

Mammon

William Tyndale

The Book of Mammon Robert Harding Morris, 2005-03-28 Everyone yearns for “the good life” ... where children are reared in a loving, stimulating environment ... where youth are prepared for their future ... where adults achieve satisfaction through personal relationships and meaningfully rewarding work ... and where seniors find peace in their “golden” years. Typically, it entails economic sufficiency. Yet, when this universal hope becomes reality, many Christians confront a disturbing faith challenge. Jesus taught his followers to postpone earthly satisfactions until the next life. In the present world, their blessings will be found in poverty, hunger, sorrow, and persecution. Woe to those with wealth, full stomachs, laughter, and popularity! Christ practiced and demands self-denial, not self-satisfaction. Entry into Jesus’ severe life-style is difficult and the path is arduous. Multitudes are called but only a select few actually follow the way to eternal life that requires crucifixion of one’s self. This book is a thought-provoking biblical analysis of the gospel’s opposition to wealth. One cannot serve both God and money. The Christian dilemma is that practical faith absolutely requires compromise. Money is necessary for daily life and future needs. How is it possible to follow Christ in this money-driven society? The Book of Mammon searches the Bible for the surprising resolution.

The Triumph of Mammon John Davidson, 1907

The Minions of Mammon Thomas Petri, 2013 Mammon [is]...a state where riches are coveted as an object of worship, transforming greed-driven pursuit of wealth into a virtue. Mammon also views wealth as a tool to subdue governments and control society. Mammon does not recognize the laws of God or man because his one and only law demands whatever propagates profit is good and whatever restricts profit is irrelevant. What role did the Bank of England play as a catalyst of the American Revolution? Have you ever attempted to reconcile a most curious paradox whereby most of our Founding Fathers, the chief instigators of insurrection, were men of wealth? Does it not seem odd that men with that much money would resort to violence, risking death, dishonor, and their personal fortunes because of a lousy .01 tax on tea and a few other extraneous items? Was tea so important that a group of aggrieved malcontents were willing to spill blood, risking all they had, because of a tax? To understand where history has brought us, it is essential to have an honest accounting of how we arrived. *Minions of Mammon* lifts many shrouds surrounding contrived myths extolled by conventional doctrine to expose the reality of how several low-key historical figures manipulated society to increase their personal wealth and obtain political dominance. While this book does not advocate a conspiracy theory, it endeavors to lead the reader to form his or her own conclusions through examination of glossed-over documented financial history. Follow along with author Thomas Petri in this riveting book as focuses on the history of egocentric passions for wealth over the welfare of God's children, and discover how the influence of an individual's wielding financial power is at odds with the general population's quest for liberty, security, and prosperity.

Dethroning Mammon: Making Money Serve Grace Justin Welby, 2016-12-01 In his first full-length book Justin Welby looks at the subject of money and materialism. Designed for study in the weeks of Lent leading up to Easter, *Dethroning Mammon* reflects on the impact of our own attitudes, and of the pressures that surround us, on how we handle the power of money, called Mammon in this book. Who will be on the throne of our lives? Who will direct our actions and attitudes? Is it Jesus Christ, who brings truth, hope and freedom? Or is it Mammon, so attractive, so clear, but leading us into paths that tangle, trip and deceive? Archbishop Justin explores the tensions that arise in a society dominated by Mammon's modern aliases, economics and finance, and by the pressures of our culture to conform to Mammon's expectations. Following the Gospels towards Easter, this book asks the reader what it means to dethrone Mammon in the values and priorities of our civilisation and in our own existence. In *Dethroning Mammon*, Archbishop Justin challenges us to use Lent as a time of learning to trust in the abundance and grace of God.

Mammon and His Message John Davidson, 1908

The Enchantments of Mammon Eugene McCarraher, 2019-11-12 “An extraordinary work of intellectual history as well as a scholarly tour de force, a bracing polemic, and a work of Christian prophecy...McCarraher challenges more than 200 years of post-Enlightenment assumptions about the way we live and work.” –The Observer At least since Max Weber, capitalism has been understood as part of the “disenchantment” of the world, stripping material objects and social relations of their mystery and magic. In this magisterial work, Eugene McCarraher challenges this conventional view. Capitalism, he argues, is full of sacrament, whether one is prepared to acknowledge it or not. First flowering in the fields and factories of England and brought to America by Puritans and evangelicals, whose doctrine made ample room for industry and profit, capitalism has become so thoroughly enmeshed in the fabric of our society that our faith in “the market” has become sacrosanct. Informed by cultural history and theology as well as management theory, *The Enchantments of Mammon* looks to nineteenth-century Romantics, whose vision of labor combined reason, creativity, and mutual aid, for salvation. In this impassioned challenge to some of our most firmly held assumptions, McCarraher argues that capitalism has hijacked our intrinsic longing for divinity—and urges us to break its hold on our souls. “A majestic achievement...It is a work of great moral and spiritual intelligence, and one that invites contemplation about things we can’t afford not to care about deeply.” –Commonweal “More brilliant, more capacious, and more entertaining, page by page, than his most ardent fans dared hope. The magnitude of his accomplishment—an account of American capitalism as a religion...will stun even skeptical readers.” –Christian Century

The Enchantments of Mammon Eugene McCarraher, 2019 Eugene McCarraher challenges the conventional view of capitalism as a force for disenchantment. From Puritan and evangelical valorizations of profit to the heavenly Fordist city, the mystically animated corporation, and the deification of the market, capitalism has hijacked our intrinsic longing for divinity, laying hold to our souls.

