Al-Aqsa Journal Begum Fouzia,2017-09 The al-Aqsa Mosque -Historic Incidents A Miracle indeed! Prophet Mohammed first talked about al-Aqsa Mosque as 'Miraj 'incident in his Night Journey episode; a vision of the journey revealed there in 622CE [Quran CH 17; Sura Isra]. The incident introduced

revelation about the Farthest Mosque (Al-Masjid-ul-Aqsa) to the believers, the mosque was built 55 years after the death of Muhammad. It is utterly impossible that Muhammad visited the mosque on his Night Journey. When the Arabs conquered Jerusalem in 637CE, they found the Temple Mount abandoned and filled with refuse. `Umar Ibne Khattab ordered it cleaned and he performed a prayer there. The two Islamic shrines were built afterwards; (1) The Dome of the Rock built by Caliph `Abd al-Malik ibn Marwan around 72/691 CE, and (2) The al-Aqsa mosque proper, built at the end of the 7th Century. Re-cap: The Temple of Solomon had been completely destroyed in 70 AD/CE; Prophet Mohammed's Miraj (Night Journey) occurred in 622 AD (twelfth year of Muhammad's mission); Mohammed died in 633CE. Jerusalem conquered by Arabs in 637CE, in 691 AD Caliph Abd' Malik began building two Islamic shrines (Dome of Rock and al-Aqsa mosque). Solomon's Temple didn't existed at the dawn of Islam, and it does not provide anymore any better solution to mosque problem. Additionally, at around 622 CE, Jerusalem was not in the hand of the Muslims reign, rather it was in Christian hand. There was no Mosque of any type in that place (not even a church). The Dome of the

Rock and the Al Aqsa Mosque (both are on the site of Solomon's Temple which had been destroyed A.D. 70 by the Romans). Mohammed died approximately 600 years afterwards, building of the above two shrines were resumed roughly 53 years after the death of Muhammad. That's a recorded history Muslims in general feel proud of.

Geographical Dimensions of Islamicjerusalem Khalid El-Awaisi,2009-03-26 Islamicjerusalem has been at the heart of the Muslim religion from its early days. “The Geographical Dimensions of Islamicjerusalem” brings new dimensions and horizons to the relations between Islam and this Holy region. It delves into topics that have been overlooked in much of modern scholarship. It reinvestigates concepts and translates them into something that can be understood both physically and geographically. This work is an attempt to shed light on some of these concepts and the way they were perceived in early and later centuries. It lays the foundation and raises more questions for further scholarship. The book introduces the concept of Islamicjerusalem and the background development of this new field and presents some of the latest research to the reader. One of the main contributions of this book is the unveiling of the fact that Bayt al-Maqdis (Islamicjerusalem) is not a single city only; rather this work testifies to its long existence as a large spiritual region encompassing various cities,

towns and villages. The book also contrasts the region of Islamic Jerusalem with the sacred regions of Makkah and Madinah; particular attention is paid to the physical similarities between the Ka'bah and al-Aqsa Mosque. A further asset of this book is the study of the various names and their connotations in early and later periods of Muslim rule. These evocative ideas and findings are supported with explanatory maps and diagrams.

The Al-Aqsa Mosque Karisma Arshad, 2002

Islam, Jews and the Temple Mount Yitzhak Reiter, Dvir Dimant, 2020-07-09 This study presents the first comprehensive survey of the abundant early Islamic sources that recognize the historical Jewish bond to the Temple Mount (Masjid al-Aqsa) and Jerusalem. Analyzing these sources in light of the views of contemporary Muslim religious scholars, thinkers and writers, who – in the context of the Arab-Israeli conflict – deny any Jewish ties to the Temple Mount and promote the argument that no Jewish Temple ever stood on the Temple Mount. The book describes how this process of denying Jewish ties to the site has become the cultural rationale for UNESCO decisions in recent years

regarding holy sites in Jerusalem, Bethlehem and Hebron, which use Muslim Arabic terminology and overlook the Jewish (and Christian) history and sanctification of these sites. Denying the Jewish ties to the Temple Mount for political purposes inadvertently undermines the legitimacy of Islam's sanctification of Al-Aqsa and the Dome of the Rock as well as the credibility of the most important sources in Arabic, which constitute the classics of Islam and provide the foundation for its culture and identity. Identifying and presenting the Jewish sources in the Bible, Babylonian Talmud and exegesis on which these Islamic traditions are based, this volume is a key resource for readers interested in Islam, Judaism, religion and political science and history in the Middle East.

