The True Hero Lt Carr Collins,2015-02-21 New underwater stealth technology hides bottom mines from all forms of detection giving one anonymous nation control over the largest offshore gas reserve in the world. If these mines cannot be found, destroyed, and their perpetrators identified, the world will be swept into war. The United States Navy has one breed of diver trained in locating sophisticated mines in black cold deep fast waters – Special Operations EOD. Their best man for the job is Medal of Honor recipient Lieutenant John Mako Lang.

Mass Effect Nicolas Domingue,2017-06-12 La trilogie Mass Effect a relancé la mode du space opera dans le jeu vidéo et s'est imposée comme l'une des œuvres les plus marquantes de ces dernières années. Les jeux vidéo ont, depuis leurs balbutiements embrasé l'imagination des mordus d'aventures spatiales. Cet ouvrage aura à cœur d'explorer tout ce qui gravite autour de Mass Effect, ses plus grands points forts comme les polémiques, mais profitera également du fait que la saga regorge de références aux classiques de la SF pour analyser ce qui rend ce genre aussi passionnant. Centré sur la trilogie d'origine, ce livre propose un décryptage de toutes les thématiques des trois premiers épisodes : la genèse, le scénario, les personnages, l'univers, les gameplays, les inspirations et bien plus ! EXTRAIT Malgré son succès incontestable, la série divise au sein même de sa communauté de fans. Qu'il soit question des phases d'exploration avec le sautillant Mako, de l'ouverture à un plus grand public avec des éléments de RPG simplifiés, ou bien de la fin du dernier volet de la trilogie, les avis se montrent variés, les opinions tranchées et les discussions souvent enflammées. La manière dont le gameplay a évolué au fil du temps et ses différentes facettes seront bien sûr abordées en détail dans ce livre. Ce sera aussi l'occasion d'étudier les corrélations entre ces évolutions et les changements survenus chez BioWare au cours de ces années. Ce qui demeure certain, c'est qu'au-delà des débats (légitimes) entourant les différents épisodes, la saga dans son ensemble englobe une telle profusion de thèmes et d'imageries propices à faire rêver les amoureux de science-fiction que cela transcende aisément les controverses. Cet ouvrage abordera évidemment tout ce qui gravite autour de l'astre Mass Effect, ses points les plus forts comme les polémiques les plus tendues, mais en profitera aussi, du fait qu'il s'agit d'un formidable vivier de références aux classiques de la SF, pour analyser ce qui fait de ce genre l'un des plus passionnants qui soient. La trilogie d'origine sera au cœur de l'étude et du décryptage ; le nouveau volet, Andromeda, est encore bien trop frais pour être abordé en profondeur, mais un futur livre pourra y être entièrement consacré. À PROPOS DE L'AUTEUR Passionné par toutes les cultures de l'imaginaire, Nicolas Domingue rêve de devenir journaliste dès sa plus tendre enfance. En 2002, il publie ses premiers textes sur Internet, dont un long dossier consacré à la saga Metroid qui attire l'attention de ses futurs employeurs et lui ouvre les portes de la presse papier. Il écrit alors pour plusieurs publications dédiées au manga et à l'animation japonaise, puis intègre la rédaction du magazine Gameplay RPG en 2004, à l'occasion d'un hors-série sur la saga Final Fantasy. Il travaille avec la même équipe pour la revue Background en 2006, avant de s'éloigner du milieu de la presse quelques années pour suivre

des études d'anglais. En 2009, il rejoint le site Gameweb.fr et y publie plusieurs articles, notamment sur Mass Effect. Il crée son propre site en 2015 pour aborder des œuvres plus diverses, et rejoint Third Éditions l'année suivante.

Ambassadors of Realpolitik Aryo Makko,2016-11-01 During the Cold War, Sweden actively cultivated a reputation as the “conscience of the world,” working to build bridges between East and West and embracing a nominal commitment to international solidarity. This groundbreaking study explores the tension between realism and idealism in Swedish diplomacy during a key episode in Cold War history: the Conference on Security and Cooperation in Europe, culminating in the 1975 Helsinki Accords. Through careful analysis of new evidence, it offers a compelling counternarrative of this period, showing that Sweden strategically ignored human rights violations in Eastern Europe and the nonaligned states in its pursuit of national interests.

Halo: Oblivion Troy Denning,2020-04-07 A Master Chief story and original full-length novel set in the Halo universe—based on the New York Times bestselling video game series! 2526. It has been more than a year since humanity first encountered the hostile military alliance of alien races known as the Covenant, and several weeks after the United Nations Space Command’s devastating counterattack of Operation: SILENT STORM was deemed an overwhelming success. The UNSC has put its faith in the hands of the Spartans, led by the legendary Master Chief, John-117: enhanced super-soldiers raised and trained from childhood via a clandestine black ops project to be living weapons. But the Covenant—enraged and fearful of their enemy’s unexpected strategies and prowess—is not taking its recent defeat lightly, and is now fully determined to eradicate humanity from existence, brutally overrunning the ill-fated planets of the Outer Colonies faster than retreats can be ordered. If the UNSC has any chance of stemming the tide of the war, the Master Chief and Blue Team must drop onto an empty, hellish world in order to capture a disabled Covenant frigate filled with valuable technology.

It has all the makings of a trap, but the bait is far too tempting to ignore—and this tantalizing prize is being offered by a disgraced and vengeful Covenant fleetmaster, whose sole opportunity for redemption lies in extinguishing humanity’s only hope of survival...

Eventually, you will no question discover a other experience and talent by spending more cash. nevertheless when? reach you resign yourself to that you require to acquire those all needs subsequently having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will guide you to comprehend even more nearly the globe, experience, some places, later history, amusement, and a lot more?

It is your extremely own era to put-on reviewing habit. accompanied by guides you could enjoy now is **M35 Mako** below.
