

Luna Wolves

Milly Taiden

Luna Of Mine Quinn Loftis, 2014-06-29 We've watched the Romanian Grey Wolves find their true mates, fight against evil and reunite with the other Canis lupis in the world. Now we will see just how the most powerful Alpha in their history met his match with the woman who became his mate, and helped him become the man he needed to be in order to lead. Every life leaves behind a legacy. Every story has a beginning and an end. The Alpha of the Romania Grey Wolves knows this better than most. He also knows it's the things that transpire to create that legacy and the experiences, triumphs and failures that happen in the middle of the story that matter. His story began a century ago and now a tragedy has led him to his rightful place as Alpha of the Eastern Romania pack. Before he led hundreds, he had to learn to lead a few. Before he sacrificed for all, he had to be willing to sacrifice for any. Before he could be the man destined to save his race he had to be willing to serve them. In order to be raised up he had to first be torn down. There was only one who could do this and live, only one who could light his way when the darkness closed in; his mate, his Luna. This is the building of their legacy, the middle of their story. Their triumphs, their failures, and their tragedy's that would one day make them strong enough to restore a race torn apart by greed, envy, and fear.

The Warmaster Dan Abnett, 2018-11-27 Returning to the crusade's heart after a dangerous mission, Colonel-Commissar Gaunt is thrust into intrigue while his Ghosts face a threat to their very existence. However, there may be more at stake than just a planet. The Imperial forces have made an attempt to divide and conquer their enemy, but with Warmaster Macaroth himself commanding the Urdesh campaign, it is possible that the Archenemy assault has a different purpose - to

decapitate the Imperial command structure with a single blow. Has the Warmaster allowed himself to become an unwitting target? And can Gaunt's Ghosts possibly defend him against the assembled killers and war machines of Chaos?

Luna Wolf Regan Rosewood,G Bailey,2022-01-13 I've been rejected by everyone-but an alpha heir wants me to be his pretend mate. As the only wolf shifter in my pack not to shift, being rejected from my home when I turned eighteen was not unexpected when the shifter war is so close. But being sent to a secret academy full of immortal wolf shifters, demons, and teachers with no morals wasn't something I planned for. Luna Alpha Academy is for rejects only. They choose wolves that no one cares about if they go missing and if I can survive long enough to learn the dark magic they teach, I might even be welcome back home as a wolf-witch. Only catch? My tutor is a hot shifter asshole who takes what he wants-this time it's me. In exchange for extra training, Atlas wants me to pretend to be his. Every kiss, every possessive touch, every growl to anyone that comes near me only makes me want him more. But I can't have him. Not really. He's the alpha heir. I'm a wolf who can't even shift. We don't belong together, and it's fake. It can't ever be real. Dark magic is my future and my only way back to my pack. This is a full-length trilogy full of sexy alpha males, steamy scenes, a strong heroine and a lot of sarcasm. Intended for 17+ readers.

Luna, the Lone Wolf Forest Wells,2019-03-30 Luna was expected to be alpha, until he was banished for a crime no one committed. Now, if he can survive on his own, he will try to find his way back to the alpha he was born to be, or turn from it forever.

The Lunar Child Butler, M D, 2021-01-26 I am nothing and no one. Such a Debbie Downer attitude, I know. My entire existence is one of mere survival within a pack that sees me as worthless. The alpha is ruthless, but he hasn't killed me yet. Small mercies, right? I've never known kindness, so what do I do when four guys show up with smiles and soft touches? Hide... for all of five minutes. They're kind of insistent on getting to know me, and everything in me rebels at the thought of running from them. You see, there's this pull. A connection that snapped into place when we made eye contact. They're apparently my freaking mates. All four of them! Krix, the unappointed leader. Cashel, the jokester. Denahi, the protector. Mavrin, the peacemaker. I've never heard of someone having four mates, but I don't want to deny myself this one good thing when all I've ever had was misery. I'm a shiftless wolf, so I wasn't supposed to have a mate at all! My old pack isn't having it, though. The alpha doesn't want to release me, and the she-wolves are all in a tizzy over my sudden popularity with the male gender. Too bad because I refuse to stay when I've been given the answer to my prayers. The Mother of all must have finally opened her ears to me. She didn't make it easy, though. There are a few trials and tribulations headed our way. Oh, and there's also this thing about a prophecy...

A Forest of Wolves Chelsea Luna, 2016-09-13 Prague, 1610 In a few short weeks seventeen-year-old Mila has gone from being Ludmila Novakova, pampered daughter of the High Chancellor of Bohemia, to becoming a traitor escaping the palace at midnight in her wedding nightgown. Her country is in chaos, an army is marching from Austria, and revolution is a breath away. Mila is

caught in the middle, between the man she loves—Marc, the son of a blacksmith and a leader of the rebellion—and the murderer the Church calls her husband. Even as she flees with Marc into the heart of the resistance, where the suspicions of angry citizens make her every palace-born habit a danger, she knows he hasn't told her everything. But Mila is keeping the biggest secret herself: she is the heir to the throne, the daughter of embattled King Rudolf and Princess of Bohemia. The truth will turn the fury of both sides against her, leaving Mila alone to win her country's freedom—and her own . . . Its riches are divided up among its many enemies, its survivors scattered. Eighteen months have passed . The remaining Helio children, Lucasinho and Luna, are under the protection of the powerful Asamoahs, while Robson, still reeling from witnessing his parent's violent deaths, is now a ward--virtually a hostage-- of Mackenzie Metals. And the last appointed heir, Lucas, has vanished of the surface of the moon. Only Lady Sun, dowager of Taiyang, suspects that Lucas Corta is not dead, and more to the point—that he is still a major player in the game. After all, Lucas always was the Schemer, and even in death, he would go to any lengths to take back everything and build a new Corta Helio, more powerful than before. But Corta Helio needs allies, and to find them, the fleeing son undertakes an audacious, impossible journey--to Earth. In an unstable lunar environment, the shifting loyalties and political machinations of each family reach the zenith of their most fertile plots as outright war erupts. *Luna: Wolf Moon* continues Ian McDonald's saga of the Five Dragons. The Order needs a representative from every supernatural race to unleash a spell that will enslave humanity forever, and they've just recruited one of their most powerful members. The Order will stop at nothing to gain power, including kidnapping the pack's children and its beleaguered healer.
