The Marseille Mosaic Mark Ingram, Kathryn Kleppinger, 2023-01-13 Formerly the gateway to the French empire, the city of Marseille exemplifies a postcolonial Europe reshaped by immigrants, refugees, and repatriates. The Marseille Mosaic addresses the city's past and present, exploring the relationship between Marseille and the rest of France, Europe, and the Mediterranean. Proposing new models for the study of place by integrating approaches from the humanities and social sciences, this volume offers an idiosyncratic "mosaic," which vividly details the challenges facing other French and European cities and the ways residents are developing alternative perspectives and charting new urban futures.

Wicked City Nicholas Hewitt, 2019 Marseille is a thoroughly ambiguous place. France's second city and its major sea-port, its impact on the national imagination is unparalleled. Yet it is also a frontier city, arguably capital of the Mediterranean, and with a traditionally suspect allegiance to the French nation. This apartness, and the city's long and rich history as home to migrants, workers and organized criminals, has cemented its association in the popular imagination with exoticism and illicit activity. In this history, Nicholas Hewitt explores Marseille's extraordinary cultural wealth from the Revolution to the present century, charting the development of its bad reputation, its 'rogue status' within France, and its international importance. The narratives devoted to this great port city range from the legend of its football team to The Count of Monte Cristo. Hewitt discovers Marseille through the eyes of writers, painters and sculptors, film-makers, music hall stars, architects and rappers; from the viewpoints of French, German, British and American visitors; and as a celebration of its humane cosmopolitanism, often in contrast with national French sentiment. Wicked City is a vivid and complex portrait of one of the Mediterranean's great cities, going beyond the popular stereotypes to uncover the true Marseille in its full richness.

The Mysteries of Marseilles Émile Zola, 2021-06-21 The Mysteries of Marseilles (1895) is a novel by French author Émile Zola. Originally serialized in Le Messenger de Provence in 1867, The Mysteries of Marseilles was written at the very beginning of Zola's literary career. Intent on exploring taboo and the lives of people on the edge of society, Zola crafts a narrative capable of illuminating the human condition while humanizing those typically disdained by the literary elite. In mid-nineteenth century France, a Second Republic has come into power following the Revolution of 1848, installing Napoleon III as the nation's first president. Over the next several years, the country enters a period of liberal reform and temporary peace. In Marseilles, a poor republican named Philippe Cayot has fallen in love with the young heiress Blanche de Cazalis, a member of one of the city's most influential families. When their affair is discovered, Philippe is sent to prison and Blanche, after giving birth to an illegitimate child, is forced to enter a convent. Undeterred by the tragedy and injustice of these events, Philippe's brother Marius hatches a plan to protect the young lovers, rescue their child, and take control of the de Cazalis family fortune. The Mysteries of Marseilles is a story of forbidden love, fading hope, and the false promise of modern life. Written at the very beginning of Zola's career, it shows the inner workings of a young mind interested in subjects too often ignored by writers, a mind whose guiding principle is truth and truth alone. With a beautifully designed cover and professionally typeset manuscript, this edition of Émile Zola's The Mysteries of Marseilles is a classic work of French literature reimagined for modern readers.

Marseille Mix William Firebrace, 2022-10-04 A journey through the history, cultures, and societies of Marseille. There are many Marseilles, or at least many versions of Marseille: seaside village, haven of gangsters, gateway to the East, city of immigrants and outcasts. It is by turns the dull bourgeois provincial town where nothing ever happens and the mysterious unknowable city of the Mediterranean. In Marseille Mix, William Firebrace explores the many Marseilles, the invented and the actual. Leading readers down narrow streets, through undulating terrain that seems at once, or serially, Italian, Greek, Levantine, and North African, Firebrace traces the history and culture of Marseille through landscapes, buildings, food, films, literature, and criminology. In seven chapters, in writing that is by turns essay, narrative, description, list, recipe, glossary, and conversation, Firebrace investigates the city's defining mix. He tells stories of famous Marseillais, including Marcel Pagnol and Antonin Artaud, and famous visitors, including the dying Arthur Rimbaud and Walter Benjamin (who wrote about one visit in "Hashish in Marseille"). He describes the brief period when Marseille was the point of departure for European refugees fleeing the Nazis and the city's mixture of desperation and decadence during the Vichy regime. He visits the basilica of Notre Dame de la Garde and gazes down from its terrace at the panoramic view: an agglomeration of neighborhoods and landscapes that became a city.

Marseille M.F.K. Fisher, 2016-01-26 A Vintage Shorts Travel Selection Nowhere in the world did the beloved food and travel writer M.F.K Fisher feel more at ease than in the port of Marseille. From her timeless A Considerable Town, published as part of Two Towns in Provence, here is her affectionate introduction to the old streets and bustling waterfront of France's second city. "I first spent a night there in late 1929, and since then I have returned even oftener than seems reasonable," says Fisher of her long-term love affair with the city by the sea. In these recollections she paints a vibrant, sun-drenched portrait of the distinctive character of Marseille and its residents, the insolite or "indefinable" identity that makes it unlike anywhere else. As she reflects on the history, the culture and, of course, the foods, that make Marseille what it is, Fisher brings the city to life as only she can. An eBook short.

