lance R. Lee, Bruce Halabisky, 1999 The Azores are an island nation where historically whaling was an essential way of life. To hunt the whale, young men and old would risk their lives in open boats from shore, and this activity represents the heart of Azorean history and tradition. This volume contains essays on the rich history of whaling and its associated folkways in the Azores and on the techniques of building the boat and the author's relationship with his Azorean mentor. Abundantly illustrated with line drawings, historical photographs, and over fifty watercolours documenting both the process and setting.
