ITO TAKEO, JOSHUA A. FOGEL

📖 **THE MANCHURIAN CANDIDATE** Richard Condon,2013-11-25 The classic thriller about a hostile foreign power infiltrating American politics: “Brilliant . . . wild and exhilarating.” —The New Yorker A war hero and the recipient of the Congressional Medal of Honor, Sgt. Raymond Shaw is keeping a deadly secret—even from himself. During his time as a prisoner of war in North Korea, he was brainwashed by his Communist captors and transformed into a deadly weapon—a sleeper assassin, programmed to kill without question or mercy at his captors’ signal. Now he’s been returned to the United States with a covert mission: to kill a candidate running for US president . . . This “shocking, tense” and sharply satirical novel has become a modern classic, and was the basis for two film adaptations (San Francisco Chronicle). “Crammed with suspense.” —Chicago Tribune “Condon is wickedly skillful.” —Time

📖 *THE MANCHURIAN CANDIDATE* Greil Marcus,2020-05-14 It may be the most sophisticated political thriller ever made in Hollywood, film critic Pauline Kael wrote of John Frankenheimer’s terrifying 1962 political thriller about an American serviceman brainwashed in Korea and made into an assassin. Sophisticated to be sure, it’s also a headlong fall through the looking-glass of American politics and the most deeply prophetic film of the second half of the American century. As Greil Marcus reconstructs the drama, The Manchurian Candidate is a movie in which the director and actors, including Laurence Harvey, Frank Sinatra and Angela Lansbury in an Academy Award-nominated performance, were suddenly capable of anything, beyond any expectations. This edition includes a new foreword highlighting the movie’s terrifying contemporary relevance in the age of Trump and Russian interference in the US Presidential election.

📖 **MANCHURIAN AMERICAN** Yupin Wang,2009 Manchurian American is the personal tale of Yupin Wang, who was born in Northeast China (Manchuria) in the 1930s. He is a witness to the Japanese invasion of China and brutal civil wars, an escapee to Taiwan, and an accidental American who came to the United States in the 1950s and made it. This is a poignant story of the human spirit triumphing over obstacles of nationality, race, and time. Manchurian American is about love, family, friendship, and gratitude for an adopted country. Wang’s personal crusade in a new, bewildering land is as relevant today for him as it is for all Americans who live in a land of immigrants. From his first jobs on the boardwalk in Long Beach, Long Island, to his position as an executive with IBM, Yupin Wang brings wonder, frustration, and success to the story of his journey to become the Manchurian American. This story will appeal to a wide audience: Americans with immigrant roots, Americans who experienced war firsthand, baby boomers, and a younger generation seeking an explanation of the past. Both men and women will find it touching and engaging. Asians and new immigrants to America will find it inspiring.

📖 **THE MANCHURIAN MYTH** Rana Mitter,University Lecturer in History and Politics of Modern China Rana Mitter,2000-12-02 This book examines the impact of one of the most crucial events in twentieth-century international history, the Japanese occupation of Northeast China, or Manchuria, in the years 1931-1933.

📖 *THE MANCHURIAN CRISIS AND JAPANESE SOCIETY, 1931-33* Sandra Wilson,2003-08-27 This book explores the reactions to the Manchurian crisis of different sections of the state, and of a number of different groups in Japanese society, particularly rural groups, women’s organizations and business associations. It thus seeks to avoid a generalized account of public relations to the military and diplomatic events of the early 1930s, offering instead a nuanced account of the shifts in public and popular opinion in this crucial period.

📖 *JAPANESE INVESTMENT IN MANCHURIAN MANUFACTURING, MINING, TRANSPORTATION, AND COMMUNICATIONS, 1931-1945* Ann Rasmussen Kinney,2018-11-06 This book, first published in 1982, closely examines the Japanese investment in the industries of its puppet state Manchuria in the years 1930 to 1945. Attention is paid to industrial capital by source and type, facilitating the analysis of the relationship between the different investment components on one hand, and economic and institutional factors on the other. The course of inflation is also traced and its relationship to industrial investment studied. The Manchurian experience throws light on the volume of capital available through inflationary processes, the point up to which inflationary financing can successfully be carried, and the institutional factors necessary to make such a policy effective in increasing real investment.

📖 *THE ODYSSEY OF A MANCHURIAN BELLE* Yang,1996 After the defeat of Japan in World War II, China is plunged into a civil war between Communist and Nationalist forces. The old and respected Manchurian House of Yang is toppled in the chaos, and seventeen-year-old Baba, the Yangs’ fourth and most audacious son, is forced to leave Manchuria and his family behind. He journeys south on blistered feet, plagued by constant hunger. As the Communists overrun the crumbling Nationalist army, suspicion and paranoia become the norm, and Baba must outrun the tide of silence and betrayal engulfing the countryside. From Beijing, the ancient capital, to the Great Yellow and Yangtze Rivers, on to splendid, decadent Shanghai, he is swept up in a desperate exodus fleeing the Communist takeover, witnessing examples of rare courage and generosity as well as incidents of monstrous connivance and greed. When the southern provinces fall to the Communists, Baba is forced to abandon the mainland for the island of Taiwan.