Made in Marseille Daniel Young, 2012-03-27 Marseille, once notorious for its assorted mischief, has recently experienced a cultural renaissance, establishing it as a Mediterranean capital of film, fashion, music, literature, and, most assuredly, cuisine. From the city's beloved, world-famous bouillabaisse to enticing émigré flavors to venerable street treats to classic and contemporary Provencal bistro fare, this culinary crossroads, the Paris of Provence, offers an exciting array of tempting foods that, while global in scope, have a folksy, made-in-Marseille personality. Join Daniel Young, author of The Paris Café Cookbook, as he explores the authentic flavors of France's oldest city, its great southern gateway, extending from the Marseille of antiquity, found intact in the limestone cliffs of the rocky coastline, to the Marseille of romantic intrigue, still apparent in the labyrinthine passageways of the historic Panier quarter, to its storied center, the Vieux Port. Of course there's bouillabaisse: an entire chapter on this legendary fish stew-soup, including rustic, home-style Marseille recipes adapted so they can successfully be made with North American fish—not entirely authentic but wholeheartedly delicious. There are many other definitive fish recipes from this seafood lovers' paradise as well, including the legendary pan-fried calamari with parsley and garlic from Chez Etienne and the foolproof formula for grilling fish from the Restaurant L'Escale. In addition, there are aromatic appetizers, traditional and newfangled desserts, savory pastries, meat and chicken dishes, and hearty vegetable stews, all prepared with the building blocks of the healthful, French-Mediterranean diet: olive oil, garlic, tomatoes, zucchini, fennel, eggplant, artichokes, olives, basil, thyme, rosemary, bay leaves, almonds, figs, and honey. It's a full cookbook, offering 120 recipes and also a remarkable portrait of France's Second City. With evocative black-and-white photographs by Marseille native Sébastien Boffredo, Made in Marseille is a lively panorama of the food, flavors, culture, and mystique of France's vital and fascinating cosmopolitan seaport. Some text and images that appeared in the print edition of this book are unavailable in the electronic edition due to rights reasons.

World Film Locations: Marseilles Marcelline Block,2013-01-01 As France's oldest city, Marseilles has a significant cinematic culture, dating back to the 1890s when the Lumière brothers shot many films there. Due to its prolific film industry in the 1920s, Marseilles was referred to as "the French Los Angeles." *World Film Locations: Marseilles* examines the representations of this port city in cinema, through essays and film scene reviews devoted to an exploration of its topography as depicted by Jean Epstein, Jean-Luc Godard, Jean-Pierre Melville, Jean Renoir, Jean-Jacques Beineix, and many others. This volume showcases Marseilles's diversity as articulated onscreen: from the winding streets of the Panier to the Old Port's noisy markets, from the bustling Canebière to the dockyards of the Grand Port Maritime, from the cliffs of Provençal encircling the city to sun-drenched calanques leading to the dazzling cerulean sea. *World Film Locations: Marseilles* features maps of film scenes, high-quality screengrabs, and images of movie locations as they appear today, accompanied by original texts penned by leading international film scholars and critics and an interview with Marseillais director Robert Guédiguian. Marseilles has been named a 2013-14 European Capital of Culture and this book is a fitting and timely tribute.

Romance in Marseille Claude McKay,2020-02-11 The pioneering novel of physical disability, transatlantic travel, and black international politics. A vital document of black modernism and one of the earliest overtly queer fictions in the African American tradition. Published for the first time. A Penguin Classic A New York Times Book Review Editors' Choice/Staff Pick *Vulture's* Ten Best Books of 2020 pick Buried in the archive for almost ninety years, Claude McKay's *Romance in Marseille* traces the adventures of a rowdy troupe of dockworkers, prostitutes, and political organizers--collectively straight and queer, disabled and able-bodied, African, European, Caribbean, and American. Set largely in the culture-blending Vieux Port of Marseille at the height of the Jazz Age, the novel takes flight along with Lafala, an acutely disabled but abruptly wealthy West African sailor. While stowing away on a transatlantic freighter, Lafala is discovered and locked in a frigid closet. Badly frostbitten by the time the boat docks, the once-nimble dancer loses both of his lower legs, emerging from life-saving surgery as what he terms an amputated man. Thanks to an improbably successful lawsuit against the shipping line, however, Lafala scores big in the litigious United States. Feeling flush after his legal payout, Lafala doubles back to Marseille and resumes his trans-African affair with Aslima, a Moroccan courtesan. With its scenes of black bodies fighting for pleasure and liberty even when stolen, shipped, and sold for parts, McKay's novel explores the heritage of slavery amid an unforgiving modern economy. This first-ever edition of *Romance in Marseille* includes an introduction by McKay scholars Gary Edward Holcomb and William J. Maxwell that places the novel within both the stowaway era of black cultural politics and McKay's challenging career as a star and skeptic of the Harlem Renaissance.

