The Gospel According to Mark ,1999-01-01 The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

The Gospel According to Mark James R. Edwards,2002 This new Pillar volume offers exceptional commentary on Mark that clearly shows the second Gospel though it was a product of the earliest Christian community to be both relevant and sorely needed in today's church. Written by a biblical scholar who has devoted thirty years to the study of the second Gospel, this commentary aims primarily to interpret the Gosepl of Mark according to its theological intentions and purposes, especially as they relate to the life and ministry of Jesus and the call to faith and discipleship. Unique features of James Edwards's approach include clear descriptions of key terms used by Mark and revealing discussion of the Gospel's literary features, including Mark's use of the sandwich technique and of imagistic motifs and irony. Edwards also proposes a new paradigm for interpreting the difficult Little Apocalypse of chapter 13, and he argues for a new understanding of Mark's controversial ending.

Mark Marilyn Kunz,Catherine Schell,1963

Zitadelle Mark Healy,2016-08-04 Few battles attract interest so much as the Battle of Kursk. Operation Zitadelle, the code name given by Hitler to the Wehrmacht's last offensive on the Eastern Front in July 1943, has acquired an almost mythic status as one of the greatest clashes of armour in the history of warfare. Long been depicted as the 'the swan song of the German tank arm' by virtue of the huge tank losses experienced by the Germans; the reality, in light of the emergence of new information proved it to be anything but, with historians previously accepting without question exaggerated Soviet accounts of the battle. For all the resources devoted to this operation by the Germans, Zitadelle was an abysmal failure; and whilst they were not outfought by the Red Army at Kursk, they were out-thought by commanders of outstanding quality. Zitadelle describes the German

and Soviet tactics and explores the realities of the battles on sodden ground that culminated in the defeat of the panzers and the Soviet advance on the Reich.

Revelation ,1999-01-01 The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. Mark: Journible the 17:18 Series Robert Wynalda,2015-10-22 Why the 17:18 series? In Deuteronomy 17, Moses is leaving final instructions concerning the future of Israel. As a prophet of God, Moses foretells of when Israel will place a king over the nation (v. 14). In verse 18, the king is commanded to not simply acquire a copy of the law (the entire book of Deuteronomy) from the scroll publishing house, but to hand write his own copy of the law. Thirty-four hundred years later, educators are discovering that students that physically write out their notes by hand have a much greater retention rate than simply hearing or visually reading the information. Apparently, God knew this to be true of the kings of Israel also. From such understanding came the conception of this series of books.

The Gospel of Mark Mary Healy,Peter S. Williamson,2008-11 This volume inaugurates a series of accessibly written yet substantive commentaries for use in Catholic universities, seminaries, and parishes.

17 Drives Mark Schofield,2016-01-26 Every football game is a Shakespearean drama played out over the course of 60 minutes, with peaks and valleys, good plays and bad plays, in front of thousands - if not millions - of eyes. But in each game there are turning points: moments when the balance of power shifts from one team to the other. They can occur early in a game, in the third quarter, or in the final seconds These moments are often part of a single drive, coming as an offense puts together a string of plays that change the course of a game. These are moments when 11 players, bonded together, see the fruits of their hard work in the spring and summer pay off. The 2015 college football season contained many highs and lows - big upsets, stunning performances, and thrilling games that came down to the final seconds. In this book we examine 17 of these game-changing drives, an unconventional week-by-week recap of the season. These drives reveal not only how their particular contest turned out, but when viewed collectively, tell the story of a season and provide a glimpse into how the game is being played across the college football landscape. The season-long story gives us a window into the schemes, plays and designs that teams are using on the field, and what teams call upon when the biggest play is needed. Each one of the 17 moments contained herein are, in their own way, championship drives. Some, like the Week 4 game-winning drive by the Memphis Tigers against the Cincinnati Bearcats, showed off a potential NFL star like Tigers QB Paxton Lynch, who marched his team down the field in 2 minutes. Others, like Stanford's short but clutch drive against the Notre Dame Fighting Irish, dashed one team's College Football Playoff hopes. And one - a classic 9-minute, 22-play, 82-yard drive, led by Michigan State's Connor Cook against undefeated Iowa in the Big 10 Championship Game - helps define the term championship drive. Finally, the CFB playoffs, and Alabama's execution resulting in the crowning of a National Champion.
