Unmasked Ian Miller,2022-02-11 Masks have been a ubiquitous and oft-politicized aspect of the COVID-19 pandemic. Years of painstakingly organized pre-pandemic planning documents led public health experts to initially discourage the use of masks, or even insinuate that they could lead to increased rates of spread. Yet seemingly in a matter of days in spring 2020, leading infectious disease scientists and organizations reversed their previous positions and recommended masking as the key tool to slow the spread of COVID and dramatically reduce infections. Unmasked tells the story of how effective or ineffective masks and mask mandate policies were in impacting the trajectory of the pandemic throughout the world. Author Ian Miller covers the earliest days of the pandemic, from experts such as Dr. Anthony Fauci contradicting their previous statements and recommending masks as the most important policy intervention against the spread of COVID, to the months afterward as many locations around the globe mandated masks in nearly all public settings. With easy-to-understand charts and visual aids, along with detailed, clear explanations of the dramatic shift in policy and expectations, Unmasked makes the data-driven case that masks might not have achieved the goals that Fauci and other public health experts created.

Book-o-beards Donald B. Lemke,2015 A wearable board book with die-cut holes invites the reader to try out the six bearded masks.

Masks of the World Joseph Gregor,2001-01-01 Informative pictorial survey of many authentic cover-ups worn around the world over a wide range of historical periods. Images of a Kwakiutl dance mask of wood and skin from British Columbia, a terra cotta mask from ancient Athens, an 18th-century porcelain Harlequin mask, a Javanese demon's mask of wood, a cloth mask embroidered with pearls from Cameroon, and many more. Invaluable to anthropologists and theatrical groups; of great interest to art lovers.

How to Make Masks! Easy New Way to Make a Mask for Masquerade, Halloween and Dress-Up Fun, With Just Two Layers of Fast-Setting Paper Mache Jonni Good,2012 This book teaches new techniques that anyone can use to create fabulous masks easily and quickly. Make one of the 12 popular mask styles in the book with detailed instructions and over 300 step-by-step photos - or use these easy new methods to create your own unique designs. Jonni shows you exactly how to sculpt the features of your masks so they truly represent the character and expression you're looking for. Then capture that look permanently with just two layers of super-strong, fast-setting paper mache, using the recipes included in the book. Your finished masks can look like they were made from fur or feathers, antique gold, ancient bone, rusted iron, glazed porcelain, and even carved and highly polished African wood. The innovative methods in this book are easy, the materials cost just pennies per mask, and your new creations will be even more fun to make than they are to wear. This book takes the art of paper mache masks to a whole new level.

Paper Mask Making Michael Grater,1984-01-01 This do-it-yourself guide gives detailed instructions for making paper masks — how to cut, fold, score, model, paint, and decorate them. Make masks of people, clowns, birds, and animals: lion, cat, dog, fox, bear, monkey, more. 93 black-and-white illustrations.