The Mammon of Unrighteousness Hjalmar Hjorth Boyesen, 1891

Mammon Michael Hague, 2018-09-04 Michael Hague is an American illustrator and writer, primarily of children's fantasy books. He has illustrated such classics such as *The Wind in the Willows*, *The Wizard of Oz*, *The Hobbit* and the stories of Hans Christian Andersen. He is renowned for the intricate and realistic detail he brings to his work, and the rich colors he chooses. A horrifyingly beautiful vampire story, this lavishly illustrated adventure starts on the streets of 1920s London and ends at the gates of Hell. A horrifyingly beautiful vampire story, this lavishly illustrated adventure starts on the streets of 1920s London and ends at the gates of Hell. Writer Jonathan Meeks is captivated by the story of *Dracula*. On a quest for immortality, to discover if there is truth at the heart of the vampire myth, Meeks discovers there is far more truth in fiction.

Mammon: A Poem in Three Acts John A. Mills, 2012-01-04 In this poem-play, four people come to terms with the reality of the current economic crisis. Two are a working class couple trying to make a family. The other two are

financial workers living in the flush of the recent economic boom. The poem-play unfolds as each deals with the ubiquitous and universal greed manifested in hyper consumerism, the central goal of profit, and the dehumanization of the wealthy and the less wealthy. Their lives are shattered as the deep immorality of the present global economic system grinds to a disaster. The play is in rhymed iambic pentameter. Readers will find that the rhythm and rhyme will raise them above the current profane and uncivil arguments of this day and enable them to join the ordinary struggle of the actors to overcome the brutal inhumanity of greed. No one can serve two masters, for either he will hate the one and love the other; or else he will be devoted to one and despise the other. You can not serve both God and Mammon. (Mt 6:24)

God and Mammon Mark A. Noll, 2002 This collection of essays by leading historians offers a close look at the connections between American Protestants and money in the Antebellum period. During the first decades of the new American nation, money was everywhere on the minds of church leaders and many of their followers. Economic questions figured regularly in preaching and pamphleteering, and convictions about money contributed greatly to perceptions of morality both public and private. In fact, money was always a religious question. For this reason, argue the authors of these essays, it is impossible to understand broader cultural developments of the period--including political developments--without considering religion and economics together. In *God and Mammon*, several essays examine the ways in which the churches raised money after the end of establishment put a stop to state funding, such as the collection of pew rents and lotteries. Free-will offerings only came later and at first were used only for special causes, not operating expenses. Other essays look at the role of money and markets in the rise of Christian voluntary societies. Still others examine inter-denominational strife, documenting frequent accusations that theological error led to the misuse of money and the arrogance of wealth. Taken together, the essays provide essential background to a relationship that continues to loom large and generate controversy in American religious communities.

King Mammon and the Heir Apparent George A. Richardson, 1896

Friends of the Unrighteous Mammon Stewart Davenport, 2010-10-21 What did Protestants in America think about capitalism when capitalism was first something to be thought about? The Bible told antebellum Christians that they could not serve both God and mammon, but in the midst of the market revolution most of them simultaneously held on to their faith while working furiously to make a place for themselves in ...

Mammon and His Message: Being the Second Part of God and Mammon John Davidson, 2019-02-26 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Om. Mammon Louis Michel Eilshemius, 1897

God and Mammon Lance Morrow, 2020-11-24 Award-winning essayist Lance Morrow writes about the partnership of God and Mammon in the New World—about the ways in which Americans have made money and lost money, and about how they have thought and obsessed about this peculiarly American subject. Fascinated by the tracings of theology in the ways of American money Morrow sees a reconciliation of God and Mammon in the working out of the American Dream. This sharp-eyed essay reflects upon American money in a series of individual life stories, including his own. Morrow writes about what he calls “the emotions of money,” which he follows from the catastrophe of the Great Depression to the era of Bill Gates, Oprah Winfrey, and Donald Trump. He considers money’s dual character—functioning both as a hard, substantial reality and as a highly subjective force and shape-shifter, a sort of dream. Is money the root of all evil? Or is it the source of much good? Americans have struggled with the problem of how to square the country’s money and power with its aspiration to virtue. Morrow pursues these themes as they unfold in the lives of Americans both famous and obscure: Here is Thomas Jefferson, the luminous Founder who died broke, his fortune in ruin, his estate and slaves at Monticello to be sold to pay his debts. Here are the Brown brothers of Providence, Rhode Island, members of the family that founded Brown University. John Brown was in the slave trade, while his brother Moses was an ardent abolitionist. With race in America a powerful subtheme throughout the book, Morrow considers Booker T. Washington, who, with a cunning that sometimes went unappreciated among his own people, recognized money as the key to full American citizenship. *God and Mammon* is a masterly weaving of America’s money myths, from the nation’s beginnings to the present.

Mammon Inc Hwee Hwee Tan, 2003

The Parable of the Wicked Mammon William Tyndale, 2010-01-08 This is the first work by Tyndale to bear his name. The tract itself begins with an expanded translation of a sermon by Luther on Luke 16. 1-13, better known as the parable of the unjust steward, then spirals outward to consider other New Testament passages that might seem to contradict the central reformation doctrine of justification by faith.

Unmasking the Spirit of Mammon Creflo Dollar, 2018-07-09

The Mills of Mammon James Hattan Brower, 2012-08 Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.
