When they came closer, I could see that she had green eyes that sparkled unusually bright. "I made the recording for the security system at your suggestion, father," she replied quickly. For some reason I felt relief knowing the older gentleman was her father. He said. "Are you interested in the whole story?" "Well, yes, I answered. I am interested in the unique aspects of the project." That is what the captain wanted, the whole story, if there was a story. I had a duty to perform and I owed my loyalty to the company. It was not my place to make any judgments. I intuitively felt certain the project people were not subversive. "Project-H is unique of all government projects. Research involves electricity of every kind and no other kind of energy." The project leader said.

In The Shadow of Mountains David George Richards, 2008-06-03 Slide-Rule had been their strategist. She had taken the beaten armies of Falonbeck to victory over the Sullenfeld Hordes and now even the Dragon Prince of Halafalon wouldn't stand in her way. And if she could keep Sir John L'Crue on side, what she wanted she would get. Bus-Pass was one of their best fighters. She was a thief who made an art out of her trade. But her frequent confrontations with the Sheriff of Jasanta had instilled an admiration that went way beyond mere professional competition. Chalk-Dust was their scout. Thoughtful and methodical, she could find anything anywhere. But what she had stolen from the hidden tomb of Edred the Mighty would have to be returned before the Sullenfeld Hordes caught and skinned her to get it back. Blue-Tack was their leader. Strong, intelligent, and a fierce fighter, she had only one true enemy, an enemy who had taken away the only thing she cherished. And she lived only for the day when she would finally get even. Gym-Slip was the thorn in their side. Always full of the joys of life, she was a trickster, a comedienne who found fun in everything they did. And what she told Bus-Pass about the Sheriff was just low-down dirty rotten. Buy-Row was their biographer. Quiet and shy, she was a romantic book worm. She read everything she could find about lost cities and hidden tombs. And what she learned she told Chalk-Dust to find. They had spent a lifetime together on Ellerkan. It had been a lifetime of adventure, robbery, mayhem and sex whenever they could get it. Now, after twenty-eight years came their reunion. The flesh may have been weak, but the spirit was still willing, and what happened was what always happened when the Sixpack were around -all Hell let loose. And into all this came Johnson Fold. He was only interested in a little horse trading. Ellerkan was just the sort of backwards planet where his skills and artistry could be most fruitful. And as he often said to his partner, Sinita Khan, What could possibly go wrong?

Crystal Hope Douglas Milewski, Anybody got a plan? When the world gets invaded, five teenagers get the most powerful weapons ever conceived. If this sounds like an ill-thought plan ripe with unintended consequences, such as leveling stray cities, you'd be right. Still, the world's got to be saved. What's a few cities between friends? If you need a light-hearted, action-packed, feel-good book with friendly giants, powerful mechs, mischievous psychics, super-science mages, a rampant disregard for physics, and five new friends on the road trip of a lifetime, this would be the book for you. There's also an herbivore with an attitude. This is the full series, collected into a single volume.

The Space Opera Renaissance Kathryn Cramer, David G. Hartwell, 2007-07-10 Space opera, once a derisive term for cheap pulp adventure, has come to mean something more in modern SF: compelling adventure stories told against a broad canvas, and written to the highest level of skill. Indeed, it can be argued that the new space opera is one of the defining streams of modern SF. Now, World Fantasy Award-winning anthologists David G. Hartwell and Kathryn Cramer have compiled a definitive overview of this subgenre, both as it was in the days of the pulp magazines, and as it has become in 2005. Included are major works from genre progenitors like Jack Williamson and Leigh Brackett, stylish midcentury voices like Cordwainer Smith and Samuel R. Delany, popular favorites like David Drake, Lois McMaster Bujold, and Ursula K. Le Guin, and modern-day pioneers such as Iain M. Banks, Steven Baxter, Scott Westerfeld, and Charles Stross. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