The Face Mask In COVID Times Deborah Lupton,Clare Southerton,Marianne Clark,Ash Watson,2021-04-19 The simple fabric face mask is a key agent in the fight against the global spread of COVID-19. However, beyond its role as a protective covering against coronavirus infection, the face mask is the bearer of powerful symbolic and political power and arouses intense emotions. Adopting an international perspective informed by social theory, The Face Mask in COVID Times: A Sociomaterial Analysis offers an intriguing and original investigation of the social, cultural and historical dimensions of face-masking as a practice in the age of COVID. Rather than Beck’s ‘risk society’, we are now living in a ‘COVID society’, the long-term effects of which have yet to be experienced or imagined. Everything has changed. The COVID crisis has generated novel forms of sociality and new ways of living and moving through space and time. In this new world, the face mask has become a significant object, positioned as one of the key ways people can protect themselves and others from infection with the coronavirus. The face mask is rich with symbolic meaning as well as practical value. In the words of theorist Jane Bennett, the face mask has acquired a new ‘thing-power’ as it is coming together with human bodies in these times of uncertainty, illness and death. The role of the face mask in COVID times has been the subject of debate and dissension, arousing strong feelings. The historical and cultural contexts in which face masks against COVID contagion are worn (or not worn) are important to consider. In some countries, such as Japan and other East Asian nations, face mask wearing has a long tradition. Full or partial facial coverings, such as veiling, is common practice in regions such as the Middle East. In many other countries, including most countries in the Global North, most people, beyond health care workers, have little or no experience of face masks. They have had to learn how to make sense of face masking as a protective practice and how to incorporate face masks into their everyday practices and routines. Face masking practices have become highly political. The USA has witnessed protests against face mask wearing that rest on ‘sovereign individualism’, a notion which is highly specific to the contemporary political climate in that country. Face masks have also been worn to make political statements: bearing anti-racist statements, for example, but also Trump campaign support. Meanwhile, celebrities and influencers have sought to advocate for face mask wearing as part of their branding, while art makers, museums, designers and novelty fashion manufacturers have identified the opportunity to profit from this sudden new market. Face masks have become a fashion item as well as a medical device: both a way of signifying the wearer’s individuality and beliefs and their ethical stance in relation to the need to protect their own and others’ health. The Face Mask in COVID Times: A Sociomaterial Analysis provides a short and accessible analysis of the sociomaterial dimensions of the face mask in the age of COVID-19. The book presents seven short chapters and an epilogue. We bring together sociomaterial theoretical perspectives with compelling examples from public health advice and campaigns, anti-mask activism as well as popular culture (news reports, blog posts, videos, online shopping sites, art works) to illustrate our theoretical points, and use Images to support our analysis.

First, Wear a Face Mask Dr. Philip M. Tierno, Jr.,2020-09-01 Stay safe and stay calm. A New York University microbiologist gives you the knowledge you need to protect yourself from COVID-19 and other common infectious diseases. With the spread of COVID-19, the world has never felt less safe. And with so much advice out there, it's hard to know whether you're taking the right precautions to stay safe. Don't panic: there are simple steps you can take to best protect yourself from infection. Professor of microbiology and pathology at NYU School of Medicine Dr. Philip M. Tierno Jr. cuts through the noise with to-the-point explanations, checklists, and best practices in this brief yet authoritative guide to protecting yourself from infectious diseases. First walking you through what germs are and how every infection happens, First, Wear a Face Mask offers calming, straightforward advice to address the ongoing spread of COVID-19 as well as the germs that imperil us every year. This practical approach will give you peace of mind as it helps you learn how to protect yourself in a variety of scenarios, from cooking at home to eating out, from your everyday commute to air travel. With tips and tidbits of history, he guides you through taking care of your home, kids, and pets. Dr. Tierno has more than 40 years of experience in the clinical and medical microbiology fields and recently appeared as an expert during the pandemic on CNN in conversation with Chris Cuomo and on Doctor Radio. And in this book, he distills his wide-ranging knowledge into actionable, digestible steps. Although there is no impenetrable shield to infection, there's a lot you can do to increase your odds of staying safe. Arm yourself with knowledge, keep calm and carry hand sanitizer.

Masks John Vornholt, 2000-09-22 The Enterprise™ journeys to Lorca, a beautiful world where the inhabitants wear masks to show their rank and station. There, Captain Picard and an away team begin a quest for the planet's ruler and the great Wisdom Mask that the leader traditionally wears. Their mission: establish diplomatic relations. But Picard and his party lose contact with the ship, and Commander Riker leads a search party down to the planet to find them. Both men are unaware that their searches are part of a madman's plan. A madman who is setting a trap that will ensnare both landing parties, and leave him poised to seize control of the awesome Wisdom Mask... And the planet Lorca itself.

