Coal to Diamonds: A Memoir Beth Ditto, Michelle Tea, 2012-10-09 A raw and surprisingly beautiful coming-of-age memoir, *Coal to Diamonds* tells the story of Mary Beth Ditto, a girl from rural Arkansas who found her voice. Born and raised in Judsonia, Arkansas—a place where indoor plumbing was a luxury, squirrel was a meal, and sex ed was taught during senior year in high school (long after many girls had gotten pregnant and dropped out) Beth Ditto stood out. Beth was a fat, pro-choice, sexually confused choir nerd with a great voice, an eighties perm, and a Kool Aid dye job. Her single mother worked overtime, which meant Beth and her five siblings were often left to fend for themselves. Beth spent much of her childhood as a transient, shuttling between relatives, caring for a sickly, volatile aunt she nonetheless loved, looking after sisters, brothers, and cousins, and trying to steer clear of her mother's bad boyfriends. Her punk education began in high school under the tutelage of a group of teens—her second family—who embraced their outsider status and introduced her to safety-pinned clothing, mail-order tapes, queer and fat-positive zines, and any shred of counterculture they could smuggle into Arkansas. With their help, Beth survived high school, a tragic family scandal, and a mental breakdown, and then she got the hell out of Judsonia. She decamped to Olympia, Washington, a late-1990s paradise for Riot Grrrls and punks, and began to cultivate her glamorous, queer, fat, femme image. On a whim—with longtime friends Nathan, a guitarist and musical savant in a polyester suit, and Kathy, a quiet intellectual turned drummer—she formed the band Gossip. She gave up trying to remake her singing voice into the ethereal wisp she thought it should be and instead embraced its full, soulful potential. Gossip gave her that chance, and the raw power of her voice won her and Gossip the attention they deserved. Marked with the frankness, humor, and defiance that have made her an international icon, Beth Ditto's unapologetic, startlingly direct, and poetic memoir is a hypnotic and inspiring account of a woman coming into her own.

Beth Ditto A few years back, when my style was 'punk grandma,' I picked up an amazing pair of sandals - orthopaedic ones, with really thick soles. I've given them away to a friend now, because these days my look is more '1980s substitute teacher gone wild.' Beth Ditto A weird thing about Gossip that I've always said: 'If I weren't in this band, I would never listen to it.' But I would go see it. It's a band you would go see that you don't necessarily listen to. We've always wanted to do a live album because personally, I think we're a way better band live than on record. Their reach extends all the way to the FBI, who send their top Abduction Specialist, Agent Emily Parker. Bennett's life--and love life--suddenly get even more complicated. FBI Agent Alex Cross is on vacation with his family in Disneyland when he gets a call: a well-known actress was shot outside her home in Beverly Hills. Shortly afterward, an editor for the Los Angeles Times receives an email describing the murder in vivid details. Alex quickly learns that this is not an isolated incident. The killer, known as Mary Smith, has done this before and plans to kill again. Right from the beginning, this case is like nothing Alex has ever been confronted with before. Is this the plan of an obsessed fan or a spurned actor, or is it part of something much more frightening? Now members of Hollywood's A-list fear they're next on Mary's list, and the case grows by blockbuster proportions as the LAPD and FBI scramble to find a pattern before Mary can send one more chilling update.

Emotional Rescue Dzogchen Ponlop, 2016-04-19 In this life-changing book, acclaimed Buddhist teacher Dzogchen Ponlop Rinpoche shows how to free yourself from being a victim of your emotions by gaining the awareness and understanding that will help you harness their power. Emotions bring color and meaning to our lives, but they can also put us on an exhausting rollercoaster ride that takes us to blissful peak states, the depths of delusion and despair, and everything in between. It is only by learning to relate to our emotions skillfully that we benefit from their richness and glean wisdom, rather than letting them control us. Emotions get their power from a simple but deep-seated source: our lack of self-knowledge. When we bring awareness to our experience of emotions, something truly amazing happens—they lose their power to make us miserable. In this book, Rinpoche leads us through the three steps of his Emotional Rescue Plan. Mindful Gap is the practice of creating a safe distance between you and your emotions, which gives you the psychological space to work with their energy. Clear Seeing involves recognizing the bigger picture. Last, Letting Go is the practice of releasing stressful physical and emotional energy through exercise, relaxation, and awareness. With each step, we become increasingly

familiar with the inner workings of our emotions, seeing straight to the heart of anger, fear, passion, jealousy, and pride. With time and practice, instead of leading us astray, our emotions become our guide towards living a more compassionate, creative, and fulfilling life.

Dismal Quincy Poaches, 2012-10 What if you could see things that no one else could? What if you saw things that would terrify the average person on a daily basis? That's what it's like during a normal day in the life of Maria Patterson, a woman with quite possibly the most unique interpretation of life and death. This particular subject matter is taught by many throughout our lives, yet it is understood by few. Maria, however, has the unfortunate honor of being given a literal, hands-on lesson from one of the few who know most about the subject, and as her knowledge swells, she soon discovers that just like with Pandora's Box, there are some things you just don't really want to really know! Our parents always told us that we were special, but what if you didn't want to be?
