**Latino American Cinema** Scott L. Baugh, 2012-04-13 Latino American cinema is a provocative, complex, and definitively American topic of study. This book examines key mainstream commercial films while also spotlighting often-underappreciated documentaries, avant-garde and experimental projects, independent productions, features and shorts, and more. *Latino American Cinema: An Encyclopedia of Movies, Stars, Concepts, and Trends* serves as an essential primary reference for students of the topic as well as an accessible resource for general readers. The alphabetized entries in the volume cover the key topics of this provocative and complex genre—films, filmmakers, star performers, concepts, and historical and burgeoning trends—alongside frequently overlooked and crucially ignored items of interest in Latino cinema. This comprehensive treatment bridges gaps between traditional approaches to U.S.-Latino and Latin American cinemas, placing subjects of Chicana and Chicano, Puerto Rican, Cuban and diasporic Cuban, and Mexican origin in perspective with related Central and South American and Caribbean elements. Many of the entries offer compact definitions, critical discussions, overviews, and analyses of star artists, media productions, and historical moments, while several foundational entries explicate concepts, making this single volume encyclopedia a critical guide as well.

*Photography and Cinema* Teresa M. Flores,Joana Cunha Leal,Margarida Medeiros,2015-09-18 Eclecticism seems to be one of the most recognized features of Chris Marker's work. Given the 50 years since the release

of his most well-known film, *La Jetée* (1963), this volume fosters discussion of the intertwining of photography and cinema within a framework that analyses Marker's influence in film and photography's scholarship. In *Michael Mann: Crime Auteur*, Steven Rybin looks at the television programs and films that Mann has stamped with his personal signature. This book closely examines the themes and techniques used in films such as *Manhunter*, *Heat*, *The Insider*, and *Collateral* and connects these elements to his work on the non-genre films *The Last of the Mohicans* and *Ali*. **Cruel God, Kind God** Zenon Lotufo Jr., 2012-04-13 This enlightening analysis of the image of a cruel God sustained by conservative Christianity reveals how this image formed, the psychological

effects of this concept, and the ways in which it has guided religious individuals—in both positive and negative ways. This book is born, in large measure, as a result of a writing by contemporary theologian J. Harold Ellens. In his essay *Religious Metaphors Can Kill* from Praeger's *The Destructive Power of Religion*, Ellens espouses that theological doctrines are rooted in a model of God that determines all the aspects of those doctrines, and strongly influences the cultures into which it is inserted. Conservative Christianity in the Western world, says Ellens, has at its center the image of a cruel and wrathful God. The juridical atonement theory of Anselm is a result of such an image of God, and has an important role in justifying the resort to violence in human interaction. Starting from these considerations, *Cruel God, Kind God: How Images of God Shape Belief, Attitude, and Outlook* analyzes three general topics: how two very different kinds of Christianities have emerged from these disparate images of God; how the doctrines of original sin, the plan of salvation, and penal substitution can be explained by psychological factors, as can the wide dissemination and acceptance of these doctrines; and how the image of a cruel God affects mental health, atrophies personality, and produces guilt and shame.

**101 Damnations** Michael J. Rosen, 2002-08-03 Dear flappable reader: Do you bristle at a handshake that resembles a limp fish? Do oblivious pedestrians bring you to the brink? What about museum gift shops, superfluous courtesy (do we need a gas pump to show us gratitude?), behemoth SUVs, or inexplicable operating manuals? Have you had it with screeching leaf blowers, beseeching telemarketers, escalating movie-ticket prices, or proliferating celebrity magazines? Is it children's choirs or karaoke singers, waiters bearing pepper grinders or dinner guests blathering on about salt, that drives you to distraction? For anyone who has recognized that this peaceful kingdom of ours has more than a few potholes, *101 Damnations* is the perfect companion. It's your ticket to the nine

circles of personal hell. Armed with wit, bewilderment, and words to the wise ass, today's leading humorists conduct a brief tour of the trivial and often universal exasperations we all must endure. Among the damning, Henry Alford reveals our wanton desire to affect Britishisms. Sandra Tsing Loh has it in for people who forward funny e-mails. Once and for all, Merrill Markoe sets forth cell phone etiquette. And there are many, many others. Ninety-eight to be exact. Make yourself comfortable. Misery loves company.

*Mental Disorders in Popular Film* Erin Heath, 2019-02-28 Mental Disorders in Popular Film discusses popular cinematic representations of characters with mental disorders or diversity, contextualizing these works in the Hollywood machine. These films demonstrate the many ways that Hollywood has used people with mental disorders as excuses to control or oppress diverse people

and ideas.
