The Making of Star Wars (Enhanced Edition) J. W. Rinzler,2013-10-22 This enhanced eBook transforms The Making of Star Wars into an immersive multimedia experience worthy of the original film. It features exclusive content pulled from the Lucasfilm archives by author J. W. Rinzler:

- 26 minutes of rare behind-the-scenes video*
- 29 minutes of rare audio interviews with the cast and crew
- New bonus photos and artwork not found in the print edition

After the 1973 success of American Graffiti, filmmaker George Lucas made the fateful decision to pursue a longtime dream project: a space fantasy movie unlike any ever produced. Lucas envisioned a swashbuckling SF saga inspired by the Flash Gordon serials, classic American westerns, the epic cinema of Japanese auteur Akira Kurosawa, and mythological heroes. Its original title: The Star Wars. The rest is history, and how it was made is a story as entertaining and exciting as the movie that has enthralled millions for more than thirty years—a story that has never been told as it was meant to be. Until now. Using his unprecedented access to the Lucasfilm Archives and its trove of “lost” interviews, photos, production notes, factoids, and anecdotes, Star Wars scholar J. W. Rinzler hurtles readers back in time for a one-of-a-kind behind-the-scenes look at the nearly decade-long quest of George Lucas and his key collaborators to make the “little” movie that became a phenomenon. It’s all here: • the

evolution of the now-classic story and characters—including “Annikin Starkiller” and “a huge green-skinned monster with no nose and large gills” named Han Solo • excerpts from George Lucas’s numerous, ever-morphing script drafts • the birth of Industrial Light & Magic, the special-effects company that revolutionized Hollywood filmmaking • the studio-hopping and budget battles that nearly scuttled the entire project • the director’s early casting saga, which might have led to a film spoken mostly in Japanese—including the intensive auditions that won the cast members their roles and made them legends • the grueling, nearly catastrophic location shoot in Tunisia and the subsequent breakneck dash at Elstree Studios in London • the who’s who of young film rebels who pitched in to help—including Francis Ford Coppola, Steven Spielberg, and Brian DePalma But perhaps most exciting, and rarest of all, are the interviews conducted before and during production and immediately after the release of Star Wars—in which George Lucas, Mark Hamill, Harrison Ford, Carrie Fisher, Sir Alec Guinness, Anthony Daniels, composer John Williams, effects masters Dennis Muren, Richard Edlund, and John Dykstra, Phil Tippett, Rick Baker, legendary production designer John Barry, and a host of others share their fascinating tales from the trenches and candid opinions of the film that would ultimately change their lives. No matter how you view the spectrum of this phenomenon, *The Making of Star Wars* stands as a crucial document—rich in fascination and revelation—of a genuine cinematic and cultural touchstone. *Video may not play on all readers. Please check your user manual for details.

From the staggering unexpected success of the original Star Wars in 1977, when cinema attendances exceeded 20 million for the first time since 1963, through The Empire Strikes Back and Return of the Jedi, then the 'dark times', the 16 years leading to the blockbusting prequel trilogy - this is the fascinating story of how it all happened. Life-long Star Wars fan and movie journalist Brian J. Robb edited the official Star Wars magazine for a decade and visited the sets of Attack of the Clones and Revenge of the Sith in Australia (observing director George Lucas at work), as well as the famous Skywalker Ranch. He has interviewed many of the stars and crew of all six Star Wars movies.
