Stolen City Elisa A. Bonnin, 2022-09-20 Twin thieves attempt to pull off a daring heist in *Stolen City*, the sophomore fantasy novel from Dauntless author Elisa A. Bonnin. The city of Leithon is under Imperial occupation and

Arian Athensor has made it her playground. In stealing magical artifacts for the Resistance, bounding over rooftops to evade Imperial soldiers, and establishing herself as the darling thief of the underground, Arian lives a life wrapped in danger and trained towards survival. She'll steal anything for the right price, and if she runs fast enough, she can almost escape the fact that her mother is dead, her father is missing, and her brother, Liam, is tamping down a wealth of power in a city that has outlawed magic. But then the mysterious Cavar comes to town with a job for the twins: to steal an artifact capable of ripping the souls from the living--the same artifact that used to hang around the neck of Arian's mother. Suddenly, her past is no longer buried under adrenaline but intimately tied to the mission at hand, and Arian must face her guilt and pain head-on in order to pull off the heist. As Arian and Cavar infiltrate the strongest fortress in Leithon and Liam joins the Resistance as their resident mage, the twins find themselves embroiled in court politics and family secrets, and the mission becomes more than just another artifact theft. The target is now the Imperial rule, and Arian will go to any length necessary to steal her city back.

Fortress Draconis Michael A. Stackpole, 2002-10-29 In an age of treachery and peril, a young thief may be the prophesied savior . . . or the betrayer of the world. Once one of the grandest of human cities, Yslin now has a dark heart known as the Dimandowns. And when Will, an orphaned young thief from the Dim, plots to prove himself to his master by stealing a prize from the exiled Elves who share the fetid slums, his theft of the strange artifact snares him in a web of prophecy. It also brings him together with Kedyn's Crow, a shadowy human warrior, and Resolute, a Vorquelf determined to redeem his long-lost island home. To them, Will could be the fulfillment of a long-held dream and the last chance the world has to save itself from Chytrine, the northern tyrant who would be empress of the world. But their belief in Will finds few allies in a world torn by war and magick. Preoccupied with their own internecine struggles, the world's leaders see Will as a pawn. Only Chytrine seems able to recognize Will's destiny, and she sends her Dark Lancers to destroy him. For who better to destroy a hero than the ill-fated heroes of the previous generation, survivors of a failed war to exterminate Chytrine, now corrupted to her service? Yet even as Will is tested, a new generation takes up arms where their predecessors failed. Alexia, princess of a dead nation, leads an army to oppose Chytrine. And the sorcerers of Vilwan have fashioned their own hero, Kerrigan Reese, bestowing upon him powers and abilities no human has held for centuries. Together these heroes travel to the mysterious Fortress Draconis to stop Chytrine from stealing more fragments of the DragonCrown—a powerful artifact that, once in her control, will guarantee her dominion forever.

The mission becomes difficult as Grimm finds his magical aides are a sarcastic dandy (who happens to be Lizaveta's resentful grandson) and a cowardly Necromancer (who would prefer to sing than cast magic). The difficulties compound themselves as Grimm finds himself in an unwitting mental struggle for supremacy with the man he trusts above all others. After being freed by a mutiny about which he knows nothing, all Grimm has to do is destroy a

gladiatorial slavemaster and a ruthless businessman after battling hundreds of mindless fighting drones trained to the peak of physical perfection. And the Quest has only just begun. The Sword of Ponsonby David Mosey, 2005-10-14 As head of the Guild of the Black Mages, Guildmaster Ponsoby knows that you have to move with the times, and that's what he's trying to do. He's opened negotiations with Titus Handcarte, the First Speaker of East Castellian and not only has he won two enormously profitable research contracts, but also has got Handcarte to repeal the age-old prohibition that barred occult professionals from practising in East Castellian. So everything in the garden should be lovely. And it would be except for Montmorency. Mage Montmorency, the most expert and powerful of the Black Mages, is dead set against Ponsonby's plan. But to the creative manager, such opposition is an opportunity, not a problem. With the enthusiastic support of his other colleagues, Ponsonby binds Montorency imprisons him behind countless tons of solid rock. So now everything in the garden is lovely. Well, not exactly, no. Just as the rock closed about him, Montmorency managed to get a message off to Mission Implausible, the scruffiest bunch of anarchical heroes ever to disgrace the pages of a fantasy novel. Never mind their addiction to beer and gratuitous violence. Never mind their cavalier attitude to property that isn't bolted down. And never mind the fact that Andrew Cruickshank, their mercurial magic user, combines the reliability of the weather forecast with the destructive potential of Chernobyl. The big question is whether Mission Implausible can get their production of Blood on the Rooftops, Blood on the Tiles into workable shape by opening night. And get the Guild of the Black Mages sorted out too, of course. Ponsonby doesn't know anything about their play, but he does know Cruickshank and his band of hooligans are on the way, and so does Titus Handcarte. Ponsonby can call upon the awesome occult forces of the Guild, and Handcarte has at his beck and call the economic and military might of East Castellian, so they're confident. Playing at home, they should be able to send Mission Implausible down to a four-nil defeat, at the very least. But there are a number of things they've left out of their calculations. They haven't reckoned on the power of an aroused student body. They haven't understood the influence of thousands of years of theatrical tradition. They haven't the faintest idea of just how implacably devious, disruptive, and destructive Mission Implausible can be. And they've totally neglected air defence. Mission Implausible doesn't bother with calculation. When they're not in rehearsals or instigating disgraceful scenes at disreputable taverns, they get to work fomenting student unrest and bombarding the Guild precincts with surplus theatrical equipment while Andrew Cruickshank infiltrates the Guild itself in search of Montmorency. All the ingredients are there for one of the most shambolic episodes ever to be expunged from Guild records.

Celestina, Zweit, and a squad of knights have joined him for a training camp, looking to get some combat experience against the deadly monsters that lurk the forest. Their levels are already skyrocketing, but things are getting tougher by the day. Will they all make it out alive? And will they be the same people when they return? Not that leaving the forest will be the end of their worries: more dangers await them outside, as does a certain girl with whom Zelos might have more in common than the two of them first expect.
