Destiny Theyuw,2016-01-18 With My Game Guide you will learn exactly what you need to know in order to become an expert player and become godlike! This is a complete guide with everything you need to know about the game.

The Seeker's Path Sohan Singh,2004-10 The Seeker's Path (first published in 1959) offers an interpretation of the Japji Sahib which is the preamble to the Guru Granth Sahib, the Sikh scripture. It defines the goal of life as the understanding of God, the Almighty, and describes the ways to achieve that. The book has a Roman transliteration of the thirty-eight hymns of the text followed by a line-by-line explanation in English

Essence of Devotion Sirshree,2015-11-23 ATTAINING DIVINITY · Have you ever wondered who or what God is? · Do you have the thirst to know the supreme truth? · Do you wish to rise above lower consciousness and ascend towards divinity? If yes, then this book is your answer. The journey towards divinity (or truth or supreme consciousness) comprises of two major paths: Knowledge (gyan) and Devotion (bhakti). Actually, both are essential to reach your destination. Some people feel that knowledge is sufficient. But there is the possibility of developing an ego of knowledge and thereby getting stuck in the cosmic illusion once again. Devotion is what will help you to remain established in the liberated state. Devotion gives you the power to easily overcome the obstacles to liberation—the mind, its ego and various tendencies. It helps you to lead a truly successful and peaceful life amidst these chaotic modern times. It adds joy and music to your journey towards the supreme consciousness. With the help of beautiful stories and examples, this book tells you everything about devotion; including what is devotion, its various aspects, its numerous benefits, as well as indications on how to develop devotion and reach the heights of devotion. With practice, you progress from the first to the tenth level of devotion, where you realize that divinity and you are not two different entities—both are one. Such bliss! But you then separate from divinity once again. Why? Only because you love the experience of devotion so much! Such is the sweetness or essence of devotion.

Kriya Yoga Unlocked Triloki Nath, This is a Kriya Yoga book intended to be read and practised by everyone, with/without initiation. Every word uttered by a Yogi has a special meaning that is totally unintelligible to even the highly intellectual people. This book is written in such a way that everyone can follow it up while trading the path of Kriya. People think that they are very intelligent, but if they try to understand very seriously, they realize perfectly that nothing is happening according to their intellect. Only those whose breath is not blowing in the left or right nostril are intelligent in this world. When breathing is faster, then in one day and one night respiration can flow up to 113,680 times. Normally during the same time, the figure is 21,600 times. During a day and night, if respiration is faster than usual, the breath can flow in and out 113,680 times. Normally, in the course of a day and night, there are 21,600 breaths. This figure is reduced by Kriya practice to 2,000 times. So, breathing 1,000 times in the day and 1,000 times in the

night, in a normal course, provides greater Tranquility to a Yogi. One of his breaths takes about 44 seconds. Such a Yogi is matured in Kriya practice. Thoughts are inseparably related to breathing. So, when the number of breaths is reduced, thoughts are reduced proportionately. Eventually, with the tranquilization of breath, thoughts are dissolved. Thereby, the seeker can attain the After-effect-poise of Kriya, or eternal Tranquility, which is Amrita, nectar proper.

The Upanishads Lahiri Mahasaya, This is a scriptural commentary of Lahiri Mahasaya on The Upanishads. If we scan the word Upanisad, we see that Upa means sitting and nisad means near. Thus, the very word Upanisad specifies personal relationship: the Guru-param-para, Master to Disciple learning from the living lips of a Guru. In ancient times, the disciples sat near the Guru to learn the spiritual discipline from the living lips of their Guru to realize the supreme Self. They practiced strictly in accordance with the instructor they received personally from the living lips of their Guru. This is a Kriya Yoga book intended to be read and practiced by everyone, with/without initiation. Please note that the Guru here means the Kutastha, i.e., the place between the eyebrows, also known as The Third Eye. Every word uttered by a Yogi has a special meaning that is totally unintelligible to even the highly intellectual people. This book is written in such a way that everyone can follow it up while trading the path of Kriya. People think that they are very intelligent, but if they try to understand very seriously, they realize perfectly that nothing is happening according to their intellect. Only those whose breath is not blowing in the left or right nostril are intelligent in this world. When breathing is faster, then in one day and one night respiration can flow up to 113,680 times. Normally during the same time, the figure is 21,600 times. During a day and night, if respiration is faster than usual, the breath can flow in and out 113,680 times. Normally, in the course of a day and night, there are 21,600 breaths. This figure is reduced by Kriya practice to 2,000 times. So, breathing 1,000 times in the day and 1,000 times in the night, in a normal course, provides greater Tranquility to a Yogi. One of his breaths takes about 44 seconds. Such a Yogi is matured in Kriya practice. Thoughts are inseparably related to breathing. So, when the number of breaths is reduced, thoughts are reduced proportionately. Eventually, with the tranquilization of breath, thoughts are dissolved. Thereby, the seeker can attain the After-effect-poise of Kriya, or eternal Tranquility, which is Amrita, nectar proper.

African Witchcraft and Global Asylum-Seeking Katherine Luongo, 2023-04-17 This book analyzes how over the last two decades, immigration regimes in three primary refugee-receiving states in the Global North – Canada, Australia, and the United Kingdom – have engaged with allegations about witchcraft-driven violence made by asylum seekers coming from Anglophone countries across the African continent. The work intervenes at the nexus of anthropological, historical, legal, developmental, and human rights literatures to offer fresh insights into extrajudicial violence and global migration. Taking witchcraft-based asylum cases as its focal point, it argues that the recent dramatic expansion in claims to refugee protection under the ‘particular social group’ category of the 1951 UN Refugee Convention reflects immigration authorities’ increasing willingness to consider how legally recognizable persecution can derive from cultural practices and beliefs. Reflecting critically on such cases, it advances understandings of how witchcraft beliefs and practices have persisted as significant engines of violence in the contemporary world. It sheds light both on the limits of legal pluralism and cultural relativism in asylum adjudication and on how social scientific expertise contributes not simply to the flow of ideas, but also to the channelling of people across national, cultural, and epistemological boundaries. The book will be essential reading for students and researchers in legal anthropology, African studies, human rights, transnational history, migration and refugee law and policy, and the history and anthropology of witchcraft.

The Truth Seeker in Literature, Philosophy, and Religion ,1849

The Seeker's Guide to Saints Mitch Finley,2016-03-09 Who were the saints and what is it about them that causes people all over the world to remember them? What were their stories, motivations, passions--and shortcomings? This informative, delightful, inspiring book reveals the truth behind the misconceptions and the mystique in a survey of saints throughout the history of the Church. The stories included here emphasize that, although the saints were often flawed and quirky individuals, what made them saintly above all else was their dedication to faith. They had a passionate, extraordinary, pull-out-all-the-stops devotion, writes award-winning Catholic author Mitch Finley, and a desire for truth that is not unlike our own.
