BMW M5 James Taylor,2015-10-26 BMW's M5 was a simple concept: a production 5 Series saloon re-developed for high performance by the Motorsport division. The M5 was the car that really initiated the legend of the M-cars from BMW; the letter M had been applied to a high-performance BMW as early as 1978, but that year's M1 was an exotic supercar. It had the right image, but the M1 was never going to bring in major profits. The M5 was much simpler in concept. It was and remains a production 5 Series saloon, redeveloped for ultra-high performance. Manufacturing costs were minimized, allowing BMW to price the car more attractively and still bring in healthy profits. This new book charts the development of the M5 across five generations. For all fans of the BMW M5, this book provides essential background, and is packed with the facts and details that make the M5 legend come alive. The M5 is still in production and remains the benchmark high-performance saloon wherever it is sold. This is essential background reading for all BMW M5 fans and motoring enthusiasts and is superbly illustrated with 211 colour photographs.

The 5am Club Robin Sharma,2018-12-04 Legendary leadership and elite performance expert Robin Sharma introduced The 5am Club concept over twenty years ago, based on a revolutionary morning routine that has helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. Now, in this life-changing book, handcrafted by the author over a rigorous four-year period, you will discover the early-rising habit that has helped so many accomplish epic results while upgrading their happiness, helpfulness and feelings of aliveness. Through an enchanting—and often amusing—story about two struggling strangers who meet an eccentric tycoon who becomes their secret mentor, The 5am Club will walk you through: How great geniuses, business titans and the world's wisest people start their mornings to produce astonishing achievements A little-known formula you can use instantly to wake up early feeling inspired, focused and flooded with a fiery drive to get the most out of each day A step-by-step method to protect the quietest hours of daybreak so you have time for exercise, self-renewal and personal growth A neuroscience-based practice proven to help make it easy to rise while most people are sleeping, giving you precious time for yourself to think, express your creativity and begin the day peacefully instead of being rushed “Insider-only” tactics to defend your gifts, talents and dreams against digital distraction and trivial diversions so you enjoy fortune, influence and a magnificent impact on the world Part manifesto for mastery, part playbook for genius-grade productivity and part companion for a life lived beautifully, The 5am Club is a work that will transform your life. Forever.

The Secret Book Club (Main Street #5) Ann M. Martin,2013-04-01 Flora, Ruby, Olivia, and Nikki start their own summer book club when well-loved books start appearing on their doorsteps in the fifth of Ann Martin's wonderful Main Street books. Flora and Ruby are about to start their second summer in Camden Falls. An element of mystery is instantly added when someone -- the girls don't know who -- leaves copies of a very special book on their doorstep, with instructions to read and discuss it. Olivia and Nikki also get books, and soon the girls are starting their own book club -- with some very interesting ties between the books they're reading and the things they're facing over the summer. But who's their literary benefactor? The girls don't need to read Nancy Drew to track down the answer....

Seo Like I'm 5 Matthew Capala,Steve Baldwin,2014-08-17 This Guide eBook for Website SEO Strategies to the Search Engine Optimization Industry's Secrets and How to Rank in Google Search Engine & Stay There. Google has presented some really important updates in the past year, as all SEO experts have noticed. Apart from the incredible encrypted search that now offers incredible keyword data, the past year has presented some new features for the Penguin, Panda and Hummingbird updates as well. From my last Forbes interview for Internet Marketing, those interested about the SEO profession can conclude the fact that the most popular search engine in the world is creating new barriers to stop all spam techniques as much as possible. However, these last updates do not indicate the fact that the SEO professions will cease in the near future. More and more companies are trying to take their business online so the competitiveness level has increased significantly during this time. Now is the time to obtain the most out of your company's online marketing strategies. However, companies can no longer rely on the “gray hat” SEO techniques to make their businesses visible in the search engines. There is a more complex point of view that covers the SEO industry at the present time, and any professional marketer should be aware of this fact. This new complex vision can be compared to a move from tactician to strategist. Hard work and a great skill of anticipation of Google's next moves is required in order to achieve success with your online business. Google has taken the game to a more complex level, but this does not mean that the digital war has stopped. If you want to accumulate some useful information that can help you to create profitable SEO strategies in 2014, you might want to read the following suggestions that I have created after mixing my researches with current efficient strategies.
