C. Dean Andersson

The Excavation Max Andersson,2017-02-15 Based on the author's dreams, this German Expressionist-influenced graphic novel is about a couple who go to an underground site to visit his family, and surreal events ensue. Drawn in a slashing pen-and-ink style with raw crosshatching and heavy blacks, the author's visual approach adds to the intense, claustrophobic feel of the graphic novel, while its surreal verisimilitude recalls cult films like *Eraserhead* and *The Forbidden Zone*.

Pixy Max Andersson,1993 Alka Seltzer and Angina Pectoris have all the luck — bad, that is.

Bosnian flat dog Max Andersson,Lars Sjunneson,2004 Ein Comicfestival führt Max Andersson und Lars Sjunnesson nach Ljubljana. Dort erhalten sie einen Telefonanruf von Skledar, einem alten Bekannten, der ihnen seine Kriegstagebücher aus Bosnien anbietet. Ihre Suche nach Skledar und dessen Tagebüchern führt sie nach Sarajevo, vorbei an Eisbomben, Handgranaten aus dem Souvenir-Shop in Sarajevo und einem Kühlschrank mit der gefrorenen Mumie von Tito. Max Andersson (Container, Pixi) und Lars Sjunnesson ist mit *Bosnian Flat Dog* ein wunderbar wilder und unterhaltsamer Mix aus Facts und Fiction gelungen, der nicht kurzweiliger hätte ausfallen können.

Mountebank D.W.,2017-07-31 Mountebank is like nothing you've ever seen before: a systematized sketchbook that tracks the inner workings of an obsessive brain and a book that could only be described as psychedoolic. Both meditative and hypnotic, D.W. invites you to get lost alongside anthropomorphic creatures crawling through grid paper labyrinths and in his own brand of whirling dervish mark-making.

Raw Pain Max C. Dean Andersson,2019-07-06 **PLAY TIME** Her name is Trudy McAllen. On stage she is Raw Pain Max, a whip-toting Amazon who captivates thrill-hungry audiences nightly at the Safe Sex Club. **REAL TIME** Her name was Elizabeth Bathory. Legend knows her as Countess Blood. In the Hungary of three centuries ago, she fell in thrall to a sorcery that promised eternal youth. All she had to do was slaughter hundreds of young virgins. **TERROR TIME** Trudy and Elizabeth ... in that twilight realm where pleasure fuses with pain, each in her own way is both mistress and slave. Now across the far-flung span of years, beyond the recognized boundaries of life and death, the women will meet. And in that encounter the most unearthly savagery of all will want domination ...

Hobo Mom Charles Forsman,Max de Radigues,2019-01-09 A cross-Atlantic collaboration, *Hobo Mom* was drawn simultaneously. Both cartoonists' clean line styles fit together perfectly to tell the story of Tom, who lives a simple life with his pre-teen daughter, Sissy. Her mother, Natasha, who left to hop trains and has become a vagrant, shows up on the doorstep of the family she abandoned years ago. There, Natasha finds an upset husband (who is still deeply in love with her), and a little girl yearning for a mother. Can someone who covets independence settle down?

Feed M.T. Anderson,2012-07-17 Identity crises, consumerism, and star-crossed teenage love in a futuristic society where people connect to the Internet via feeds implanted in their brains. This new edition contains new back matter and a refreshed cover. A National Book Award finalist.

Old Growth Michael Olivo,Niv Bavarsky,2020-05-06 This candy-colored visual feast of a book is an exploration of prophetic dreams, personal and cultural mythology, and blind ambition in relation to individualistic and communal philosophies. Ultimately, these polarized mindsets manifest their flaws when brought to their extremes, and the major characters in the book are dragged and pulled about by their stubborn ideologies. Along the way, the story finds function in youth as a clumsy challenge to authority and a naive catalyst of change, while cryptic angels silently steer the fate of all below.

Simply Samuel Tommi Musturi,2017-03-01 This graphic novel unfolds in front of the reader as a puzzle of short stories and moment-capturing images. Samuel is a pale, ghost-like character, drawn in clear line, against the controlled psychedelia of color and form. He exists almost invisible to his surroundings, a hero of the ordinary. Musturi's precise storytelling is about individuality and loneliness among others, and of freedom, pondering our daily actions and the choices and values behind them, all evidenced by Samuel's peculiar actions.

Democracy and Prosperity Torben Iversen,David Soskice,2020-11-03 It is a widespread view that democracy and the advanced nation-state are in crisis, weakened by globalization and undermined by global capitalism, in turn explaining rising inequality and mounting populism. This book, written by two of the world's leading political economists, argues this view is wrong: advanced democracies are resilient, and their enduring historical relationship with capitalism has been mutually beneficial. For all the chaos and upheaval over the past century--major wars, economic crises, massive social change, and technological revolutions--Torben Iversen and David Soskice show how democratic states continuously reinvent their economies through massive public investment in research and education, by imposing competitive product markets and cooperation in the workplace, and by securing macroeconomic discipline as the preconditions for innovation and the promotion of the advanced sectors of the economy. Critically, this investment has generated vast numbers of well-paying jobs for the middle classes and their children, focusing the aims of aspirational families, and in turn providing electoral support for parties. Gains at the top have also been shared with the middle (though not the bottom) through a large welfare state. Contrary to the prevailing wisdom on globalization, advanced capitalism is neither footloose nor unconstrained: it thrives under democracy precisely because it cannot subvert it. Populism, inequality, and poverty are indeed great scourges of our time, but these are failures of democracy and must be solved by democracy.

No Go World Ruben Andersson,2022-03 From the Afghan-Pakistan borderlands to the Sahara, images of danger depict a new world disorder on the global margins. With vivid detail, Ruben Andersson traverses this terrain to provide a startling new understanding of what is happening in remote danger zones. Andersson takes aim at how Western states and international organizations conduct military, aid, and border interventions in a dangerously myopic fashion, further disconnecting the world's rich and poor. Risk-obsessed powers are helping to remap the world into zones of insecurity and danger, resulting in a vision of chaos crashing into fortified borders. Andersson contends that we must reconnect and snap out of this dangerous spiral, which affects us no matter where we are. Only by developing a new cartography of hope can we move beyond the political geography of fear that haunts us. From back cover.

The Restoration of Engravings, Drawings, Books, and Other Works on Paper Max Schweidler,2006 Ever since its original publication in Germany in 1938, Max Schweidler's Die Instandetzung von Kupferstichen, Zeichnungen, Buchern usw has been recognized as a seminal modern text on the conservation and restoration of works on paper. To address what he saw as a woeful dearth of relevant literature and in order to assist those who have 'set themselves the goal of preserving cultural treasures, ' the noted German restorer composed a thorough technical manual covering a wide range of specific techniques, including detailed instructions on how to execute structural repairs and alterations that, if skilfully done, can be virtually undetectable. By the mid-twentieth century, curators and conservators of graphic arts, discovering a nearly invisible repair in an old master print or drawing, might comment that the object had been 'Schweidlerized.' This volume, based on the authoritative revised German edition of 1949, makes Schweidler's work available in English for the first time, in a meticulously edited and annotated critical edition. The editor's introduction places the work in its historical context and probes the philosophical issues the book raises, while some two hundred annotati
