Lotus 98T Stephen Slater,2016-05-01 The Lotus 98T was the 1986-season, JPS-liveried F1 car driven by Ayrton Senna and team-mate Johnny Dumfries. Senna took eight podium positions, including two wins in the car, taking the fight to the superior McLarens and Williams. The 98T was one of the ultimate incarnations of an F1 car, powered by a Renault V6 turbo engine, which is conservatively estimated to have produced up to 1,300bhp at full boost. Senna was mighty to behold at the wheel of the 98T - he took pole position at eight of the season's 16 races, with victories in Spain and Detroit, famously crossing the line alongside Nigel Mansell in Spain, to win by 0.014s. This Manual, extensively illustrated with both period photographs and technical illustrations and photographs of a recently restored car, provides a fascinating insight into the design, evolution, operation, maintenance and restoration of the Lotus 98T.

DRIVEN John Aston, 2019-07-12 **DRIVEN** is John Aston's hugely entertaining motoring autobiography. This ambitious and far-ranging book begins with his early days as a teenage car enthusiast and race marshal in the late Sixties before covering the wide range of subjects close to his heart. These include the best and worst of Formula One, the icon that is Ferrari, the writer's NASCAR adventure, and the delights of long road trips in his beloved Caterham Seven. But that's not all, as you can read about why the NSU Ro80 was a prophet without honour, as well as what the writer thinks about the changing face of motoring journalism. Yes, one J Clarkson is mentioned ... And there's more still, as a major part of the book is a first-hand account of a year in British motorsport. The writer's love of the lesser known categories of motorsport illuminates the text, as does his insight into the places, people and machinery making up the sport's diversity. He describes the mood music of events ranging

from a round of the British Touring Car Championship to historic race meetings for Cortinas and Minis, before venturing further from the mainstream with drag racing at Santa Pod, speed hillclimbs, autograss and rallying. Oh - he also doubled the average age at a Time Attack meeting. Don't expect objective reporting, as he holds strong opinions, but they are leavened by a tongue firmly lodged in his cheek. Any reader, enthusiast or not, is guaranteed to enjoy reading about these adventures as much as the writer enjoyed having them.

Lotus Elite, Eclat and Excel Matthew Vale,2016-02-29 Lotus introduced the Type 75 Elite in 1974.

Being a full four-seater coupe with an opening glass tailgate, it was designed to carry a family in comfort while retaining Lotus' trademark, excellent road holding and handling. Perhaps most importantly, it was the first - and successful - step in Colin Chapman's plan to move upmarket and

away from Lotus' kit car image. The Elite gave rise to two derivatives, the Eclat and the Excel. The Eclat was a restyled coupe version, sacrificing the Elite's unique rear styling and good rear passenger headroom for a more stylish exterior. With its conventional coupe styling, the Eclat was more mainstream than the Elite, and it was in the end the better seller. In turn, the Eclat spawned the Excel, the last of the Elite-inspired family. Matthew Vale looks at the history of these unusual Lotus models, and gives a thorough guide to buying and owning the cars today. Of interest to all motoring enthusiasts and Lotus owners in particular, it includes information on buying and owning the cars today, specifications, owner's experiences and technical information. Superbly illustrated with 130 colour photographs, both period and contemporary.
