Sundays at Moosewood Restaurant Moosewood Collective,2013-10-29 Since its opening in 1973, Moosewood Restaurant in Ithaca, New York, has been synonymous with creative cuisine with a healthful, vegetarian emphasis. Each Sunday at Moosewood Restaurant, diners experience a new ethnic or regional cuisine, sometimes exotic, sometimes familiar. From the highlands and grasslands of Africa to the lush forests of Eastern Europe, from the sun-drenched hills of Provence to the mountains of South America, the inventive cooks have drawn inspiration for these delicious adaptations of traditional recipes. Including a section on cross-cultural menu planning as well as an extensive guide to ingredients, techniques, and equipment, Sundays at Moosewood Restaurant offers a taste for every palate. Moosewood Restaurant is run by a group of eighteen people who rotate through the jobs necessary to

make a restaurant work. They plan menus, set long-term goals, and wash pots. Moosewood Restaurant contributes 1% of its profits from the sale of this book to the Eritrean Relief Fund, which provides food and humanitarian assistance to the Eritrean people. Moosewood Restaurant supports 1% For Peace, an organization working to persuade the government to redirect 1% of the Defense Department budget towards programs that create and maintain peace in positive ways.

Wings of the Fleet Peter Freeman, 2012-07-01 This book covers the relatively little-documented period in US Navy and Marine Corps aviation 'between the wars' from 1919-1941', which is widely regarded as the 'Golden Era', when US Navy and Marine Corps aircraft carried some of the most striking schemes and markings ever seen. Over 550 different aircraft model designations appeared during this period, many numbering only a handful of aircraft, but of those which went in to full scale production, many were significant aircraft which contributed to the development of naval aviation worldwide. With scores of full color profile and 4-view illustrations, and some well selected

representative contemporary photos, the book covers aircraft development, color schemes and markings, in a chronological format, presenting each aircraft type from its first entry into service until obsolescence, with a cutoff date of 7 December 1941 - the date that the United States of America entered World War Two - allowing the reader to appreciate the gradual evolution of the many color schemes and markings, both service and unit applied.
