Told almost entirely in sound words, this day-in-the-life look at a fire engine crew will appeal to the youngest vehicle enthusiasts and to parents with a penchant for exuberant read-aloud sessions. With art reminiscent of that in Donald Crews’s transportation books, Mike Austin evokes the excitement of a 911 call as we follow firefighters down the fire pole, through town, and up the ladder truck.

Analyze the actions of Wang Lung’s uncle to describe his true character. Identify what is being described from the metaphors and similes in the text. Understand key vocabulary words prior to reading with fill-in-the-blank paragraphs. Research the meaning of each form of literary irony, then identify the type of irony used in the novel. Write a sensory poem to express the many representations of the land to Wang Lung. Aligned to your State Standards and written to Bloom’s Taxonomy, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: The Good Earth is a Pulitzer Prize-winning story about family life in a Chinese village before World War II. Wang Lung and his new wife O-Lan buy land from the Hwang family in the hopes of starting a modest farm. During this time, O-Lan gives birth to three sons and three daughters. The first daughter becomes mentally handicapped due to severe malnutrition and famine, causing O-Lan to kill the second daughter and sell the third to a merchant. Famine and drought force the family to leave for a large city in the South to find work. Arriving in the city, Wang Lung finds a job pulling a rickshaw, while his family turns to begging. Things get better when armies approach the city and a food riot erupts. Wang Lung receives enough money to return home and have a prosperous life.

🔍 **Does Mark 16:9-20 belong in the New Testament?** David W. Hester,2015-03-19 For almost fifty years, much has been written concerning Mark 16:9-20. During the same time period, evidence once counted against Mark 16:9-20 was shown to be otherwise. In this study, David W. Hester surveys modern scholarship (1965-2011) surrounding the passage. He examines the passage itself--the external evidence, with particular attention paid to the manuscripts and the patristics, especially those of the second and third centuries; and the internal evidence, featuring details that are problematic as well as those that favor Markan authorship. Finally, a proposal concerning the origin of the passage is presented. The first edition of Mark’s Gospel ended at 16:8, resulting in the manuscript tradition that omits the passage, but this was not his intended ending. Later, his associates attached Mark’s notes and published a second edition of the Gospel with the last twelve verses. This led to its inclusion. Given that the passage is cited by second- and third-century witnesses and attributed to Mark, along with the biblical prohibition against adding to or taking from Scripture, it is doubtful that an anonymous second-century author could have been successful in adding his own composition and it being widely accepted by the early church.

Aligned to your State Standards and written to Bloom’s Taxonomy, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: Fahrenheit 451, written by Ray Bradbury, is the story of a man’s struggle with his society and himself. The story begins with Guy Montag, a fireman charged with the job of burning books that have become outlawed. In this society, books have been deemed to have no value with new media and sports accommodating short attention spans. His struggle begins when he meets his neighbor Clarisse McClellan, a free-thinker that begins to open his mind. From there, he soon finds himself stealing the books he was tasked to destroy. Montag’s struggle culminates in an attempt to discover the value of books himself, putting him in the very same danger as those he once persecuted.
