Dressing for Altitude Dennis R. Jenkins, 2012-08-27 Since its earliest days, flight has been about pushing the limits of technology and, in many cases, pushing the limits of human endurance. The human body can be the limiting factor in the design of aircraft and spacecraft. Humans cannot survive unaided at high altitudes. There have been a number of books written on the subject of spacesuits, but the literature on the high-altitude pressure suits is lacking. This volume provides a high-level

summary of the technological development and operational use of partial- and full-pressure suits, from the earliest models to the current high altitude, full-pressure suits used for modern aviation, as well as those that were used for launch and entry on the Space Shuttle. The goal of this work is to provide a resource on the technology for suits designed to keep humans alive at the edge of space.-- NTRS Web site.

The Christian In Complete Armour William Gurnall, 2021 In a world where war is a persistent reality in media and in film, there is a larger, consequential war being waged everyday that is often neglected: the Spiritual war inside of us. Written in the English Puritan era but just as powerful and inspiring today, William Gurnall's timeless epic *The Christian in Complete Armour* serves as a beautifully written and action-packed spiritual guidebook. A call to arms for Christians, Gurnall's expounded sermons on Ephesians 6:10-20 are as practical as they are illuminating. With stunning prose and page-turning excitement, the battle for the soul and the descriptions of the God-given protections and weapons ascribed to the believer are detailed and explained. Gurnall's masterpiece has been inspiring Christians since the 17th century, and has never been as applicable and urgently needed as the present day. Praise of the work: If I might read only one book beside the Bible, I would choose *The Christian in Complete Armour*. -John Newton Peerless and priceless; every line full of wisdom. -C. H. Spurgeon A beautiful feature in Gurnall's book is its richness in pithy, pointed, and epigrammatical sayings. You will often find in a line and a half some great truth, put so concisely, and yet so fully, that you really marvel how so much thought could be got into so few words. -J. C. Ryle
