

Master Crane

George Crane

Bones of the Master George Crane, 2001-05-29 In 1959 a young monk named Tsung Tsai (Ancestor Wisdom) escapes the Red Army troops that destroy his monastery, and flees alone three thousand miles across a China swept by chaos and famine. Knowing his fellow monks are dead, himself starving and hunted, he is sustained by his mission: to carry on the teachings of his Buddhist meditation master, who was too old to leave with his disciple. Nearly forty years later Tsung Tsai – now an old master himself – persuades his American neighbor, maverick poet George Crane, to travel with him back to his birthplace at the edge of the Gobi Desert. They are unlikely companions. Crane seeks freedom, adventure, sensation. Tsung Tsai is determined to find his master's grave and plant the seeds of a spiritual renewal in China. As their search culminates in a torturous climb to a remote mountain cave, it becomes clear that this seemingly quixotic quest may cost both men's lives.

The Disappearance of Ichabod Crane Andrew Winkel, Washington Irving, 2011 The day after Ichabod Crane's encounter with the Headless Horseman, three of his students try to determine their missing schoolmaster's fate.

The Five Ancestors Book 4: Crane Jeff Stone, 2009-02-10 Hok, a crane-style Kung Fu master, is also a master at hiding. For the past 12 years, she has hidden the fact that she is a girl. Now her rogue brother, Ying, and his army have placed a huge price on her head. Fortunately, she manages to make it to Keifeng where she finds her mother and a round-eye with the very funny name

of Charles. Together Hok and Charles start to make some sense of the magnitude of Ying's plans.
