I'll Take You There Greg Kot,2014-01-21 “A biography that will send readers back to the music of Mavis and the Staple Singers with deepened appreciation and a renewed spirit of discovery” (Kirkus Reviews, starred review)—from the acclaimed music journalist and author featured prominently in the new HBO documentary Mavis! This is the untold story of living legend Mavis Staples—lead singer of the Staple Singers and a major figure in the music that shaped the civil rights era. One of the most enduring artists of popular music, Mavis and her talented family fused gospel, soul, folk, and rock to transcend racism and oppression through song. Honing her prodigious talent on the Southern gospel circuit of the 1950s, Mavis and the Staple Singers went on to sell more than 30 million records, with message-oriented soul music that became a soundtrack to the civil rights movement—inspiring Martin Luther King, Jr. himself. Critically acclaimed biographer and Chicago Tribune music critic Greg Kot cuts to the heart of Mavis Staples’s music, revealing the intimate stories of her sixty-year career. From her love affair with Bob Dylan, to her creative collaborations with Prince, to her recent revival alongside Wilco’s Jeff Tweedy, this definitive account shows Mavis as you’ve never seen her before. I’ll Take You There was written with the complete cooperation of Mavis and her family. Readers will also hear from Prince, Bonnie Raitt, David Byrne, and many others whose lives have been influenced by Mavis’s talent. Filled with never-before-told stories, this fascinating biography illuminates a legendary singer and group during a historic period of change in America. “Ultimately, Kot depicts the endurance of Mavis Staples and her family’s music as an inspiration, a saga that takes us, like the song that inspired this book’s name, to a place where ain’t nobody crying” (The Washington Post).

This spare story vividly captures the emotions of painful times and shows how they ease with sharing and remembering. Boy and grandfather were close, but boy and grandmother seem destined to be just as close, with Grandpa's memory to bind them. Poignant and perceptive, this has impressive resonance, and readers won't easily shed its warm afterglow.--(starred) Booklist.

The Cost of Living Mavis Gallant,2011-04-27 A New York Review Books Original Mavis Gallant is renowned as one of the great short-story writers of our day. This new gathering of long-unavailable or previously uncollected work presents stories from 1951 to 1971 and shows Gallant's progression from precocious virtuosity, to accomplished artistry, to the expansive innovatory spirit that marks her finest work. Madeleine's Birthday, the first of Gallant's many stories to be published in The New Yorker, pairs off a disaffected teenager, abandoned by her social-climbing mother, with a complacent middle-aged suburban housewife, in a subtly poignant comedy of miscommunication that reveals both characters to be equally adrift. The Cost of Living, the extraordinary title story, is about a company of strangers, shipwrecked over a chilly winter in a Parisian hotel and bound to one another by animosity as much as by unexpected love. Set in Paris, New York, the Riviera, and Montreal and full of scrupulously observed characters ranging from freebooters and malingerers to runaway children and fashion models, Gallant's stories are at once satirical and lyrical, passionate and skeptical, perfectly calibrated and in constant motion, brilliantly capturing the fatal untidiness of life.

The New Kid Mavis Jukes,2012-12-11 Newbery Honor Award-winning author Mavis Jukes is back with a lovable new character named Carson. His father moves him to a new town in Northern California, where he'll be the new kid in class—friendless and alone, except for his beloved stuffed moose (named Moose, of course). As Carson settles into his new surroundings, a series of delightful mishaps start to occur: the class pet, a rat named Mr. Nibblenose, gets lost to surprising results; the culprit of a mysterious lunch theft might actually be something that's not human at all; and when his beloved Moose goes missing, Carson makes his first new non-stuffed-animal friend. Told with childlike charm and wit, The New Kid is perfect for newly independent readers.

Absence of Intelligence II Mavis Mack,2020-05-26 The name Absence of Intelligence was given to Mavis out of the blue. It came to her attention about how some people act when they have a certain position in power. When they mix the power with drugs and alcohol, they become elusive or stupid; thinking they can do what they want to do regardless of others welfare or being. They have an absence of intelligence. This is what Mavis saw when she was a resident and the homeless shelters and also her apartment in Houston.

Mavis Bone and the Fledgling Killer B.P. Smythe,2021-08-28 Vincent Pollack is a serial killer, whose evil roots were planted during a traumatic childhood, with an agenda to rob and kill women for financial gain. It is down to Mavis Bone, a forty-year-old Australian, lesbian Private investigator, and her German lesbian secretary, Gertrude Stick, to try and foil his murderous plans. Together they make up the Mavis Bone Detective Agency

based in Wimbledon Broadway, London SW19. It is a hands-on job to chase down this ingenious killer, and Mavis is not afraid to get them dirty. Dirty with the blood of her prostitute philandering husband, and the blood of a problem client that could send her secretary to prison for a war crime. Both detective’s and killer’s paths, have already crossed during their troubled youths, but as the murders pile up, they move towards a final conflict. Mavis’s hard Australian outback childhood, led to her sexual and gender choices, as well as some questionable racist opinions. Not to mention the drug habit she picked up as a student, while backpacking in South America. This, making her, not your average South London Private Eye.

Like Jake and Me Mavis Jukes,2012-01-25 Illus. in full color. Timid Alex strives to be like his rugged cowboy stepfather, and the two find a common bond when Alex 'rescues' Jake from a wolf spider. Jukes' quiet observations are unfaltering in their perceptiveness. Radiant full-page pastel illustrations serve as a striking counterpoint. This is an uplifting celebration of a new family's understanding, acceptance and love that resonates with truth and humor.--(starred) School Library Journal.

MAVIS BATEY Jean Stone,2020-03-10 Late 1930s. When World War II was declared, Mavis Batey, previously studying German Romanticism, abandoned her studies to do her duty for her country. At Bletchley Park, Britain’s best kept secret, she became one of the first women codebreakers, a pioneer and a star, breaking codes vital to bringing peace. Mavis Batey, a unique biography, delves into the life of one of Britain’s best female codebreakers, taking the reader through the war and to the arrival of peace, when Mavis turned her attention from breaking codes to the conservation and preservation of gardens. Mavis became an important figure in conservation, becoming President of the Garden History Society, which, under her watch, became an academic society and campaigning force for the protection of landscapes, parks, and gardens of historic interest. She also lobbied Parliament, fighting threats of encroachment and misuse of land. Acts of Parliament were passed, English Heritage was established, and grants were introduced. Historic gardens became officially recognised as essential components of European culture and her National Register of Historic Gardens came to fruition. Mavis’s passion was writing and she wrote many books. Mavis was finally awarded the RHS Veitch Memorial Medal and the MBE for Services to the preservation and conservation of historic landscapes. Mavis never did retire: her final project was to inspire an American Garden Trail for Bletchley Park which she signed off just a few months before her death in November 2013.