📖 *MANCHURIAN LEGACY* Kazuko Kuramoto,2004-09-30 Kazuko Kuramoto was born and raised in Dairen, Manchuria, in 1927, at the peak of Japanese expansionism in Asia. Dairen and the neighboring Port Arthur were important colonial outposts on the Liaotung Peninsula; the train lines established by Russia and taken over by the Japanese, ended there. When Kuramoto’s grandfather arrived in Dairen as a member of the Japanese police force shortly after the end of the Russo-Japanese War in 1905, the family’s belief in Japanese supremacy and its divine mission to save Asia from Western imperialists was firmly in place. As a third-generation colonist, the seventeen-year-old Kuramoto readily joined the Red Cross Nurse Corps in 1944 to aid in the war effort and in her country’s sacred cause. A year later, her family listened to the emperor’s radio broadcast . . . we shall have to endure the unendurable, to suffer the insufferable. Japan surrendered unconditionally. Manchurian Legacy is the story of the family’s life in Dairen, their survival as a forgotten people during the battle to reclaim Manchuria waged by Russia, Nationalist China, and Communist China, and their subsequent repatriation to a devastated Japan. Kuramoto describes a culture based on the unthinking oppression of the colonized by the colonizer. And, because Manchuria was, in essence, a Japanese frontier, her family lived a freer and more luxurious life than they would have in Japan—one relatively unscathed by the war until after the surrender. As a commentator Kuramoto explores her culture both from the inside, subjectively, and from the outside, objectively. Her memoirs describe her coming of age in a colonial society, her family’s experiences in war-torn Manchuria, and her homecoming to Japan—where she had never been—just as Japan is engaged in its own cultural upheaval.

📖 *THE GREAT MANCHURIAN PLAGUE OF 1910-1911* William C. Summers,2012-12-11 Summers covers the complex political and economic background of early 20th-century Manchuria and then moves on to the plague itself, addressing the various contested stories of the plague’s origins, development and ecological ties.

📖 **MANCHURIAN RAILWAYS AND THE OPENING OF CHINA: AN INTERNATIONAL HISTORY** Bruce Elleman,Stephen Kotkin,2015-01-28 The railways of Manchuria offer an intriguing vantage point for an international history of northeast Asia. Before the completion of the Trans-Siberian railway in 1916, the only rail route from the imperial Russian capital of St. Petersburg to the Pacific port of Vladivostok transited Manchuria. A spur line from the Manchurian city of Harbin led south to ice-free Port Arthur. Control of these two rail lines gave imperial Russia military, economic, and political advantages that excited rivalry on the part of Japan and unease on the part of weak and divided China. Meanwhile, the effort to defend and retain that strategic hold against rising Japanese power strained distant Moscow. Control of the Manchurian railways was contested in the Russo-Japanese War of 1904-5; Japan’s 1931 invasion and establishment of the puppet state of Manchukuo; the second Sino-Japanese War and World War II in Asia; and, the Chinese civil war that culminated in the Communist victory over the Nationalists. Today, the railways are critical to plans for development of China’s sparsely populated interior. This volume brings together an international group of scholars to explore this fascinating history.

📖 **EMPIRE AND ENVIRONMENT IN THE MAKING OF MANCHURIA** Norman Smith,2017-02-10 For centuries, some of the world’s largest empires fought for sovereignty over the resources of Northeast Asia. This compelling analysis of the region’s environmental history examines the interplay of climate and competing imperial interests in a vibrant – and violent – cultural narrative. Families that settled this borderland reaped its riches while at the mercy of an unforgiving and hotly contested landscape. As China’s strength as a world leader continues to grow, this volume invites exploration of the indelible links between empire and environment – and shows how the geopolitical future of this global economic powerhouse is rooted in its past.

📖 **THE NATURALIST IN MANCHURIA** Arthur de Carle Sowerby,1922

📖 *MY MANCHURIA* Michael Meyer,2015-02-17 In the tradition of In Patagonia and Great Plains, Michael Meyer’s In Manchuria is a scintillating combination of memoir, contemporary reporting, and historical research, presenting a unique profile of China’s legendary northeast territory. For three years, Meyer rented a home in the rice-farming community of Wasteland, hometown to his wife’s family. Their personal saga mirrors the tremendous change most of rural China is undergoing, in the form of a privately held rice company that has built new roads, introduced organic farming, and constructed high-rise apartments into which farmers can move in exchange for their land rights. Once a commune, Wasteland is now a company town, a phenomenon happening across China that Meyer documents for the first time; indeed, not since Pearl Buck wrote The Good Earth has anyone brought rural China to life as Meyer has here. Amplifying the story of family and Wasteland, Meyer takes us on a journey across Manchuria’s past, a history that explains much about contemporary China—from the fall of the last emperor to Japanese occupation and Communist victory. Through vivid local characters, Meyer illuminates the remnants of the imperial Willow Palisade, Russian and Japanese colonial cities and railways, and the POW camp into which a young American sergeant parachuted to free survivors of the Bataan Death March. In Manchuria is a rich and original chronicle of contemporary China and its people.

2 LIFE ALONG THE SOUTH MANCHURIAN RAILROAD Ito Takeo,Joshua A. Fogel,2016-04-08 As part of a worldwide movement, nations and multinational groups are trying to reach closure regarding past atrocities and inhumanities, including what happened in Nanking in 1937. The contributors to this book show that these activities are a search for the common causes of human atrocities.

2 JAPAN’S TOTAL EMPIRE Louise Young, 1999-09 At the heart of the empire Japan won and then lost in the Pacific War was Manchukuo, a puppet state created in Northeast China in 1932. Not unlike India for the British, Manchukuo was the crucible and symbol of empire for the Japanese. In this book, the first social and cultural history of Japan’s construction of Manchuria, Louise Young studies how people at home imagined, experienced, and built the empire that so threatened the world.
