42 Mark Vernon,2008-03-01 Drawing his inspiration from 42 of the funniest, wisest, and quirkiest quotations on the big questions in life, Vernon offers a light-hearted look at what philosophy has to say about life, the Universe, and everything. Deftly interweaving the thoughts of the greatest minds of all time, from Socrates to Monty Python, Vernon provides a platter of witty yet profound discussions on work, love, eternal life, sex, and happiness. From the allure of cats to the nature of wisdom, this rip-roaring read is the perfect companion for the armchair philosopher, and proves that even a little introspection can transform our lives for the better!

A Theology of Mark's Gospel David E. Garland,2015-10-06 A Theology of Mark’s Gospel is the fourth volume in the BTNT series. This landmark textbook, written by leading New Testament scholar David E. Garland, thoroughly explores the theology of Mark’s Gospel. It both covers major Markan themes and also sets forth the distinctive contribution of Mark to the New Testament and the canon of Scripture, providing readers with an in-depth and holistic grasp of Markan theology in the larger context of the Bible. This substantive, evangelical treatment of Markan theology makes an ideal college- or seminary-level text.

The Theological Programme of Mark Francesco Filannino,2021-05-31 The first chapters of literary works are indispensable to understanding them. This is also true of the Gospels. Francesco Filannino shows that the introductory section of Mark's Gospel (Mark 1:1-15) is an important key to accessing the whole narrative, because it anticipates the main contents of the evangelist's theology.

Mark's Gospel: An Actological Reading Malcolm Torry,2022-05-19 This might look like an ordinary commentary on Mark’s Gospel, but it isn’t one. It understands reality as Action, actions, change, diversity, movement, and the dynamic, rather than as Being, beings, the unchanging, the unitary, rest, and the static, and it reads Mark’s Gospel in the light of that distinctive understanding of reality. It is all about action, change, and diversity, and it understands God, Jesus, and ourselves as action, change, and diversity. The initial chapter introduces the action-based understanding of reality as action in changing patterns—an actology, rather than an ontology. Then follows a section-by-section close study of the Gospel. The result is a unique and somewhat unexpected reading of the text and a distinctive theology to match.

Mark's Audience Mary Ann Beavis,1989-01-01 Mark 4.11-12, the 'parable theory' passage, has probably been commented upon more often than any other section of Mark's Gospel. The saying has usually been interpreted as an authentic utterance of Jesus, which was subsequently misunderstood and misinterpreted by early Christians-including the evangelist Mark. The precise meaning of the mystery logion in the ministry of Jesus is notoriously elusive, since we have no information about the context in which it was spoken, or about the audience to which it was addressed. Much more, however, can be known about the interpretative context of the logi.
