Digital Poetics Loss Pequeño Glazier,2002 In Digital Poetics, Loss Glazier argues that the increase in computer technology and accessibility, specifically the World Wide Web, has created a new and viable place for the writing and dissemination of poetry. Glazier's work not only introduces the reader to the current state of electronic writing but also outlines the historical and technical contexts out of which electronic poetry has emerged and demonstrates some of the possibilities of the new medium. Glazier examines three principal forms of electronic textuality: hypertext, visual/kinetic text, and works in programmable media. He considers avantgarde poetics and its relationship to the on-line age, the relationship between web pages and book technology, and the way in which certain kinds of web constructions are in and of themselves a type of writing. He concludes that electronic space is the true home of poetry and, in the 20th century, has become the ultimate space of poesis. Digital Poetics will attract a readership of scholars and students interested in contemporary creative writing and the po

Remixthecontext Mark Amerika,2018 remixthecontext is a cunning and satirical collection of theoretical fictions composed by artist, novelist and media theorist Mark Amerika. A compelling riff on the classic Platonic dialogue, Amerika's remixthecontext features Walt Whitman Benjamin, a Professor of Creative Urgency who intellectually jams with an assemblage of characters that resemble the actual artists, poets, and scholars who populate the university caf  culture depicted in the book. Each chapter is enlivened by Amerika's provocative mash-up of literary metafiction, new media rhetoric and witty repartee setting the stage for a series of freewheeling exchanges that playfully investigate a multitude of themes including remix culture, psychic automatism, gender fluidity, social media dystopia, MOOCs as performance art, and the challenges presented by cutting-edge digital arts and humanities curricula within a sclerotic academic environment.