The Minbar of Saladin Lynette Singer, 2008 This is the remarkable story of one of the masterpieces of Islamic art, the Minbar of Saladin. Made in the middle of the 12th century, this wooden pulpit, perhaps the finest ever seen, stood in the al-Aqsa Mosque in Jerusalem for some eight hundred years until it was burned down in 1969 by a tourist claiming to be acting on orders from God. Its loss to the Muslim world was immense, and so the decision was taken by the mosque's guardians, the Jordanian

royal family, to rebuild it.--BOOK JACKET.

Sautul Al Aqsa Mohammed Abaoli,2017-09-25 This book intended to identify that the truth about Al-Aqsa mosque; the truth in the Noble Qur'an, in the Hadith (Islamic monotheism); the status of Al-Aqsa from previous, history from the built to the date, the conflict and struggle on; the view of Islamic world on Al-Aqsa; and Al Quds in general. Further, it has identified the Jews and Shia's view about Al-Aqsa, identified that the redline of Al-Aqsa for the Muslim ummah. Al-Aqsa Mosque is the entire piece of land surrounded by the walls. Part of the Mosque's western wall (Al-Buraq wall) was confiscated by Israel in 1967 through the help of Britain and called Wailing Wall of Jewish shrine. The Mosque's plateau is largely an open-air area with limited structures including the main prayer building at southern side (Qibla direction) of the compound and the golden dome at its central rock. My worry is not only about Al-Aqsa's failure under the Jewish, but it is also due to that the Israelis government has declared to ban the call for prayer; if Al-Aqsa has failed under Israelis state, we will unable to hear Adhan from our beloved of Al-Aqsa again for ever! Therefore, if this happened, we will never have a guarantee to

hear also Adhan from the rest of mosques in Medina and Mecca as well as the rest of the mosques wherever in the surface of the earth.

Jerusalem and Its Role in Islamic Solidarity Y. Reiter,2008-05-26 The book deals with the role of Jerusalem as a central religious-political symbol, and with the processes by which symbols of faith and sanctity are being employed in a political struggle. It examines the current Islamic ethos towards Jerusalem and the affinity between this religious ethos and the political aspirations of the Palestinians and other Arab and Islamic groups. It also compares current Jewish and Muslim narratives and processes of denial and de-legitimizing the affiliation of the other to the holy city and its sacred shrines and addresses the question whether religious outlook forms a major barrier for achieving peace in the Israeli-Arab arena.

How I Made Friends With Ali, Imam of the Al Aqsa Mosque David Reisman,2019-09-04 In 2013 an American Jewish family innocently visited Muslim Holy Sites in Jerusalem and accidentally fell into a long-standing local conflict. This is a story of how the Imam of Al Aqsa Mosque responded to an upset boy who could not understand why he could not see the Dome of the Rock. The words in this book

are from 10-year old David. It is his view of a small, true story about confusion, conviction, hospitality, and humanity.

Emergence of Light from Al-Aqsa Masjid Taleb Awadallah, 2016-10-05 Running over 139 pages this book goes through the formation and expansion of one of the worlds largest Islamic political groups, Hizb Ut Tahrir. With work spread over 50 countries, Hizb ut Tahrir stands out from all the other Islamic groups due to its political activities and its call for radical change in society. The author is a member of hizb ut Tahrir and joined the group in its early formative years in the 1950's and has been active with the group since then.

THE SHIITES AND AL-AQSA MOSQUE Tariq Ahmad Hijazi, 2022-10-26 The goal of this book is to unite the ranks of this Ummah to support our sacred sites and to love those individuals whom Allah used to win these places for Islam. We also intend to block the way in the face of these Jewish 'professors' and orientalist who find in the Shiite books, a ready tool for weakening the position that Al-Aqsa Mosque occupies in the hearts of the Muslims. As such, those dubious narrations whose goal is

to cast doubt on the sanctity of Al- Aqsa Mosque must be meticulously scrutinized and the sanctity of that mosque must be proved through argument and authentic evidences.

Women and the Holy City Lihi Ben Shitrit, 2020-10-22 Jerusalem's Temple Mount/al-Haram al-Sharif is one of the holiest places in the world for Jews and Muslims and a constant feature in the Israeli-Palestinian conflict. This study addresses the gendered dimensions of inter-communal disputes over sacred space in Jerusalem and the role of women in these conflicts.
