Mana: A History of a Western Category Nicolas Meylan, 2017-07-10 In Mana: A History of a Western Category Nicolas Meylan proposes a critical account of Western imaginations of mana, an Oceanic word borrowed by Europeans to denote 'supernatural power'.

New Mana Matt Tomlinson, Ty P. K?wika Tengan, 2016-04-13 'Mana', a term denoting spiritual power, is found in many Pacific Islands languages. In recent decades, the term has been taken up in New Age movements and online fantasy gaming. In this book, 16 contributors examine mana through ethnographic, linguistic, and historical lenses to understand its transformations in past and present. The authors consider a range of contexts including Indigenous sovereignty movements,

Christian missions and Bible translations, the commodification of cultural heritage, and the dynamics of diaspora. Their investigations move across diverse island groups—Papua New Guinea, Solomon Islands, Vanuatu, Fiji, Tonga, Samoa, Hawai‘i, and French Polynesia—and into Australia, North America and even cyberspace. A key insight that the volume develops is that mana can be analysed most productively by paying close attention to its ethical and aesthetic dimensions. Since the late nineteenth century, mana has been an object of intense scholarly interest. Writers in many fields including anthropology, linguistics, history, religion, philosophy, and missiology have long debated how the term should best be understood. The authors in this volume review mana’s complex intellectual history but also describe the remarkable transformations going on in the present day as scholars, activists, church leaders, artists, and entrepreneurs take up mana in new ways.

Melody of Mana 2 Wandering Agent, 2022-11-29 Magic-wielding bard Alana confronts political turmoil, mystical secrets, academic woes, and personal dramas as this imaginative fantasy series

continues. Alana has not had an easy second life. Ever since she was reborn in the Kingdom of Bergond after meeting her untimely demise on Earth, she's struggled—first, as the poor daughter of a peasant farmer; next, as an orphan on the run from the war; then, as a formidable novice mage with skills well beyond most of those her age. Now, she's facing a challenge unlike any she's had to confront in this world before: school. Within the hallowed halls of the Bergond Academy of Mages, Alana must contend with an entirely new set of political and personal struggles—from understanding the mores of dealing with wealthy nobles to hiring a maid to help with her daily duties to navigating (for a second time) adolescent flirtations, romances, friendships, and puberty. And as if that weren't enough, as Alana's skill in spellcasting, magical-item creation, and combat grows, it becomes clear to her professors that she's no ordinary student. Alana must figure out how to keep her past life a secret while using her otherworldly knowledge to the best of her ability. Because war is looming ever closer—and not all the students at the academy will make it out unscathed. Filled with twisty political intrigue, clever world-building, and unforgettable characters, *Melody of Mana 2* is a brilliant mix of isekai fantasy and dark academia tropes. The second volume of the hit progression-fantasy series—with more than two million views on Royal Road—now available on Audible and wherever ebooks are sold!

Melody of Mana 3 Wandering Agent,2023-03-28 Teenage mage Alana navigates politics, family drama, and graduation in the third installment of an inventive, romantic, and fun progression-

fantasy series. Ever since Alana was reborn in the Kingdom of Bergond, her life has been a series of adventures and surprises. But waking up to discover the kingdom has been conquered, her school has been destroyed, and her parents are back in her life might be the biggest shock yet. Now that Lord Durin is in charge, everything's more complicated. For one thing, Alana's father is Durin's right-hand man, which means the teen must contend with courtly manners, stuffy traditions, and noble obligations, though she'd rather be practicing how to create portals and fight monsters. For another, Durin's rule is still tenuous, leaving him and all who support him open to attack. And as if that weren't enough, Alana must find time to protect her friends, salvage her relationship, and keep up with her studies enough to actually graduate. Brilliantly combining traditional and progression fantasy with elements of romance, humor, dark academia, and action-adventure, *Melody of Mana 3* is an irresistible addition to any genre fan's collection. The third volume of the hit progression-fantasy series—with more than two million views on Royal Road—now available on Audible and wherever ebooks are sold!

The Mana of Mass Society William Mazzarella, 2017-10-24 We often invoke the “magic” of mass media to describe seductive advertising or charismatic politicians. In *The Mana of Mass Society*, William Mazzarella asks what happens to social theory if we take that idea seriously. How would it change our understanding of publicity, propaganda, love, and power? Mazzarella reconsiders the concept of “mana,” which served in early anthropology as a troubled bridge between “primitive” ritual and the fascination of mass media. Thinking about mana, Mazzarella shows, means rethinking some of our most fundamental questions: What powers authority? What in us responds to it? Is the mana that animates an Aboriginal ritual the same as the mana that energizes a revolutionary crowd, a consumer public, or an art encounter? At the intersection of anthropology

and critical theory, The Mana of Mass Society brings recent conversations around affect, sovereignty, and emergence into creative contact with classic debates on religion, charisma, ideology, and aesthetics.

Alana wasn't always a child of the Kingdom of Bergond. In fact, she hails from an entirely different world. But an accident on Earth left her dead, and she was reincarnated as the daughter of a farmer and his wife in the hamlet of Orskan. Now, she's learning how to live in a land vastly unlike that which she came from—and how to wield the new powers she possesses. For, even by the rules of her strange new home, Alana is special: a young bard capable of mending wounds, counteracting poisons, and healing the sick, all through the use of mana and her own mind. But as she cultivates her newfound abilities through training with various teachers in the magical arts, those around her are struggling. War has torn the empire apart, and famine is disrupting the simple lives of the villagers. When the conflict comes right to their doorstep, Alana is separated from her family and forced to set out on her own. To remain safe and have any chance of reuniting with those she loves, she will need to apply all her cunning, sorcery, and knowledge—both of this world and Earth. Because there are forces that would do anything to control her, and they're growing ever closer to