Mask, 2019-09-24 2020 IBPA Awards Winner! Mask presents a striking collection of rare masks steeped in ancient tradition, captured through the lens of one of the world's most celebrated documentary photographers. Celebrated photographer Chris Rainier has documented indigenous and endangered cultures worldwide. What began as a focus on the masks of New Guinea—where modernity threatened to erase ancient rituals and cultures—became an expansive journey to find and photograph traditional masks that has taken Rainier across six continents over the past thirty years. The result is this mesmerizing photographic collection of masks—some of them ancient, some newer, many hidden at the edges of the known world and rarely revealed to outsiders. Traditional masks are so often seen behind the glass of museum cabinets, divorced from their spiritual significance. But the masks in this collection are still being danced today, in countless cultures all over the world. Rainier conveys them pulsing with the rhythms of life, full of power and spiritual relevance. Through his stunning photography—at once mysterious and unguarded—Rainier takes us on a pilgrimage to experience masks and mask rituals: from those found at initiation rituals in Burkina Faso to Bön Buddhist masks long hidden in a Nepalese monastery in the high Himalayas, the raven and bear regalia of North American First Nation potlatches, and the terrifying, child-chasing Krampus masks of the Austrian Alps. Accompanying these striking images are a foreword by renowned essayist Pico Iyer, ethnographic notes from anthropologist Robert L. Welsch, and fascinating stories recounting Rainier's journeys to distant lands to preserve and celebrate these objects of beauty and power and the cultures that produce them.

Homemade Medical Face Mask Richard Mask, 2020-04-23 Description Are you interested in making your own mask to ensure your safety? Are you fed up of all the mask hoarders selling expensive masks online? If your answer is yes, then this book may help you on how to make your own DIY home made medical masks AT HOME! Before April 3, 2020, the World Health Organization stated that the only people who should wear face masks during the pandemic that has ravished most parts of the world are health workers attending to infected persons or people who are either sneezing or coughing. However, as the days go by, we get to read more and more precautionary measures to prevent the spread of the virus. Now, the CDC (Center for Disease Control and Prevention) has advised us all to wear a face mask whenever we go out, especially in places where it may be hard to practice social distancing like the health stores and malls, even for people who are not sick or exposed to infected persons. However, even the health care workers do not have enough supplies of face masks and have been calling for donations from people, and so, people who need face masks for their personal use should make their own at home so that our health professionals can have enough to keep them safe while they attend to infected people. So, this book has compiled all the different methods to make your own face mask at home, whether for personal use or donations to health facilities. This book covers the following topics: What is a medical face mask Types of face mask and why we need them How and when to use facemask How to wear and remove the facemask Taking custom measurements and drafting your pattern Preparing your fabric Assembling your DIY medical face mask Additional safety precautions to observe How to prevent infections Step by step masks for kids and adults Risks of improper mask use Masks work ...And much more There are lots of information available online on how to make face mask in minutes, but you need to ask yourself if the face mask you are making will help to keep you and people around you safe. The crucial question should be, what material should I use to make a good and protective face mask? Before you can confidently answer this question, you need to consider two vital aspects of mask making. Effectiveness of a face mask You need to consider two factors when choosing the fabric for making your face mask. These factors are: Particle capture: An effective face mask should be able to keep most particles and viruses away. This cannot be achieved with just any material. Breathability It's one thing to have a face mask that can capture a high percentage of particles and another thing to be able to breathe through the mask. If you have to continually lift your mask to be able to breathe, then it means the mask is not effectively serving its purpose. Ready to get started? Click Buy Now!

City of Masks (The Bone Mask Cycle, #1) Ashley Capes, 2020-10-26 When a royal conspiracy topples the noble House Falco, Sofia must take up the burden of her father's mantle and assume guardianship of his Greatmask. Yet the sentient bone mask, powerful enough to Compel those around her, will not speak, and Sofia, the first female Protector in a hundred years, is left defenceless. Hunted by the king, she is driven from the palace and must fight for survival, alone in the cold streets of Anaskar. There, she crosses paths with Notch, a bitter mercenary with problems of his own. Accused of murder, Notch is trying to clear his name while hunted by the city's robed assassins, the very people who are now searching for Sofia. To take back their city and cast down the tyrant on the throne, Sofia and Notch must face the blades of Anaskar's assassins, the rage of a mighty sea beast, and the mysterious Lupo, a man with a Greatmask of his own, who has masterminded vicious terrorist attacks on the city that spurned him. Their struggle threatens to tear the city – and the kingdom – into shreds.