Marseille Noir Cédric Fabre,2015-11-09 "Navigates the seedy side of Marseille with 14 stories that range from the creepily introspective to the downright brutal." -Publishers Weekly The Akashic Noir series first ventured into France with *Paris Noir*—and now moves one step deeper . . . A crossroads for the people of Europe and the Mediterranean, Marseille is a city that does not discriminate. It embodies the down-and-dirty, tough-guy side of France, but what it lacks in sophistication, it makes up for in spirit. Still, in its shadows lurks a not-so-distant darkness . . . one that can be found in stories translated from French by David Ball and Nicole Ball and written by: François Beaune, Philippe Carrese, Patrick Coulomb, Cédric Fabre, René Frégni, Christian Garcin, Salim Hatubou, Rebecca Lighieri, Emmanuel Loi, Marie Neuser, Pia Petersen, Serge Scotto, Minna Sif, and François Thomazeau. "Gritty from east to west, Marseille is the perfect venue for the latest in Akashic's venerable Noir series. While earlier entries in this 70-volume series have sometimes been bleak and atmospheric, this one is all red meat. . . . Just as Marseille is tailor-made for noir, this dark banquet is tailor-made for noir fans." -Kirkus Reviews "The stories . . . are united by vivid and evocative writing, as well as by a distinctive take on the city. Another strong entry in a series that should be required reading for crime fans." -Booklist

Manifesta 13 Marseille Manifesta 13 Marseille,2020-12-04 The Manifesta, which takes place every two years in a different European city, has a reputation for being a place for creativity and innovation, and for good reason. Primarily responsible for this is festival's opening program, which was tested in 2018 in Palermo and is now being continued in Marseille in 2020. Winy Maas's architectural office, MVRDV, and The Why Factory (t?f) were commissioned to explore the city's urban space through the means of artistic research and the latest method of data analysis. This resulted in a compendium of social, cultural, ethical, religious, and geographical structures. It was, however, meant to do more than just describe the status quo. The exploration also began a process that goes far beyond the Manifesta itself, to enrich Marseille's future as a city. This publication allows itself to become an audience and hence, part of the project. MVRDV was founded in 1991 and has its headquarters in Rotterdam. It is currently one of the most successful Dutch architectural offices. Besides Winy Maas, Jacob van Rijs and Nathalie de Vries are among its co-founders. Its trademark is the experimental, innovative form in architectural design. Maas also heads up the THE WHY FACTORY (T?F), a research institute that explores the development of cities and designs urban models for the future. Marseille History and Culture Aaron Ellis,2019-12-03 *Marseille History and Culture*. Information Tourism. Marseille's population, drawn from all parts of the Mediterranean and from elsewhere in Europe and Africa, has always been mixed, so that it has never been possible to talk of a typical Marseillais. In 1880, for example, more than one in six of the inhabitants of the city was foreign. New residents have created a diverse pattern, sometimes concentrated in certain districts, such as the Muslim quarter that grew up during the 1970s north of La Canebière, and sometimes specializing in particular trades or professions. Certain groups Jews, Greeks, Armenians have their own community leaderships, which have semiofficial recognition. Former colonials have had a strong impact on the community, and Marseille has always attracted Corsicans (including the Bonaparte family during the French Revolution). Manual labour is increasingly performed by North Africans or Africans who arrive from former colonies. There are marked social contrasts within the city. La Canebière forms an approximate dividing line between the working-class, often run-down areas of the north and the more affluent and salubrious districts of the south.

The Holocaust & the Jews of Marseille Donna F. Ryan,1996 One-fourth of the Jews living in France - once considered an asylum for the politically dispossessed - were identified, rounded up, and deported to the death camps of eastern Europe during World War II. In this carefully documented, gripping account of the treatment and fate of French and foreign Jews in Marseille, Donna Ryan explores the extent to which the Vichy government participated in the German plans to exterminate them. Marseille was a major French city in the Vichy Zone that had a large Jewish population; the Italians, who sometimes thwarted French administrators, never occupied Marseille; and it was a regional office of the Commissariat General aux Questions Juives and the Union Generale des Israelites de France, which could provide documentation.

Total Chaos Jean-Claude Izzo,2016-07-05 An ex-cop takes on the mafia in the blockbuster novel that kicks off the Marseilles trilogy with what “may be the most lyrical hard-boiled writing yet” (The Nation). In Jean-Claude Izzo’s “Mediterranean noir” mysteries, the city of Marseilles is explosive, breathtakingly beautiful, and deadly. Total Chaos introduces readers to Fabio Montale, a disenchanted cop who turns his back on a police force marred by corruption and racism and, in the name of friendship, takes the fight against the mafia into his own hands. But people and circumstances change. Ugo and Manu have been drawn into the criminal underworld of Europe’s toughest and most violent city. When Manu is murdered and Ugo returns from abroad to avenge his friend’s death, only to be killed himself, it is left to the third in this trio, Det. Fabio Montale, to ensure justice is done.
