112 Cut-Up Words and Photos for Reading Common Nouns Sherrill B. Flora,2007 This set includes two identical sets of 56 word cards with matching photographic image cards. Students can use the word cards and match words to pictures as their skills progress. It also includes teaching suggestions, activity and game ideas, plus easy-to-assemble game pieces and spinners, where applicable. Sturdy card-stock pages can be cut apart for hands-on learning, and it supports NCTE and NAEYC standards.

Alphaprints First Words Matching Set Roger Priddy,2018-01-30 Alphaprints First Words Matching Game and Book Set is an early-learning play set with picture cards and a sturdy, first words board book in a carry-along case—brilliant for family fun! This colorfully illustrated set is a great way to build your toddler's speaking, matching, and memory skills. With 32 chunky cards, four game boards, and the instructions for how to play three different games: Bingo, Go Fish, and Matching, the simple game play will reinforce learning. The bold text and recognizable Alphaprint illustrations on the cards and in the book will introduce your child to a selection of everyday words. The cards can also be used for picture/word recognition activities and many more memory games.

Blah Blah Blah Card Game MRS WORDSMITH,2020-02-25 Finally, a way to make practising phonics fun! Master decoding words using phonics with these three decks of increasing difficulty. Race to get rid of your cards by matching sounds and letters, and play wild cards to trip up your opponents! Blah Blah Blah is a hilariously fun card game, perfect for kids who are just starting to learn to read. Master decoding words using phonics with these three decks of increasing difficulty. Race to get rid of your cards by matching sounds and letters, and play wild cards to trip up your opponents! How does Blah Blah Blah work? Every card features a word consisting of three letters (or groups of letters). Each player takes seven cards. One card is placed face-up on the table with the rest of the deck in a pile, face-down. Players must play a card from their hand that contains at least one of the letters that are in the word on the table. The first player to get rid of all their cards wins. But beware! Wild cards hidden in the deck can force you to skip your turn or draw more cards. Blah Blah Blah was developed with a unique proprietary algorithm by our machine learning team to make sure it works. And it was tested with teachers and kids to make sure they love it! Why are phonics so important? English consists of about 44 phonemes (sound variations), but more than 170 graphemes (different written representations for these sounds). This means that English has no strict one-to-one correspondence between letters and sounds, but it's also not entirely irregular. It involves numerous patterns and regularities. Phonics is the method that helps children become aware of these regularities, and it's proven to be very effective.

Targeting Language Delays Caroline Lee,2020-04-15 Targeting Language Delays: Language and Reading IEP Goals provides sequential steps in programming to meet more than 100 IEP* goals in the areas of receptive and expressive language, listening and whole word reading for verbal and non-verbal school-age students who have communication difficulties in association with development challenges such as Down Syndrome, Autism, neurological delay and hearing impairment. This manual is for: Speech-Language Pathologists, parents, teachers, and support personnel. Speech-Language Pathologists using this manual will be able to: • develop an appropriate IEP for students • plan therapy sessions • provide instruction for support personnel • track students' progress allowing for seamless carryover of programming from one school year to the next and over changes of support personnel. Parents, teachers and support personnel will easily be able to follow the steps in language and reading stimulation through structured activities, games and home carryover. Part 1 offers background and tips on teaching language skills. Part 2 contains goals, activities, games and carryover in key receptive and expressive language areas, as well as printable vocabulary lists and tracking forms. Targeted Goals: • Following directions • "Yes/no" and negative "no/not" • Vocabulary development (nouns and verbs) • Classification and categorization • Descriptors • Concepts • "Wh" questions • Listening skills (discrimination, memory and processing) • Word and sentence structure • Whole Word reading Each goal is broken down into multiple sequential steps ensuring that underlying skills are targeted before addressing more complex goals. *Individualized Education Program/Individual Education Plan
